Football Nets, Goal Posts and Ground Equipment

Direct From Your Manufacturer & Supplier

Manufacturing

Huck Nets has been at the forefront of rope and net manufacturing since 1963. We are recognised globally for our technological advances and in particular for pioneering knotless netting which is stronger and easier to handle than traditional knotted netting.

Nets do play a major role in many sports and we are proud that our sports netting has been used at many major events throughout Europe and is widely appreciated by players, coaches and sports lovers. The same high quality netting is used extensively through the UK in sports halls, sports stadiums and schools for all ball games including football, cricket, hockey, golf and tennis.

Manufacturers of Nets for Football

Our football nets are manufactured in a knotless construction from high tenacity polypropylene which gives the following advantages:

- Hard wearing net meshes have a great resistance to wear and high shock absorption capacity
- Easy to install due to lighter weight
- Aesthetically pleasing
- The netting is of interlocking design and cannot be displaced so is of a precise mesh size.
- Very little abrasion and extremely chafe-resistant
- Meet the latest UK & European quality standards

As manufacturers of netting we can produce nets to any size which is particularly useful if you are looking for a replacement net for an existing installation or system.

Special Size Netting

- Available in most club colours
- Vertical or roof nets
- Cut, trimmed and finished to size required
- Sold and priced by the square metre (see page 16 for more details)

Netting can be manufactured to fit all bespoke sizes!
Please call 01308 425 100 to discuss

For standard goal netting dimensions see page 4

For ball stop netting see page 16

Welcome to our 2015/16 Football Catalogue...

I hope the 2014/15 was a successful and enjoyable season for you? It has certainly been a busy one for us. We are very proud to have supplied our football nets, posts and ground equipment to clubs of all levels including the Barclays Premiership, Sky Bet Championship, Football Conference National League as well as many non league sides and schools across the country.

Once again, we sponsored the Non League Football Newspaper's Goal of the Season. This year it was awarded to Worcester City's striker, Sean Geddes. He scored a magnificent rabona goal for Worcester against Barrow and also scored the two goals that knocked Coventry out of the FA Cup! Please go to page 32 for the full write-up. Now it's time, of course, to start planning for the new 2015/16 season.

Adam Stordy - Sports Sales

For the 2015/16 season we will again be supplying alongside our unique range of goal netting, the highest quality selection of goal posts and ground equipment to get your season off to a great start. The boldness and durability of our goal nets is well recognised. Our cleverly designed knotless nets are made of polypropylene which is UV stabilised and rot proof. They are available in single and multiple colour options to fit all styles of goal posts and match most team colours. We have two new additions to our range this season:

1. Biogradable Goal Nets - made of polylactic acid (PLA), the nets will keep their strength whilst in use but will biodegrade in about 3 months in a composting site; and
2. Camera / Spectator Optimised Goal Nets - These goal nets have a white inside so the players can see the outline and a black outside to give a better view for the spectators and cameras. Full details on Page 5.

All of the products within this catalogue (alongside regular special offers) can be browsed and purchased from our revamped e-shop online at www.huck-net.co.uk. Alternatively, you can contact me and my team by phone on 01308 425100 or email sports@hucknetting.co.uk I look forward to helping you prepare for the new season and hope it is a successful one for you.

Best regards, Adam Stordy

New Goal Netting

Biodegradable Goal Nets - Nets to help protect the environment

The nets are made of polylactic acid (PLA). PLA is biodegradable under the correct environmental conditions. This means that consumers can use an alternative method of disposal. The nets will keep their strength whilst in use but will biodegrade in about 3 months in a composting site.

