- Powerwash drum
- Economy & mop programmes
- Less water usage
- Short cycle times

Dryer Features

- Robust & Reliable
- Easy to use
- Stackable with washer
- Large loading door
- Front lint filter
- Permanent press cycle
- Short drying time

wash & dry

Features

Laundryserv low capacity, stackable washers and dryers contain a host of features to benefit the user and their laundry.

stackable units help make the most of your available space.

flexible wash programmes can tailor the washer to your needs, allowing you to specify temperature, spin action and cycle times.

advanced microprocessor helps to detect and diagnose any faults that may occur with the machine, helping to simplify any maintenance.

medi-specification programmes are fully compliant with NHS guidelines for cycle temperature and length.

large loading doors makes it easy to load and unload.

cool down feature helps to reduce creasing in your fabrics after a hot wash.

POWERWASH improves rinse efficiency, whilst using less water.

supereco programmes offer reduced wash times with reduced water and power consumption.

front lint filter provides easy access for cleaning.

permanent press cycle with low temperature drying to prevent creasing.

*Laundryserv's Auto Dosing System provides a reliable and efficient addition to any on-site laundry, ensuring that the correct amount of detergent or chemical treatment is used in every wash. Easy to use, it saves money by eliminating over-dosing of chemicals and by reducing chemical handling and possible spillages provides a cleaner, safer environment for staff.

Laundryserv are committed to providing a complete quality service including:

- A 24 / 7 staffed contact line
- A choice of Service Level Agreements, including an 8 hour response option
- 95% First time fix rates
- Preventative maintenance visits
- Nationwide team of fully qualified, trained engineers
- Choice of full service rental or purchase and callout packages
