Fast Project Delivery

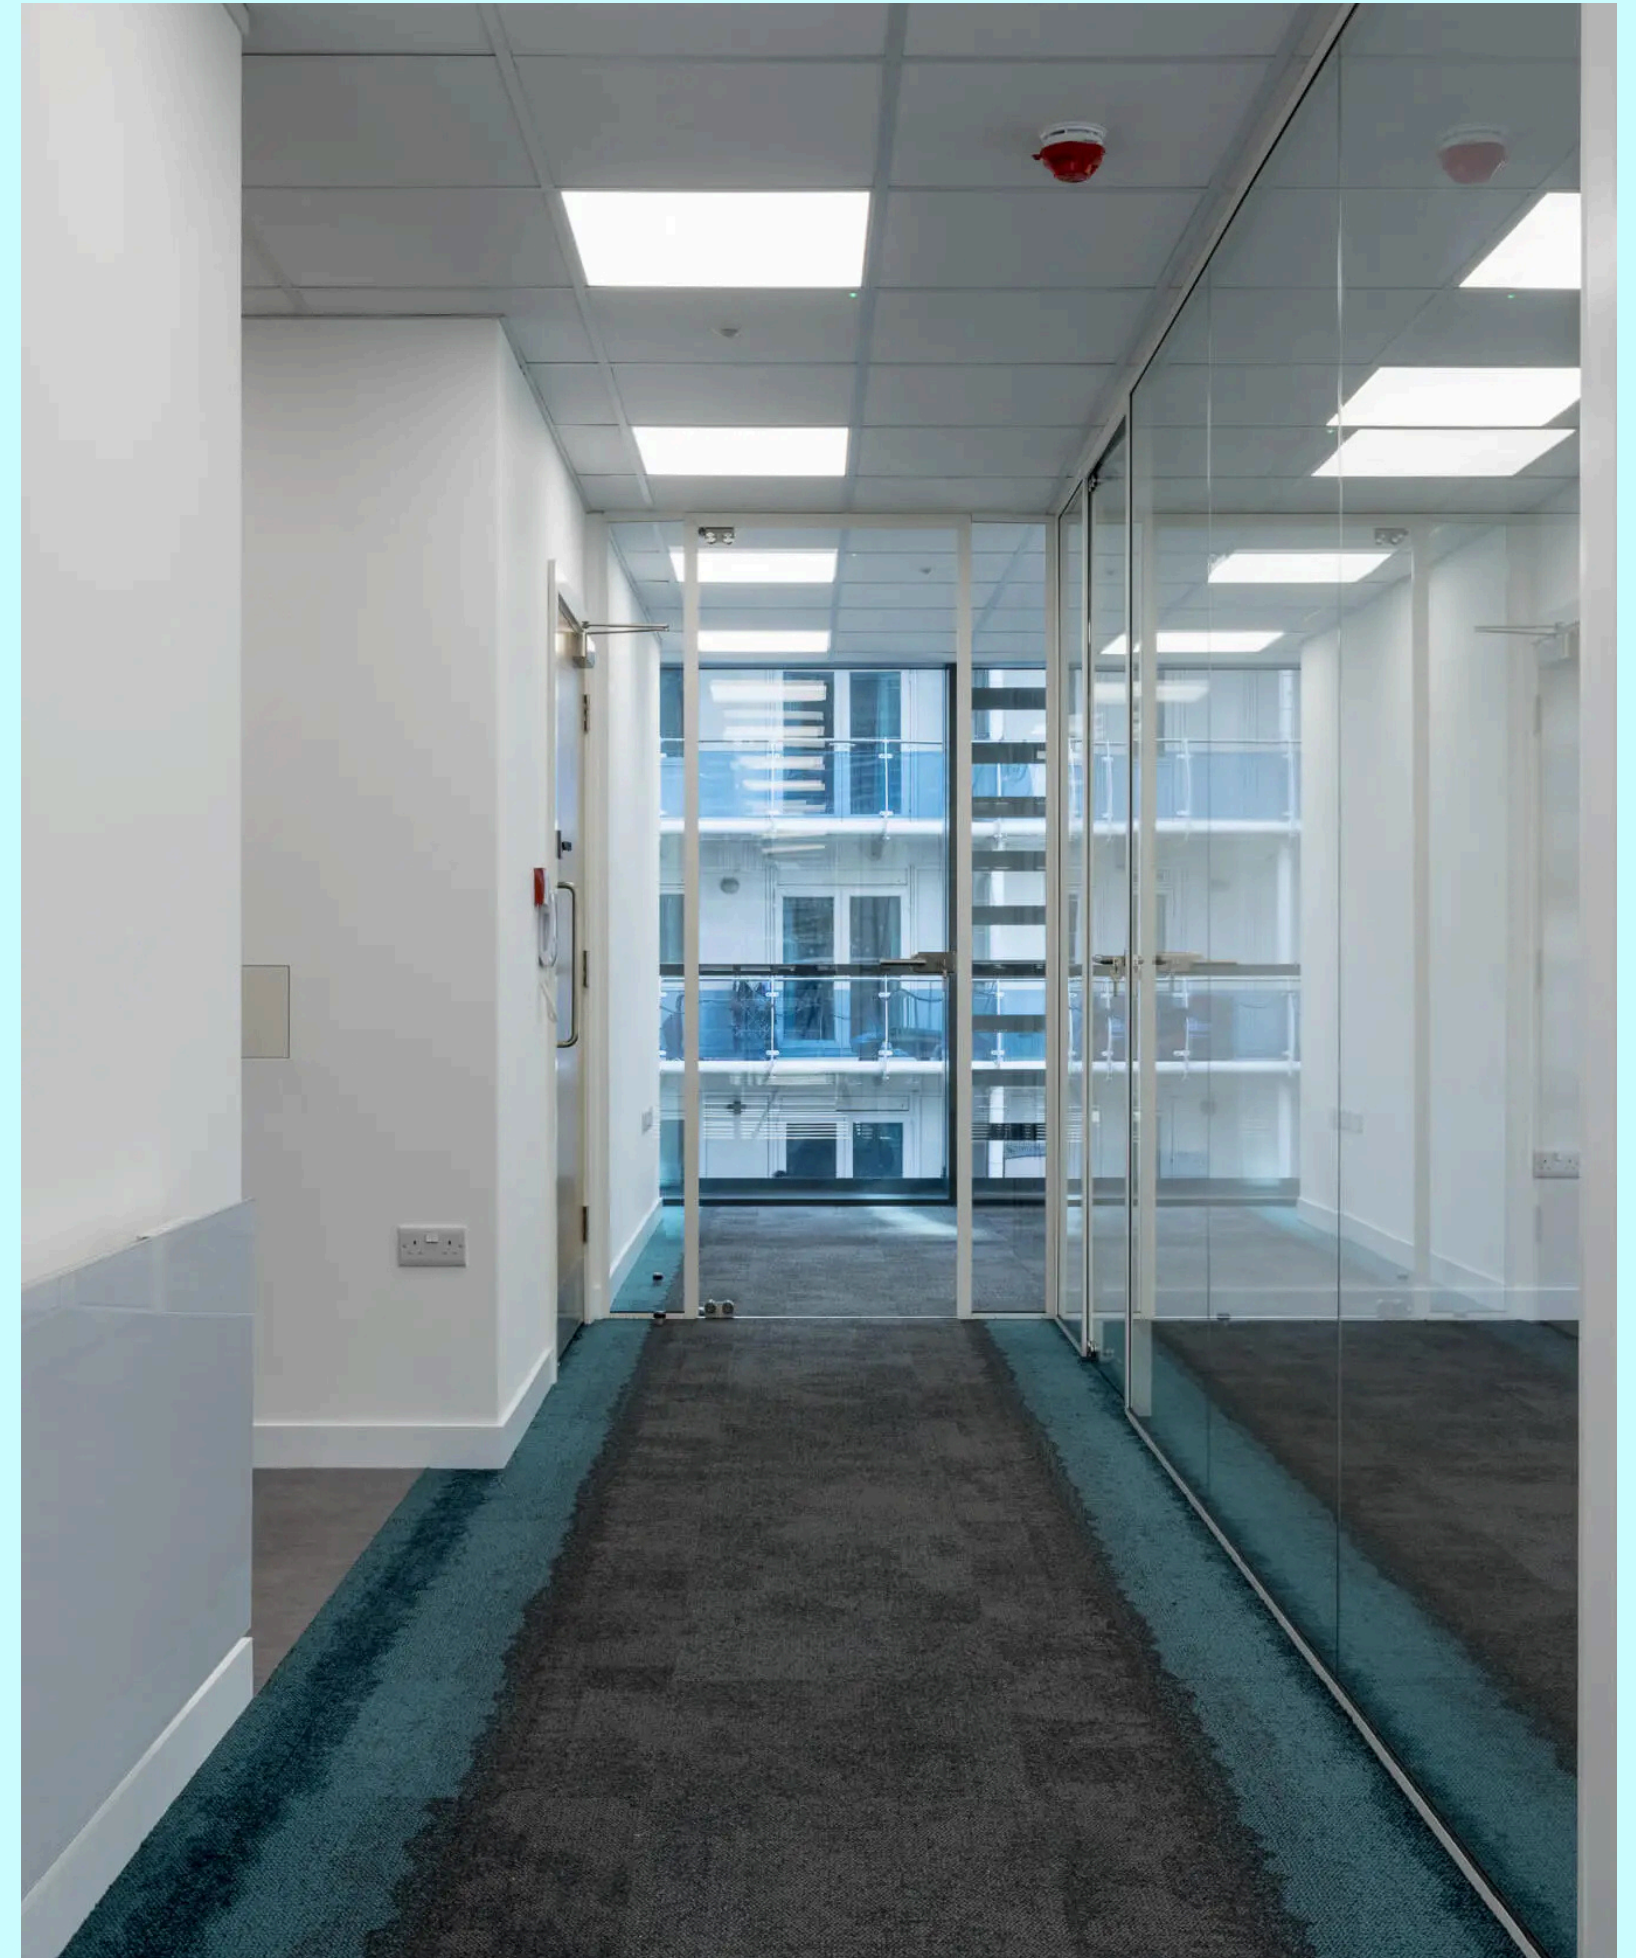

After Sale Service

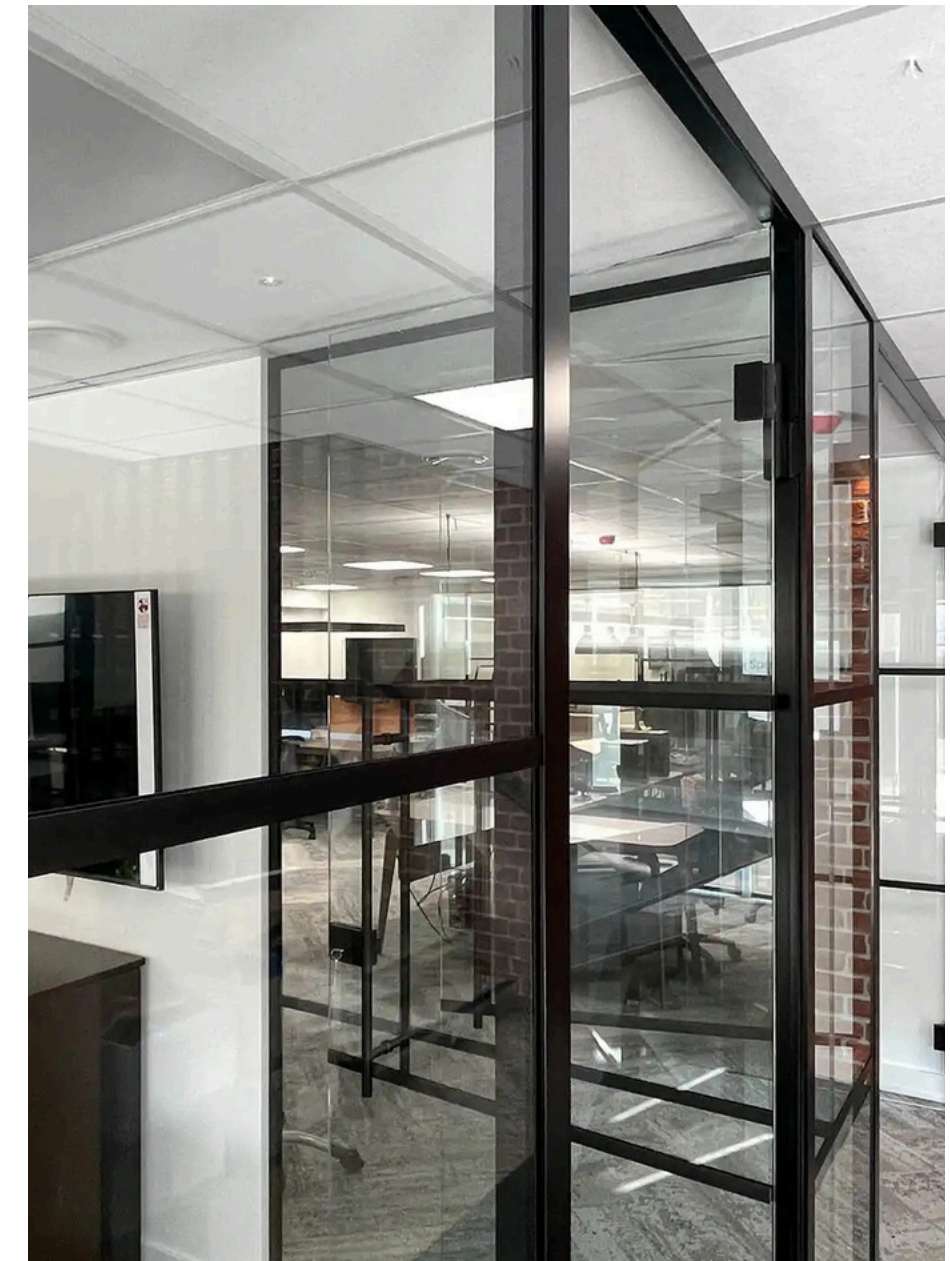

Bradbury Court

Transform your office space with sleek glass partitions, elegant glass doors, and high-quality framed glass, creating a modern, open, and sophisticated work environment. Our expertly designed glass solutions not only enhance aesthetics but also improve functionality by optimising natural light flow and maintaining privacy where needed.