- For senior nets. 7.32 x 2.44m
- Box style
- Top and bottom depth. 200 x 200cm
- Material diameter 4mm
- Mesh: square 120mm

Code	Description	Price
10333	Biodegradable Goal Nets	£210 per pair
Colour: White (02)		

● 4mm diameter

Camera Optimised, Fan Friendly Goal Nets

These goal nets have a white inside, so the players can see the outline of the goal, and a black outside to give a better view for the spectators and cameras

- Senior size: 7.32 x 2.44m
- Box style
- Top and bottom 200 x 200cm
- Material diameter 3.5mm
- Mesh: hexagonal

Code	Description	Price
10133	Camera Optimised Goal Nets	£258 per pair
Colour: Black/White		

● 3.5mm diameter

Specialist Indoor & Outdoor Netting Systems & Installation

A key service provided by Huck Nets is the manufacture, supply and installation of indoor and outdoor net facilities

Whilst our speciality is football, we also provide facilities and equipment for cricket, basketball, netball, hockey and golf amongst others, enabling multi-sports projects to be completed under one contract. By handling projects of all types and sizes we have gained a high level of practical knowledge and skills.

Our specialist installation technicians from Huck Tek will survey, design, cost and manage the complete project for you. We recognise that every installation is different, that is why every installation is tailored to meet your specific requirements. Whether it is a new installation or refurbishment of an existing netting system we can provide you with everything you need for the project.

With over 30 years of successful installations behind us you can be assured that your project will be in safe hands.

Peter Gratton - Installation Manager
Call 01142 889550
or email info@hucktek.co.uk
with your netting installation requirements.
We will be pleased to assist you.

Every installation is different

That is why every installation is tailored to meet your specific requirements.

A guideline price can be given from your estimates and dimensions but a site inspection, which is offered free of charge, is key to doing the job properly and to costing it correctly. We will look objectively at your installation plans and provide unbiased advice regarding siting, suitability and dimensions, matting, flooring and lighting if required. With special measuring instruments we will determine precise dimensions from which drawings can be produced. Particular care is taken with regard to the variance of floor levels to ensure materials are cut, trimmed and finished to perfection. Site photographs are also used as key references during the preparation of installation plans.

Testimonial from @Futsal

@Futsal Limited are in the process of rolling-out a number of arenas across the UK to enable people to play Futsal in a modern environment that will provide an innovative lifestyle and playing experience. The arenas incorporate a number of modern and high-tech features to enable a unique experience. Working closely with the national Football Association and regional Football Associations, the arenas provide local and national leagues for adult and junior players, both male and female.

What is Futsal?

Futsal is the only officially recognised form of indoor football accepted by FIFA, the world governing body for football. It is reported to be the world's fastest growing indoor sport with over 30 million players worldwide. Players such as Messi, Ronaldo, Ronaldinho and many others have developed their abilities playing Futsal from a young age. The Football Association has recently adopted Futsal and it is now seen as a cornerstone of The FA's strategic development plans.

Futsal is played between two teams of five players, one of who is a goalkeeper. In addition each team may have up to 7 substitutes, which means each team can comprise a maximum of 12 players. Unlike some other forms of indoor football, the playing arena boundaries are marked with lines, and not walls or boards that players can use to rebound the ball. Futsal is played with a smaller regulation ball with 30% less bounce than normal. The ball can also be kicked above head height, so goals are similar in size to hockey goals. Corners can be taken and throw-ins are replaced by kick-ins from touch lines, both of which must be taken within 4 seconds. This makes the game very fast, dynamic and exciting. As a small-sided game, players are constantly placed in situations where they must receive or play whilst under pressure or in confined spaces and it places considerable demand on technique, movement, tactical awareness and fitness. It is also very exciting and a huge amount of fun!

Huck Nets manufacture, supply and install the specialist indoor netting for @Futsal, this includes not only the provision of floor to ceiling netting but also the tracking, the tension wire systems, etc.

Said Lee Baker, National Infrastructure Manager, @Futsal

"When embarking on an ambitious project such as this it is important to find suppliers who are experts in their fields and who can be trusted to deliver what is needed - when needed. Huck Nets are responsible for kitting out our arenas with the specialist indoor netting, a crucial part of each Arena as it is netting that divides the pitches and also protects the spectators... Huck also provide us with football goal nets. The advice, support and service given by Huck Nets is excellent"

Our aim is to provide a value for money service which ensures total customer satisfaction and provides an installation of which both the customer and Huck Nets can be justifiably proud. We work to high specifications, utilising the most modern materials fitted by experts, and provide professional, highly experienced advice throughout and after installation.

