

The background is a solid blue color with a repeating pattern of white icons inside tilted square frames. The icons represent various storage and facility-related activities: people walking on ramps, bicycles parked in racks, people using lockers, people working at workbenches, people pushing carts, people using tools, and people standing near storage units. The icons are in different colors (yellow, green, red, orange, purple, dark blue) to create a vibrant, patterned effect.

**Installation & Specially  
Designed Product**

### Our experienced and fully trained installation team:

Work safely within current Health & Safety regulations

Comply willingly with site rules and regulations

Work quickly to minimise any disruption

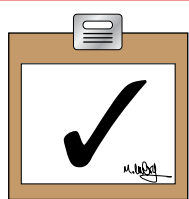

Bring all the necessary tools and equipment with them

Are courteous and friendly at all times

Carry ID if required

Ask for a signature to confirm complete satisfaction with their work

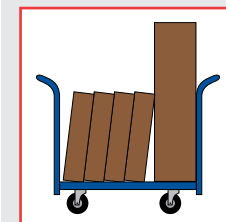

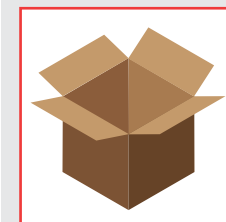

In addition to designing, manufacturing and delivering your product, we can also install it. For a moderate charge, our expert installation crews, backed by our professional project management team will ensure your order is installed on site at a convenient time and to high standards.

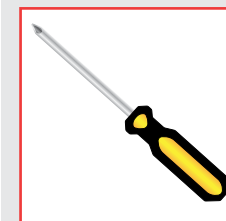

## Our installation service consists of:

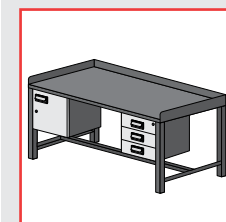

Moving the order from point of delivery to point of use

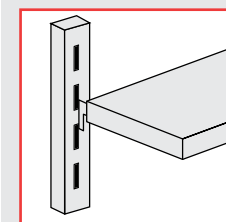

Unpacking the order from its protective transit packaging

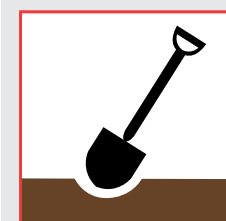

Assembling all product supplied in flat pack format

Positioning the product in the correct place

Securing product to wall or floor as applicable

By prior arrangement, carrying out selected ground works

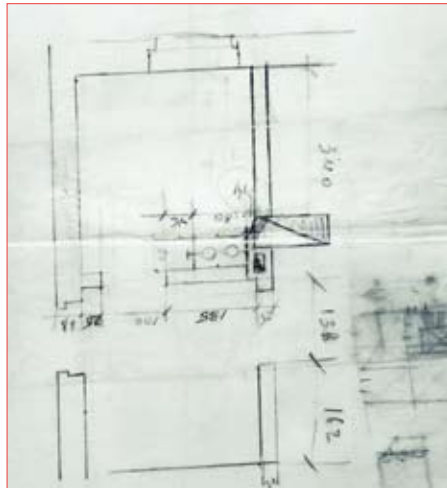

### Special Products

Even though our range of products is wide, we know that from time to time a user's particular needs can only be met by a specially designed product. In these circumstances, our technical team is delighted to discuss how our standard design might be adapted to suit the specific requirements of a particular application. This might include how to accommodate safely existing fixtures or equipment, or changing dimensions, colours and material specifications from those we use as standard.

### Available on a wide range of products

The following products can be easily adapted to produce special designs:

- Benches and Accessories
- Bike Racks
- Cupboards
- Cycle Compounds
- Cycle Shelters
- Euroslide Cabinets
- Locker Room Furniture
- Lockers
- Pallets
- Smoking Shelters
- Trolleys
- Walkways

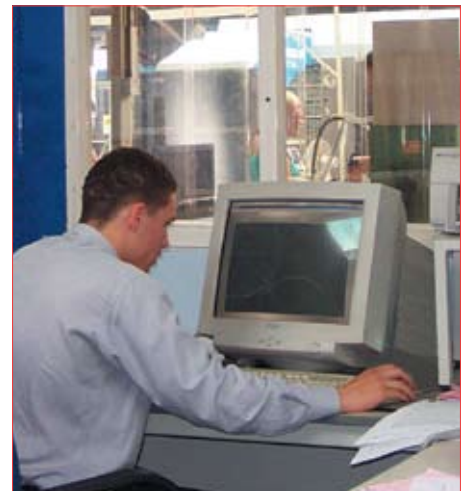

1. Sketch or Idea

2. Discussion

3. Design

4. Computer Aided Design

5. Computer Aided Manufacturing

6. Project Complete

### Our Special Product Design Service includes:

- Examining the original sketch or idea
- Developing the concept in harmony with QMP manufacturing methods
- Producing a drawing or sample for approval prior to production
- The expertise of an AutoCAD and or JETCAM in-house designer
- A-Z project management of the whole process from idea, through design all the way to delivery and installation
