Forklift Attachments

Lifting, handling, waste, yard and winter attachments that fit over or onto your forks. Send us your truck capacity and fork sizes and we will confirm the fit.

1. **Forklift Fork Extensions**
   Slide-on fork extensions in two grades: Ultra Heavy Duty for 80 to 200mm forks (1200 to 2400mm long) and Heavy Duty for 100mm and 125mm forks (1800 and 2000mm). Built to ISO 13284 with a 3-year warranty. Choose a length no more than one and a half times your fork length.
   mammothattachments.com/collections/forklift-fork-extensions

2. **Four Fork Attachment**
   Adds a second pair of forks so wide loads such as panels, timber and long packs are supported across 2500 to 4000mm. Available in three capacity ratings.
   mammothattachments.com/products/four-fork-attachment

3. **Forklift Lifting Jibs**
   Four fork-mounted jibs for lifting suspended loads: fork mounted, low profile, telescopic and low profile extender, for 1 to 5 tonne forklifts. The telescopic models extend from 2000mm to 3000mm. Every jib comes with a hook and shackle.
   mammothattachments.com/collections/forklift-lifting-jibs

4. **Fixed Forklift Hook**
   A fork-mounted lifting hook rated from 1 to 5 tonnes, in 600mm and 900mm lengths, for quick lifts from a single hook point.
   mammothattachments.com/products/fixed-forklift-hook

5. **Forklift Spreader Beam**
   A 2000mm fork-mounted spreader beam in 1000kg or 2000kg ratings, for lifting long or awkward loads from two points.
   mammothattachments.com/products/forklift-spreader-beam

6. **Forklift Tipping Skips**
   Roll forward, auto release and heavy duty tipping skips from 400 to 2000 litres, carrying up to 1500kg. The auto release model tips from the cab, and the heavy duty model uses 5mm steel for scrap and rubble. CE and UKCA marked with a 3-year warranty.
   mammothattachments.com/collections/forklift-tipping-skips

7. **Forklift Skip Compactor**
   A fork-mounted compactor for pressing down waste in roll on/off skips, so each skip holds more before it is collected.
   mammothattachments.com/products/forklift-skip-compactor

8. **Forklift Wheelie Bin Handlers and Tippers**
   Forklift attachments for lifting, moving and emptying wheelie bins: a 90 to 240 litre handler, a 240 litre lifter, a 660 to 1100 litre tipper and a 660 to 1100 litre rotator.
   mammothattachments.com/collections/forklift-wheelie-bin-handlers

9. **Forklift Drum Grabs**
   Fork-mounted drum grabs, rim grip drum handlers and a drum rotator for steel and plastic drums, in single and dual versions rated up to 1500kg.
   mammothattachments.com/collections/forklift-drum-grabs

10 **Forklift Carpet Booms**
Underslung and low profile carpet booms with 50 to 90mm poles up to 4000mm long, for carpet, vinyl and other rolls. EN19T steel, UKCA marked, 3-year warranty.
mammothattachments.com/collections/forklift-carpet-booms

11 **Forklift Scoops**
The Easyfill scoop (0.20 to 0.50m3) and the Economy scoop (0.4m3) let a forklift load and move sand, gravel, salt and other loose material.
mammothattachments.com/collections/forklift-scoops

12 **Forklift Snow Ploughs**
Fixed blade, adjustable and sprung loaded snow ploughs that slide onto your forks, for clearing yards, car parks and site roads. Blade widths from 1220mm to 2130mm.
mammothattachments.com/collections/forklift-snow-ploughs

13 **Towable Forklift Salt Spreader**
A 190 litre towable salt spreader that hitches behind a forklift to grit yards, car parks and access roads.
mammothattachments.com/products/towable-forklift-salt-spreader

14 **Forklift Sweepers and Yard Scraper**
1800mm push broom sweepers in economy, standard and heavy duty bristle options, plus a yard scraper in 1500mm and 1800mm widths for packed mud and debris.
mammothattachments.com/collections/forklift-sweepers

15 **Forklift Man Cages**
Single and two person gated access cages for occasional, non-routine work at height from a forklift.
mammothattachments.com/collections/forklift-man-cages

16 **Forklift Tow Hitch**
A 3000kg ball and pin tow hitch that fits over the forks, for moving trailers and equipment around site.
mammothattachments.com/products/forklift-tow-hitch

17 **Forklift Car Mover**
A mechanical forklift car mover rated to 2000kg, for repositioning vehicles in yards, garages and storage compounds.
mammothattachments.com/products/forklift-car-mover

Excavator Attachments

Buckets, clearance tools, grabs, breakers and augers for mini diggers through to 40 tonne machines. Tell us your make, model and hitch and we will match the pins.