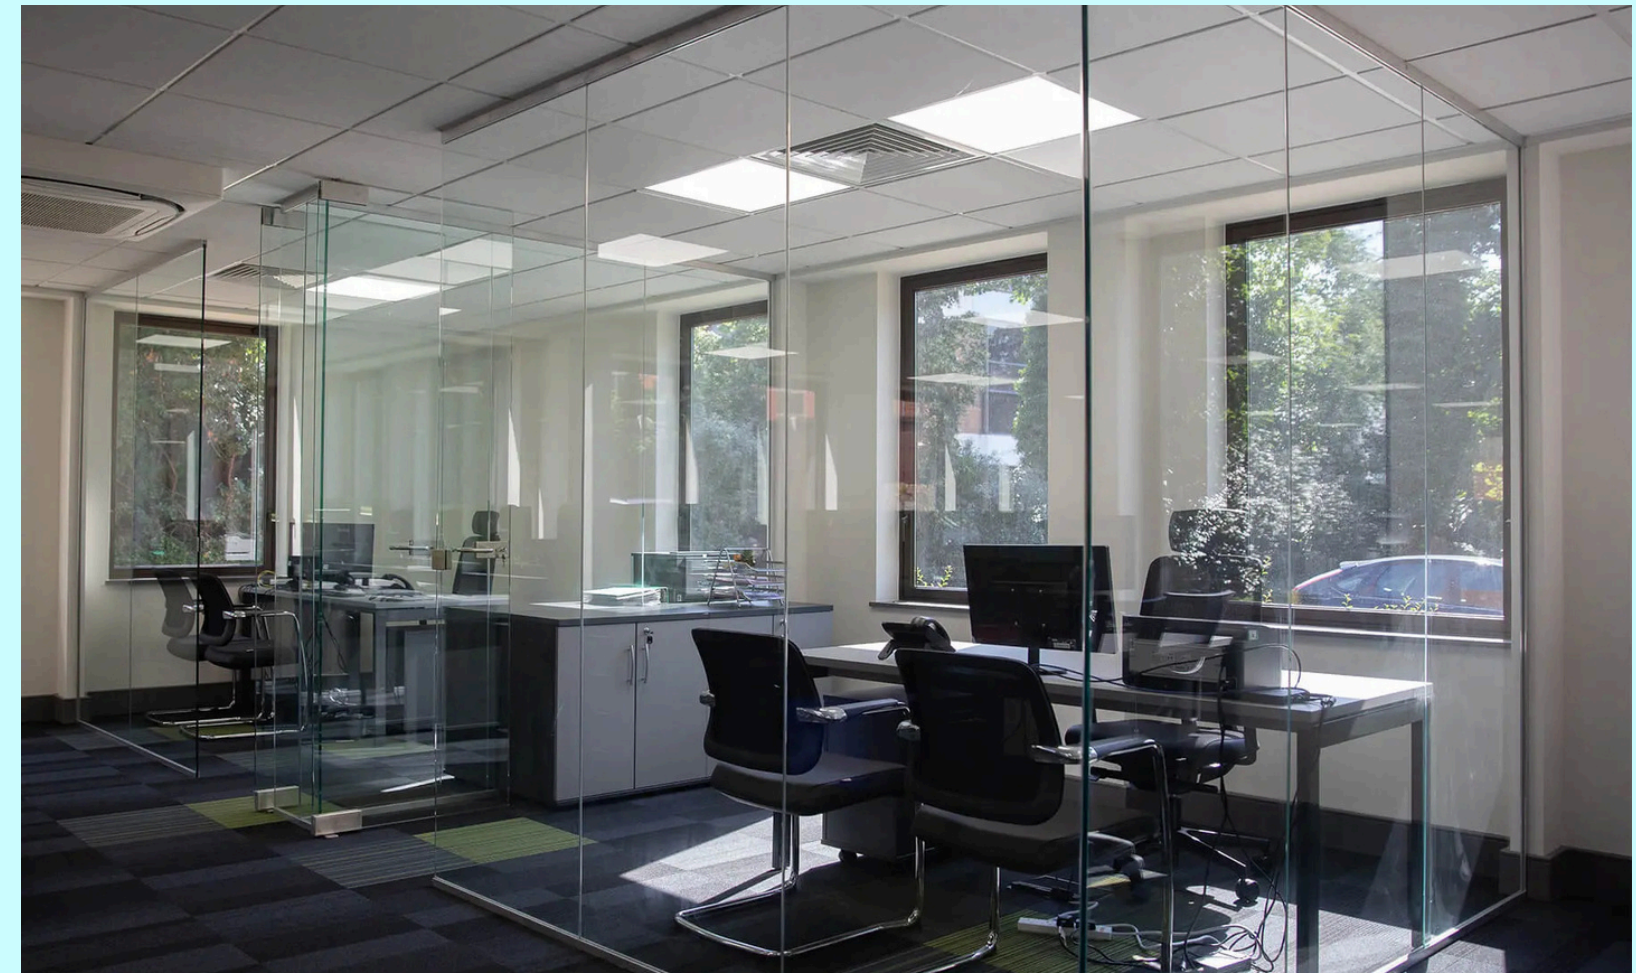

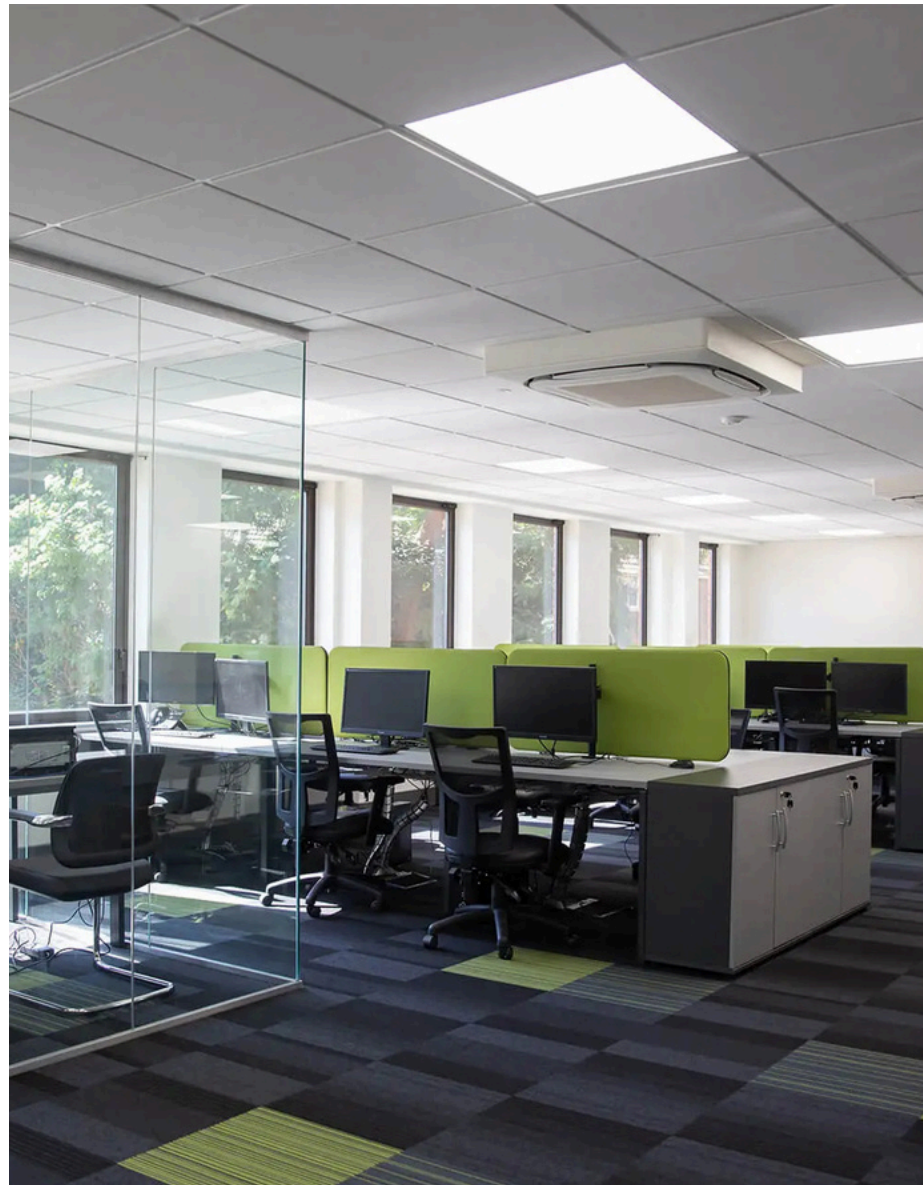

Crazy Horse

Enhance your office with premium black framed glass doors and double-glazed glass partitions, designed for both style and functionality. Our high-quality glass solutions create a sophisticated, open workspace while ensuring acoustic insulation, durability, and privacy.

CCP

Upgrade your office with cutting-edge switchable glass technology, allowing you to instantly transform clear glass into opaque. Our smart glass partitions and doors provide the perfect balance between openness and privacy, creating a dynamic and adaptable workspace.

