WASHROOMS THAT WORK

Washroom Colour Selector

We believe well-designed washrooms should be available to everyone...

Bushboard have been developing cubicle and washroom systems for over 80 years and our reputation has been built on delivering quality products at affordable prices.

We do this by combining innovative design with quality materials and fittings to deliver great style and great value.

This straightforward approach means our tried and trusted ranges are specified time and time again.

ABOVE – QUADRO™ STANDARD HEIGHT CUBICLES
Doors: Lime Green | **Pilasters:** Mid Grey | **Fittings:** Satin Anodised Aluminium | **Vanity:** Counter Top Vanity Unit in Mid Grey with Mid Grey undervanity and Lime Green panels | **Basin:** Shenley 500 Counter Top Basin | **Tap:** Langley Mono Basin Mixer Tap

Whilst all of our colours are graded with Light Reflectance Values (LRV), it is the responsibility of the customer to ensure that the washroom colour contrast complies with the Building Regulations Part M. We always recommend you contact your local access control officer.

...in an amazing range of colours!

We also understand that colour can truly enhance any washroom design.

Our carefully selected palette of colours includes bold, striking shades alongside cool understated greys, warm rich veneers and pale pastels so whatever look and feel you want to create the only limit is your imagination!

For colour inspiration view our washroom designs at www.bushboard-washrooms.co.uk

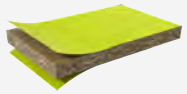
WASHROOM DESIGN TOOL

Experiment with colour! Our online Design Tool makes choosing your own unique washroom as easy as 1, 2, 3!

1. Start by visiting www.bushboard-washrooms.co.uk and select the Design Tool option.
2. Add your favourite colours at the touch of a button.
3. Once you are happy with your chosen colour scheme, save, share and print your design.

DID YOU KNOW?
Over 15,000 education establishments have trusted us with their washrooms, including:
nurseries & pre-schools, primary & secondary schools, colleges and universities

PERFORMANCE PANEL OPTIONS



Melamine Faced Chipboard (MFC)
High performance Melamine Faced Chipboard, 650 kg/m3 density, moisture resistant, suitable for dry environments with light to medium use.
- Panels supplied square edged with matching 1mm PVC lipping

High Pressure Laminate (HPL)
High Pressure Laminate bonded onto 680kg/m3 density moisture resistant chipboard, suitable for dry environments with more intense use.
- Panels supplied square edged with matching 1mm PVC lipping or with postformed vertical edges

Solid Grade Laminate (SGL)
High density Solid Grade Laminate, 1400kg/m3, impervious to water, suitable for the most demanding environments where strength and/or water resistance are required.
- Finished panel thickness 13mm*
- Polished radiused black edges

ColourCoat™
MDF core sprayed with one coat of primer and finished with pigmented polyurethane lacquer, 720kg/m3 density. Moisture resistant, suitable for dry environments with light to medium use.

Real Wood Veneer
MDF faced both sides with Real Wood Veneer, suitable for dry environments with light to medium use.
- Panels supplied square edged with durable ABS lipping to perfectly match veneer

COLOUR SAMPLE SERVICE
