

# THE WORLD'S NUMBER 1

Award Winning Residential Laundry Chute Company

## Testimonials...

The laundry chute parts were delivered next day as promised. Our plumber installed it in less than a day. We use it daily and its great. The kids love it.  
*The Rushmore family, Devon.*

GED Chutes have allowed us to install the UK's longest residential laundry chute - 18m with 5 doors in a single family home! We will be using them again on future projects - not only does it add value to the house but it is such a practical, useful, fun, safe, maintenance free system.

*Exclusive Building Contractors, Mayfair, London.*

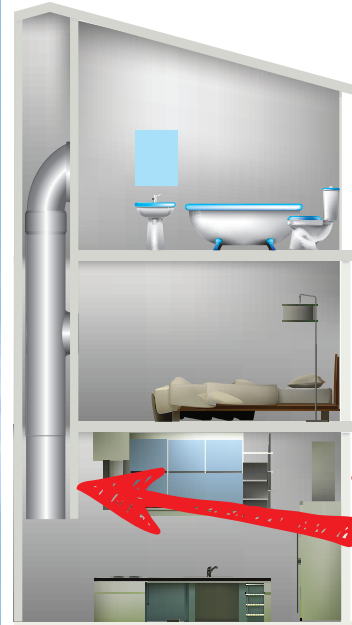

Living in our 2 storey house is now a dream - no more tripping down the hallway and the upstairs is always tidy! Every home (except a bungalow!) should have one.

*John, Steve and Charlie the dog, Edinburgh.*

# GEDCHUTES

## *Tired of picking dirty laundry up off the floor?*
