SHEET

Anti-slip floor tiles for wet and oily areas

- Interlocking anti-fatigue floor tiles in two options:-
 - 1) Fatigue-Step (for general industrial use)
 - 2) Fatigue-Step Nitrile (for especially oily areas)
- Soft, yet resilient rubber floor tiles.

Anti-Fatigue & Anti-Slip:

COBAdot

Studded rubber flooring - nitrile rubber option available

- Studded rubber flooring is a best seller for many industrial and commercial environments.
- Studded surface is stylish and functional for added grip underfoot.
- Widely used for floor refurbishment or floor protection.

Bubblemat

Nitrile and natural rubber options

- Effective anti-fatigue mat available in two options :-
- 1) Bubblemat (100% natural rubber)
- 2) Bubblemat Nitrile (75% natural rubber / 25 % nitrile)
- Available as complete mats or interlocking sections.

COBAelite®

Outstanding performance and durability

- Premium quality 'bubbled' surface anti-fatigue mat.
- Made from extremely hardwearing polyurethane.
- Raised surface stimulates blood circulation on foot movement.
- Fire resistant to DIN 4102 (B1).

COBAmat®

An excellent all-rounder

- Manufactured from interwoven PVC strips.
- Choose from a variety of hole sizes to suit your application.
- Options include: Light, Standard, Inter and Heavy for different locations.

COBASwitch

Purpose-designed switchboard matting

- Provides safety for operatives against electrical shocks.
- 6mm tested to 11,000 volts for 450 volt rated working.
- 9mm tested to 15,000 volts for 650 volt rated working.
- 9mm conforms to BS921/1976.

COBArib

Anti-slip fluted rubber matting

- Durable, anti slip rubber mat.
- Hardwearing anti slip rubber matting
- Fine ribbed surface has effective slip-resistance.
- Provides insulation from cold concrete floors.
