

'STORM' HIGH SPEED COMMERCIAL HAND DRYER

One of our most popular high speed hand dryers to date. The Storm will blast the water from your hands in a matter of seconds. Fitted with a top quality high speed 20,000rpm motor this hand dryer will make the skin on the back of your hands wobble! Most high speed hand dryers have the stigma attached to them as being painfully noisy! The Storm, you will be glad to know, does not fit into this category. We have developed the Storm to be one of the quietest in its class. At only 75db this compares to the db level of a domestic hair dryer. Using the latest in infra-red technology, the Storm only kicks into action when hands are detected and stops as soon as they are removed resulting in a more efficient dryer.

TECHNICAL SPECIFICATION

Material	304 Top Grade Steel
Colour	Polished
Rated Voltage	ACC220-240
Rated Power	1800w
Installation	Wall Mounted
Rated Frequency	50/60Hz
Current	10amp
Average Drying Time	10 Seconds
Drip Proof	IPX1
Noise Level	75db
Operation	Infra-Red
Net Weight	4.5Kg
Size	290mm w / 330mm h / 170mm d
Warranty	2 Years
