EXCLUSIVE COTTON PERFORMANCE FABRIC (CPF)

Our worldwide exclusive Cotton Performance Fabric is the result of 2 years of development with our European mills. Composed of 63% cotton, 34% polyester to prevent creasing and 3% Lycra for comfort, CPF is finished with a soil release treatment to assist in the removal of stains. The benefits of wearing cotton include comfort, all day freshness and breathability. All of which makes it the perfect choice for therapists working closely with clients in busy spas and salons.