To discuss a requirement call 01308 425100 or email sports@hucknetting.co.uk

1.1 All offers of our goods are subject to the following:

- 1.1.1 Our acceptance within 30 days after the date of your order.
- 1.1.2 Availability of the goods at the date of receipt of your written order.
- 1.1.3 Our right to correct errors and omissions in our catalogue or offer within 7 days of receiving your written order.
- 1.2 Your order must be for goods offered by us. Drawings, dimensions and weights submitted must be taken as approximate only and do not form part of the contract unless so stated in our catalogue or offer document.
- 1.3 All extras and accessories ordered but not specified in our catalogue or offer document will be charged separately, as will the costs of test, alterations and other work undertaken at the Buyers request.
- 1.4 Special conditions attached to orders are not binding unless accepted by the Company in writing. Any special conditions so accepted apply only to the transaction concerned unless otherwise expressly agreed in writing.
- 1.5 These conditions shall not be varied unless agreed in writing by one of the Company's directors.
- 1.6 The Company's employees or agents are not authorised to make any representations concerning goods unless confirmed in writing by one of the Company's directors.

2. Guarantee

2.1 We warrant that the goods will at the time of delivery correspond to the description given by us. Except where the Buyer is dealing as a consumer all other warranties, conditions or terms relating to fitness for purpose, quality or condition of the goods and whether implied by statute or common law or otherwise are excluded.

2.2 The guarantee contained in this condition does not affect the buyer's statutory rights.

3. Changes in specification

3.1 We reserve the right to change at any time and without notice the materials, dimensions of design of the goods so long as such change does not materially affect their performance and such changes shall not affect the validity of any Contract between us and the Buyer.

4. Prices

- 4.1 Unless otherwise stated, all prices quoted are for goods ex our works. Packing and carriage costs will be charged as extras to the Buyers account.
- 4.2 All prices quoted are subject to alteration without notice to take account of fluctuations or of alterations in Import Duty or Exchange Rates which may occur between the publication of our catalogue, the date of our offer and the date of our invoice and of any alteration in the rate of Value Added Tax.
- 4.3 We shall be entitled to adjust the price to take into account any delay on the part of the Buyer in supplying information required to complete his order or of any alterations made by the Buyer to specification or other information by the Buyer.
- 4.4 Where applicable Value Added Tax will be added to the prices determined in accordance with this condition and will be payable by the Buyer.

5. Payment

- 5.1 The Company shall be entitled to invoice the Buyer for the price of the goods on or at any time after delivery of the goods or if the Buyer is to collect the goods at any time after the Company has notified the Buyer that the goods are ready for collection.
- 5.2 The Buyer shall pay the price of goods without deduction within 30 days of the Company's invoice (time being of the essence) notwithstanding that delivery may not have taken place and property in the goods has not been passed to the Buyer.
- 5.3 If the Buyer fails to make payment in accordance with this clause the Company shall be entitled to cancel the contract by written notice to the Buyer or to suspend further deliveries to the Buyer or to charge the Buyer interest on monies unpaid at the rate of 3% per annum above Lloyds TSB Bank Plc base rate from time to time until payment in full is made.

6. Time for delivery

- 6.1 Dates quoted for delivery of goods are approximate only, and the Company shall not be liable for any delay in delivery however caused. Time for delivery shall not be of the essence unless previously agreed in writing in accordance with clause 1.5. Time for delivery is to be computed from the date on which both the following conditions are satisfied.
 - 6.1.1 We have received a written Order or Contract from the Buyer and
 - 6.1.2 We have in our possession all the information we require to complete the Buyers order.
- 6.2 We will use our best endeavours to comply with our quoted delivery dates but we will not be liable for any loss, damage, injury or expenses either direct or indirect and including but not limited to loss of profits or liability to third parties which may be suffered by the Buyer by reason of late delivery of the goods from whatsoever cause such late delivery may arise.