18 **Excavator Digging Buckets**
Toothed digging buckets for 1 to 14 tonne excavators in a full range of widths, for trenching, foundations, drainage and bulk digging. Made to suit your machine's pins and hitch.
mammothattachments.com/collections/excavator-digging-buckets

19 **Excavator Grading and Ditching Buckets**
Smooth-edged grading and ditching buckets from 900mm to 2400mm for 1 to 22 tonne excavators, with an HB400 cutting edge for levelling and finishing.
mammothattachments.com/collections/excavator-grading-buckets

20 **Scandinavian Tilt Buckets**
Hydraulic tilt buckets from 700mm to 1900mm for 0.8 to 25 tonne excavators, for grading banks, ditches and slopes without repositioning the machine.
mammothattachments.com/collections/scandinavian-tilt-buckets

21 **Tilt Rotator Grading Buckets**
Grading buckets built for tilt rotators, 1000mm to 1900mm wide for 2 to 24 tonne excavators, with full-width wear strips.
mammothattachments.com/collections/tilt-rotator-grading-buckets

22 **Excavator Riddle Buckets**
Skeleton riddle buckets for 1 to 25 tonne excavators that separate soil from stones, rubble and roots on site. HB400 edge and CAT J teeth.
mammothattachments.com/collections/excavator-riddle-buckets

23 **Excavator Screening Buckets**
Hydraulic rotary screening buckets for 4 to 22 tonne excavators, for screening topsoil, compost and crushed material into a clean, reusable product.
mammothattachments.com/collections/excavator-screening-buckets

24 **Excavator Land Rakes**
Land rakes from 1200mm to 2000mm for 1 to 25 tonne excavators, for clearing stones and debris and preparing ground.
mammothattachments.com/collections/excavator-land-rakes

25 **Excavator Root Rakes**
Root rakes for 1 to 24 tonne excavators, for pulling out roots, brush and stumps during land clearance.
mammothattachments.com/collections/excavator-root-rakes

26 **Excavator Tree Shears**
Fixed and rotating tree shears for 2 to 30 tonne excavators, cutting trees from 170mm up to 450mm diameter for land clearance and forestry.
mammothattachments.com/collections/excavator-tree-shears

27 **Excavator Flail Mowers**
Excavator flail mowers from 600mm to 1500mm for 0.8 to 10 tonne machines, for banks, verges, hedges and overgrown land.
mammothattachments.com/collections/excavator-flail-mowers

28 **Excavator Selector Grabs**
Fixed and rotating selector grabs for 1 to 36 tonne excavators, for sorting demolition waste and loading and placing materials.
mammothattachments.com/collections/excavator-selector-grabs

29 **Excavator Timber Grabs**
Timber grabs for 1 to 22 tonne excavators, for handling logs, poles and brash.
mammothattachments.com/collections/excavator-timber-grabs

30 **Excavator Folding Grabs**
Hydraulic folding grabs for 2 to 16 tonne excavators that fold back when not in use, for land clearance and bulky material.
mammothattachments.com/collections/excavator-folding-grabs

31 **Excavator Manual Grapples**
Mechanical grapples for 1 to 30 tonne excavators that work against the bucket with no extra hydraulics, for brush, rocks and debris.
mammothattachments.com/collections/excavator-manual-grapples

32 **Excavator Thumbs**
Manual or hydraulic thumbs for 1 to 25 tonne excavators, so the bucket can grip awkward items such as rocks, logs and concrete.
mammothattachments.com/collections/excavator-thumbs

33 **Excavator Breakers**
Hydraulic breakers in economy and professional ranges for 0.8 to 35 tonne excavators, for concrete, rock and hard surfaces.
mammothattachments.com/collections/excavator-breakers

34 **Excavator Augers (Auger Torque)**
Auger Torque earth drills for 0.75 to 22 tonne excavators, with augers from 100mm to 1500mm, hitches, and add-ons including a log splitter, stump planer and cement mixer bowl.
mammothattachments.com/collections/excavator-augers

