

# WINDSCREEN REPAIR KIT PACKAGES

## BS AU 242b: 2022

Fully compliant windscreen repair equipment, consumables and certificated compliance training.

## Super Vac

Package includes "free support training" on how to use, a fully stocked GT cordless and rechargeable windscreen repair kit in a hard shell, shock proof and water resistant case.

- *Eco efficient:* uses 50% less resin than plastic injector systems
- *Biodegradable:* components with reusable aluminium storage
- *No trailing cables:* tethered power source connection needed
- *Faster Repairs:* save 5 minutes a repair - gets you back on the road
- *Outstanding:* repair outcomes
- *Super Fast:* LED 30 second cure

## Unique Self Level Technology

Highly engineered (MP) vacuum and pressure injector. Clicks into position precisely on the glass making over tightening impossible setting up