7. Delivery

- 7.1 Goods sold "ex works" will be despatched in accordance with the Buyers instructions and the risk of such goods will pass to the Buyer from time of loading at our Works.
- 7.2 Goods sold "delivered" will be despatched by whatever means of transport we choose unless a specific method of transport has previously been agreed in writing. The risk of the goods will pass to the Buyer when they reach the destination named by the Buyer and before unloading.
- 7.3 Ownership of goods sold by us shall not pass to the Buyer until the Company has received in cash or cleared funds payment in full of the price of goods until such property passes to the Buyer, the Buyer shall hold goods as the Company's fiduciary agent and bailee and shall keep goods separate from those of the Buyer and properly stored, protected, insured and identified as the Company's property. Until ownership passes the Buyer shall be entitled to resell or use goods but shall account to the Company for the proceeds of sale of goods (including insurance proceeds) and such proceeds shall be kept separate from other monies or property of the Buyer.
- 7.4 Until such property in goods passes to the Buyer the Company shall be entitled at any time to require the Buyer to deliver up goods to the Company and if the Buyer fails to do so forthwith on demand to enter upon the Buyer's premises or a third party's premises where the goods are stored and repossess the goods.

8. Copyright

The Company reserves the Copyright in all its drawings, sketches, plans, print and other documents or data. No reproduction thereof shall be made without permission of the Company and neither the drawings nor reproduction thereof shall be transferred to a third party without the permission of the Company.

9. Loss or damage in transit

We accept no liability for loss or damage in transit except in the case of goods sold "delivered" and in such case our responsibility will be limited to replacing or repairing the missing or damaged goods, or at our option, refunding the purchase price. In any event no claim will be considered unless both the carriers and ourselves are notified in writing within the following time limits:

- 9.1 Goods by Rail. In the case of damaged goods within 3 days after receipt and in the case of non-delivery within 21 days after date of despatch as notified by us.
- 9.2 Goods by Road Transport. In the case of damaged goods, immediately on receipt, and in the case of non-delivery, within 7 days after date of despatch as notified by us.

10. Trade marks

No trademark or name carried on goods supplied by us may be erased or replaced without our consent.

11. Insolvency of buyer

11.1 This clause applies if:

- 11.1.1 the Buyer makes any voluntary arrangement with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a company) goes into liquidation (otherwise than for the purpose of amalgamation or reconstruction); or
- 11.1.2 an encumbrancer takes possession or a receiver is appointed of any of the property or assets of the Buyer; or
- 11.1.3 the Buyer ceases or threatens to cease to carry on business; or
- 11.1.4 the Company reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.

11.2 If this clause applies then without prejudice to any other right or remedy available to the Company the Company shall be entitled to cancel the Contract or suspend any further deliveries under the contract without any liability to the Buyer and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

12. Liability

12.1 The Company shall not be liable to the Buyer or be deemed to be in breach of any obligation by reason of any delay or failure in performing any obligations in relation to the goods if delay or failure was due to any cause beyond the Company's reasonable control and without prejudice to the generality of the foregoing the following shall be regarded as such causes.

- 12.1.1 Act of God, explosion, flood, tempest, fire or accident
- 12.1.2 War or threat of war, sabotage insurrection, civil disturbance or requisition.
- 12.1.3 Acts, restrictions, bye-laws, prohibitions or measures of any kind on the part of any governmental, parliamentary or local authority.
- 12.1.4 Import or export regulations, embargoes, strikes, lock-outs or other industrial actions or trade disputes (whether involving employees of the Company or of a third party).

13 Import licences

Where applicable the Seller will be responsible for obtaining an import licence and for ensuring compliance with all regulation governing the admission of the goods into the country for delivery.

14 Governing law

Any contract between us and the Buyer shall be governed in all respects by the Laws of England. The Buyer shall submit to a jurisdiction of the English Courts.

15 Notices

Where a notice is required to be served on us by the Buyer, or on the Buyer by us such notice must be served in writing. Any notice to us shall be sent to us at our Registered Office and any notice to the Buyer shall be sent to the Buyer at the address given by the Buyer in his order or acceptance of our offer. Where in these Conditions a period is specified within which notice is to be given such notice must reach the party to which it is addressed within that period.

