

# Press Release

## Free Delivery Throughout UK

### on Diamond Blades and Abrasive Products

Right Lines Ltd, the abrasive technology specialists have announced that they are offering extra value to their customers by providing free UK delivery on everything they sell. That includes diamond blades, diamond grinders, diamond drill bits, cutting & grinding discs, sanding discs and belts.

As specialists in abrasive technology, Right Lines specify their own branded diamond blades and sell them direct to end customers to give great products at the best value prices. With free delivery as well, customers can really make useful cost savings with the assurance of buying from experts in their field.

The new offering of free delivery extends to all parts of UK, including those areas which normally attract a premium delivery charge, such as Northern Ireland and the Scottish Islands. The standard free service is express, meaning that most customers will receive their deliveries next working day.