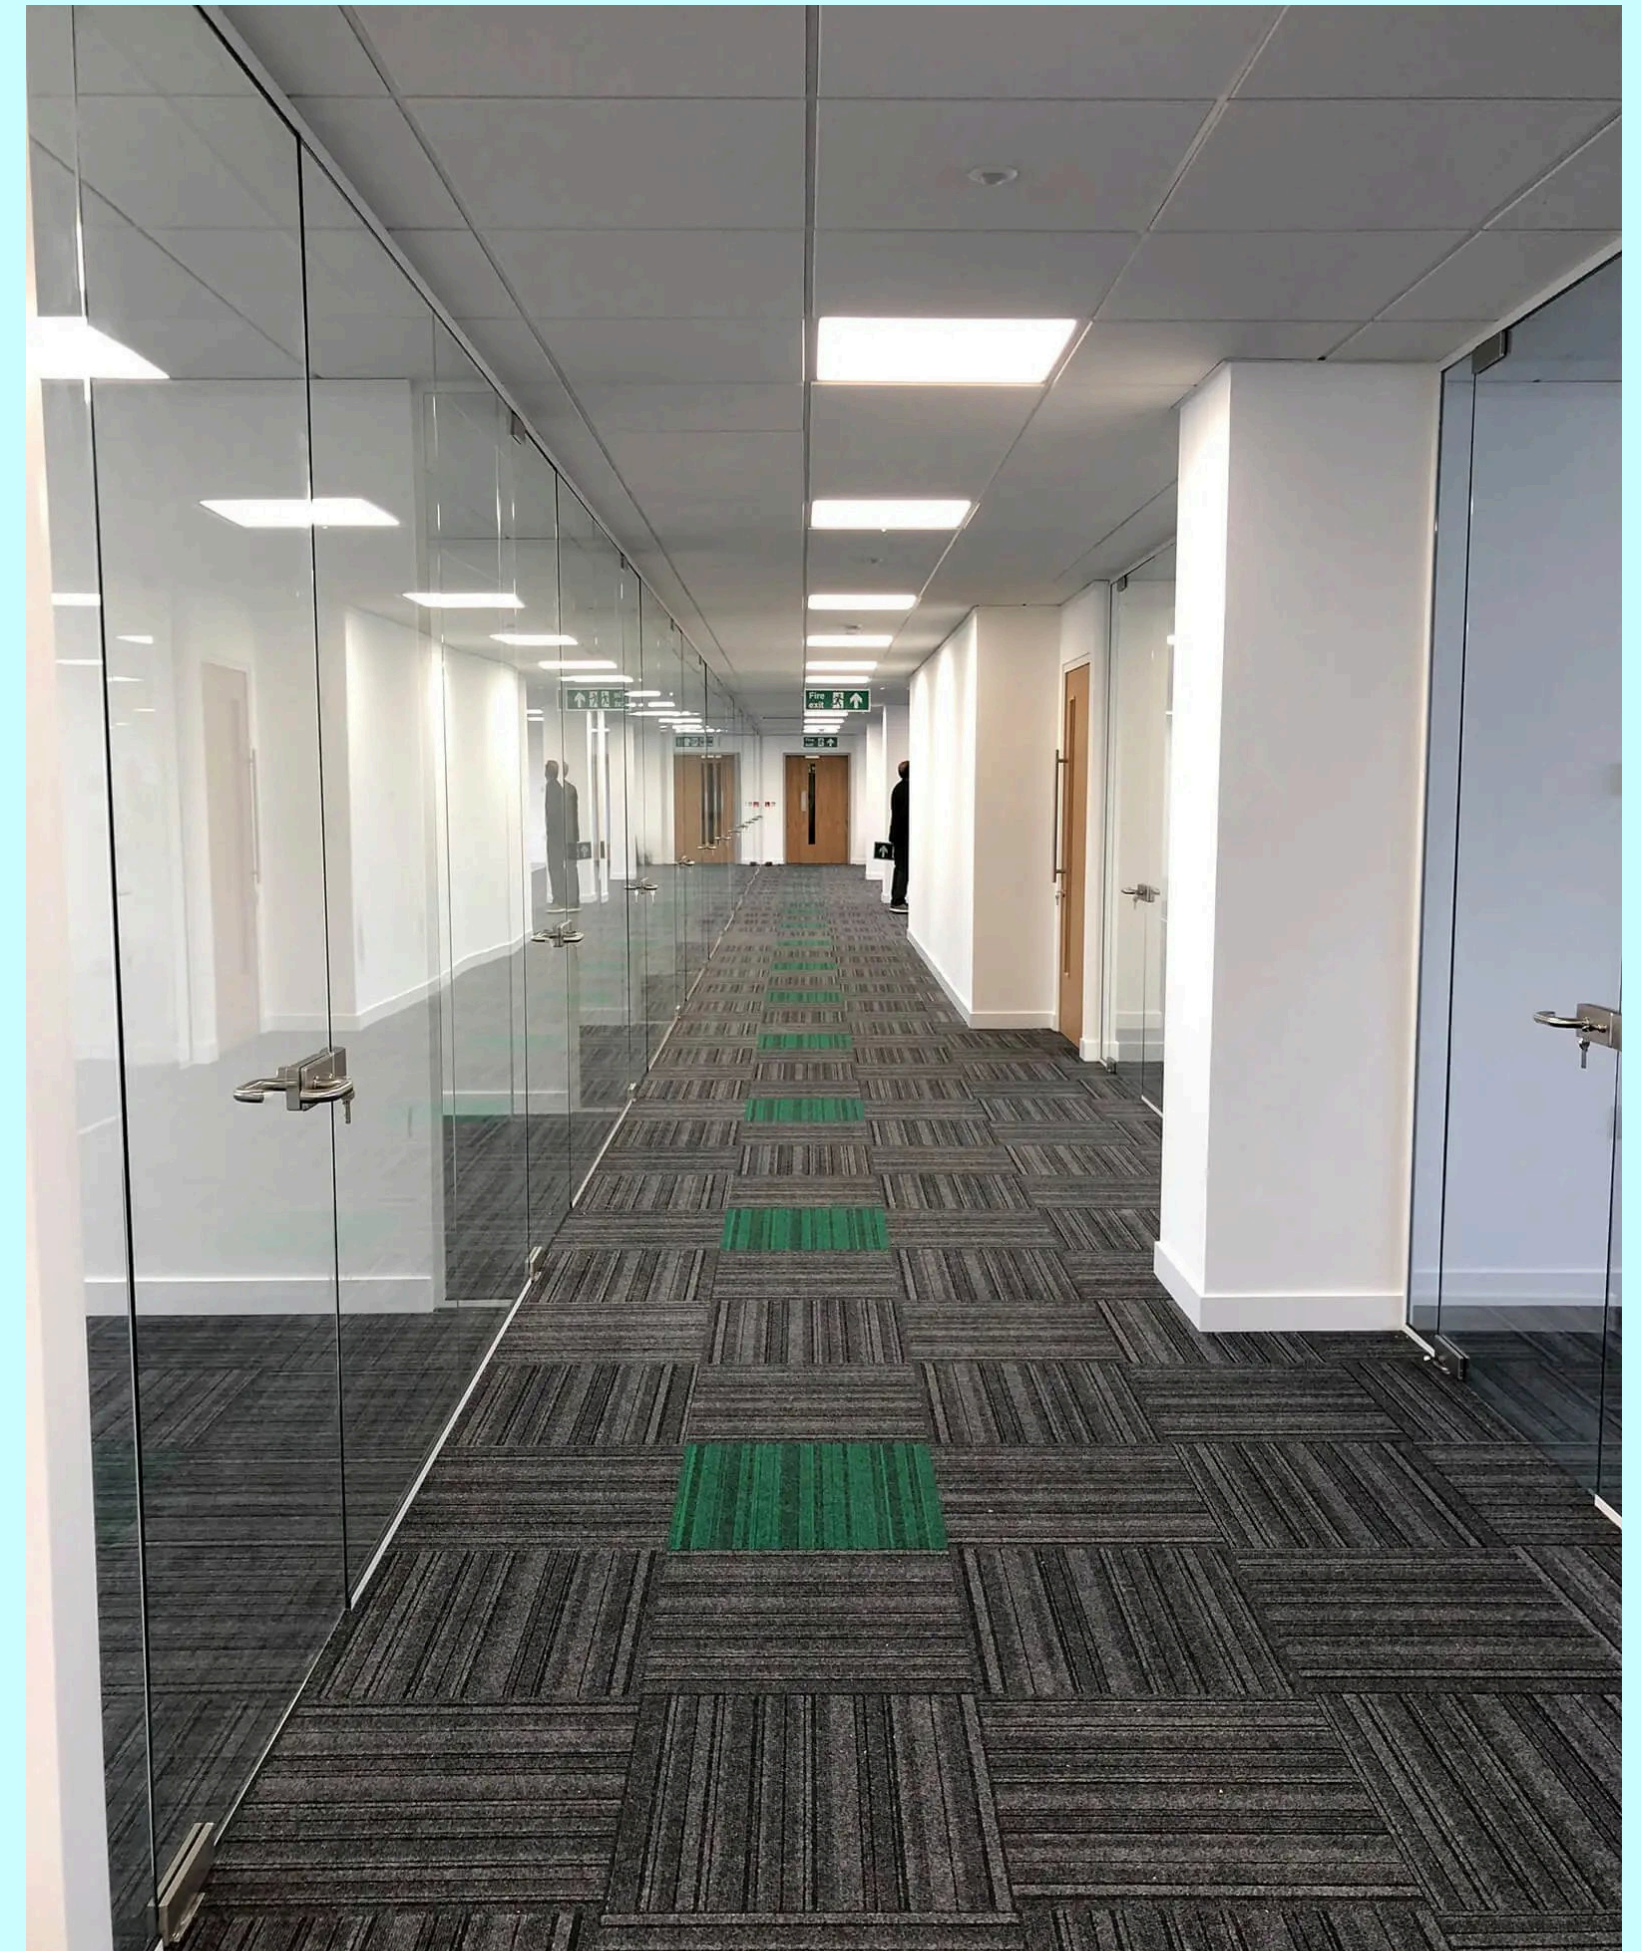

Godleys

Upgrade your workspace with customised Wood Veneer & Glass Doors, offering a