

MODULAR STORAGE COLLECTION

COMPLETING ARCHITECTURE

FROST
DENMARK

Clothes Stand 6005, Bottom Plate 6005-1, Mirror 6008, Hanger 3013, Shelf 4037 and Mirror 4131 with additional Mirror Backlight 4131.

MODULAR STORAGE COLLECTION

The Modular Storage Collection consists of a range of modern, high-quality, and elegantly designed FROST furniture, offering numerous opportunities for customization to meet your personal room design needs.

BUKTO COLLECTION

The BUKTO Collection consists of clothes stands, a clean and elegant freestanding clothing system, and a Shelf Stand system with seamless shelf locations, all designed to the highest degree of flexibility. The flexibility make an obvious choice anywhere you need to change the spacing between shelves without compromising the overall aesthetic. Particularly the products with castors, are ideal for use in meeting rooms, dressing rooms, hallways or for in-store product presentations.

The BUKTO products are made from Matt Black or Matt White powder-coated steel, some with stainless steel details, makes it easy to blend the products into any existing interior.

UNU MODULAR SYSTEM WITH BACKLIGHT BAR

With a characteristic edging profile that bestows a slender and elegant look the UNU Modular System provide endless possibilities for a well-defined and complete expression for a modern modular shelf system. Since the UNU Modular System are mounted on the same (included) standard mounting bar, all items can be mixed and matched to suit your changing needs – the shelves may even be mounted upside down.

The UNU Modular System even provides additional mounting bars with or without backlight.

The UNU products are made from Matt Black or Matt White powder-coated aluminium, some with stainless steel details. The products are available in heights 150, 250 and 350 mm and in widths of 600 or 1000 mm. In addition, complementary smaller shelves and coat racks are available.

The Modular Storage Collection is designed by Bønnelycke MDD.

UNU MODULAR SYSTEM - OVERVIEW

- The modular system consists of coat racks, shelves, gallery shelves, shoe / magazine shelves and infill panels.
- Standard mounting bars are included in the packaging.
- Additional mounting bars, with and without backlights, are available for a selection of the coat racks, shelves and infill panels.
- The Shelf connector is used for mounting shelves in a straight line.
- Due to the mounting adaptability shelves can be mounted upside down.
- Maximum shelf load is 40 kg.

The UNU Modular System is divided into groups of heights: H150, H250 and H350 mm.
Besides heights the drawings below are specified by width and projection, all measurements in mm.