35 **Excavator Ripper Hooks**
Single-tooth ripper hooks for 1 to 40 tonne excavators, for breaking up frozen ground, tarmac, roots and compacted soil.
mammothattachments.com/collections/excavator-tools

36 **Excavator Compaction Wheels and Plates**
Compaction wheels for 1 to 22 tonne excavators and a hydraulic compaction plate for 12 to 14 tonne machines, for compacting trench backfill.
mammothattachments.com/collections/excavator-tools

37 **Excavator Pallet Forks**
Sliding and floating pallet forks for 2 to 22 tonne excavators, for lifting pallets and materials on site.
mammothattachments.com/products/sliding-excavator-pallet-forks

38 **Excavator Quick Hitches**
Manual, Springlock and Miller hydraulic quick hitches for 1 to 27 tonne excavators, for faster attachment changes.
mammothattachments.com/products/manual-excavator-quick-hitch

Telehandler Attachments

Supplied to suit your telehandler's carriage and quick hitch. Prices on request: send us the make, model and bracket type for a quote.

39 **Telehandler Buckets**
Heavy duty digging buckets, multi-purpose buckets and JCB Teletruk buckets from 6ft 6in to 8ft, supplied to suit your telehandler's carriage.
mammothattachments.com/collections/telehandler-buckets

40 **Telehandler Lifting Jibs and Hooks**
A 4000kg telehandler lifting jib with 1800mm reach and a 1 to 5 tonne lifting hook, for suspended loads.
mammothattachments.com/collections/telehandler-lifting-jibs

41 **Telehandler Big Bag Lifters**
Standard and hydraulic big bag lifters for handling 600kg and 1000kg bulk bags with a telehandler. The hydraulic model adjusts its arms from the cab.
mammothattachments.com/collections/telehandler-big-bag-lifters

42 **Telehandler Sweepers**
Quick hitch sweepers from 1.5m to 2.4m, a hydraulic bucket brush and the Multi Sweep 500 road sweeper with hopper.
mammothattachments.com/collections/telehandler-sweepers

43 **Telehandler Skips**
Auto locking telehandler skips from 550 to 1700 litres, a 500 litre concrete skip and a wheelie bin rotator for 660L and 1100L bins.
mammothattachments.com/collections/telehandler-skips

44 **Telehandler Man Riding Cage**
A telehandler man riding cage in 1400mm and 2440mm widths, for occasional, non-routine work at height.
mammothattachments.com/products/telehandler-man-riding-cage

45 **Telehandler Pallet Fork Carriage**
Pallet fork carriages in ITA class 2, 3 and 4 or bar type, for using a telehandler as a materials handler.
mammothattachments.com/products/telehandler-pallet-fork-carriage

46 **Telehandler Brackets**
Weld-on and bolt-on brackets to fit attachments to your telehandler's quick hitch.
mammothattachments.com/products/telehandler-brackets

47 **Telehandler Tow Hitch**
A 3000kg ball and pin tow hitch for telehandlers, for moving trailers and equipment around site and farm.
mammothattachments.com/products/telehandler-tow-hitch

48 **Telehandler 3 Point Linkage Adapter**
A headstock adapter bracket that lets a telehandler use three point linkage implements.
mammothattachments.com/collections/telehandler-to-3-point-linkage-adapters

Before You Order

The right attachment depends on your machine. Have these details ready and we will confirm the fit before you pay.

Forklift

- Truck make, model and lift capacity
- Fork width and thickness
- Fork length and spread (outside to outside)
- Carriage class if known

Excavator

- Make, model and operating weight
- Quick hitch type, or pin diameter and centres
- Auxiliary hydraulics for powered tools

Telehandler

- Make and model
- Carriage or bracket type (for example JCB Q-Fit)
- Load chart for lifting attachments

How to Order

1. **Buy online.** Forklift and excavator attachments are priced and ready to order at mammothattachments.com.
2. **Request a quote.** For telehandler attachments, multiple units or a formal quote for your accounts team, use mammothattachments.com/pages/request-a-quote.
3. **Call us.** Not sure what fits? Ring 07703 749011 and we will talk it through.

We deliver across UK mainland and confirm lead times before you order. Specifications and availability can change, so check the product page for the latest details.
