Overall 2.4h x 2.0w

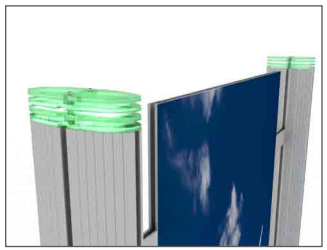
A freestanding TFS AV unit.Max screen size 32" LED.
(L.C.D. Screen and Bracket not included)

2.0h x 0.8w
2.5h x 0.8w

metro system - single or double sided : flat or curved freestanding

The METRO system is the 'original' and the best. Key elements which make it stand out from the crowd are its substantial aluminium profile and its illuminated top caps. Utilising 'cutting-edge' LED technology, a special hidden light source is available as an optional extra, which inserts into the top of the profile beneath the top-cap, providing an attractive and eye-catching illumination. Graphics are fixed using magnetic tape and so are transported separately, keeping them safe. Metro is an aspirational product merging design and practicality, creating a stunning format for portable or static displays. With superb attention to detail in terms of accessories and finish.

Unique LED insert provides attractive top-stack illumination. Optional extra.



Supplied as pre-assembled frames.

2.1h x 2.5w	2.1h x 2.5w
Bag Set (1/1/1)	Bag Set (1/1/1)