16 Forbearance

No forbearance or indulgence by the Seller shown or granted to the Buyer whatsoever in respect of these Terms or otherwise shall in any way affect or prejudice the rights of the Seller or to be taken as a waiver of any of these terms.

Leasing (Lease Purchase)

In conjunction with Kennet Equipment Leasing we are pleased to offer lease purchase plans for items valued at £1000 or more.

Carriage

A standard minimum carriage charge of £8.99 + VAT should be added to each order, except where carriage charges are individually listed. All carriage charges are for delivery of goods to Mainland England and Wales only. Extra charges may apply to destinations elsewhere.

Football Foundation

The Football Foundation is the UK's largest sports' charity. Funded by the Premier League, The Football Association and the Government, the Foundation directs £30m every year into grassroots sport. The Foundation receives money from the very top of the professional game and also from the Department for Culture, Media and Sport through Sport England. It then uses this money to leverage even more partnership funding, to deliver a programme of new and improved community sports facilities in towns and cities across the country. Their mission is to improve facilities, create opportunities and build communities throughout England.

Youth Football Goal Post Scheme

For the season 2013-14 the Foundation had a grant available for Football clubs to cover 50% towards the total cost of purchasing the new smaller goals recommended by The FA for Under-11 and Under-12 matches, which became mandatory for season 2013-14, with money provided by The FA and delivered by the Foundation.

Due to exceptional demand for the Youth Football Goalposts scheme, the scheme is now closed. However, please continue to monitor their page <http://www.footballfoundation.org.uk/funding-schemes/youth-football-goalposts> and your County FA website for any further updates. If you require any more information about the changes taking place in youth football, please contact your County FA representative.

Huck Nets is part of the scheme so should funds come available please do contact us.

Huck Nets Goal of the Season Sean Geddes (Worcester City)

SEAN GEDDES found out he was a winner of the Non League Football Paper's National Game Awards whilst eating his dinner - in Spain!

The Worcester City midfielder was unfortunately unable to attend our awards event at Craven Cottage due to a family holiday in Minorca. But that didn't stop him from checking on Twitter to see who had walked away with Huck Nets Goal of the Season award.

It would be hard for anybody to say Geddes didn't deserve it for his unbelievable Rabona chip against Barrow in the FA Trophy.

"I was away on holiday but I was eating my dinner and refreshing Twitter so it felt like I was there!" he said.

"People have said it was a fluke but it's the second time I've scored a goal like that. I scored a similar one for Walsall's youth team against Oxford. Now I'm aiming for the hatrick. "Just after the goal Worcester offered me a new contract so if I can score another one, maybe a new deal will be on the table!"

Not many Non-League players receive as much national attention in their careers as Geddes has this season alone.

Known for his goals from his time at Stourbridge, he showed his predatory instincts in the FA Cup, netting twice as Worcester knocked out 1987 winners Coventry City at the Ricoh Arena. But the tough tackling 23-year-old, who was a youngster at Manchester United alongside the likes of Danny Welbeck and Ravel Morrison, had to go one better.

Beating Barrow in the FA Trophy third qualifying round isn't news that would normally rock the world but Geddes rose to the occasion by scoring one of the best goals ever seen in Non-League football. Taking a long ball down with his right foot, he turned back onto his left and nonchalantly chipped the ball over keeper Aaran Taylor with a Rabona from just inside the penalty area.

Footage of the incredible strike soon went viral on the internet and has been viewed almost two million times!

"Playing in NonLeague football, you don't expect people in other countries to hear about you but I've got a friend who lives in Norway and he couldn't believe it when he saw it!" Geddes added. "We had that great FA Cup run as well so it was a good season for me and a few more people now know my name."

Did you know?

The first football goal nets, invented by John Brodie from Liverpool in 1889, were made in Bridport, the Home of Rope and Netmaking since the 13th Century. Football nets made in Bridport at Huck Nets are still adorning goal posts in the Barclays Premiership, NPower Championship, Blue Square Bet Conference League as well as many non-league sides and schools across the country.