sleek, modern look while enhancing sound insulation, energy efficiency, and privacy. These high-performance glass provide a seamless, contemporary aesthetic, making them ideal for office spaces, meeting rooms, and executive areas.

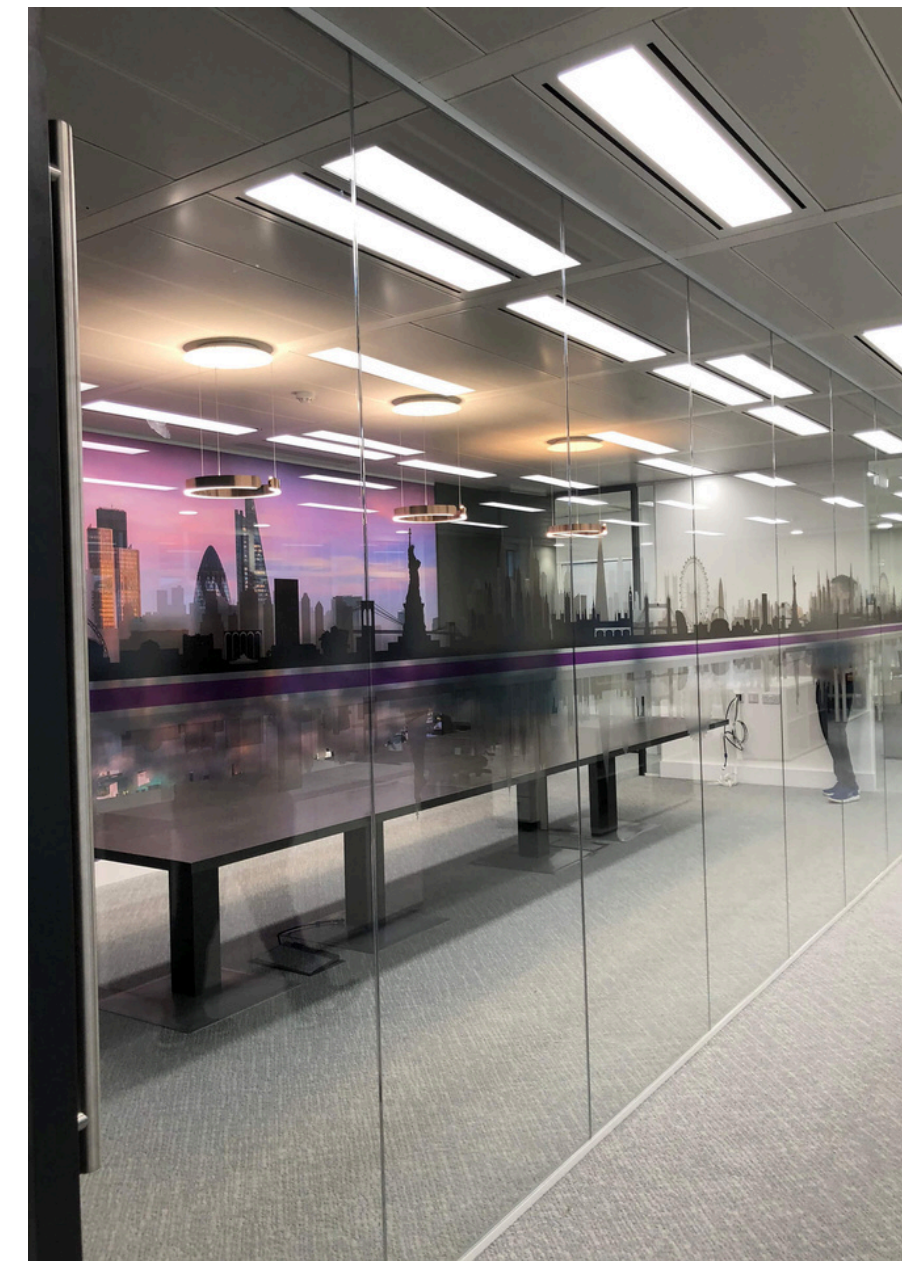

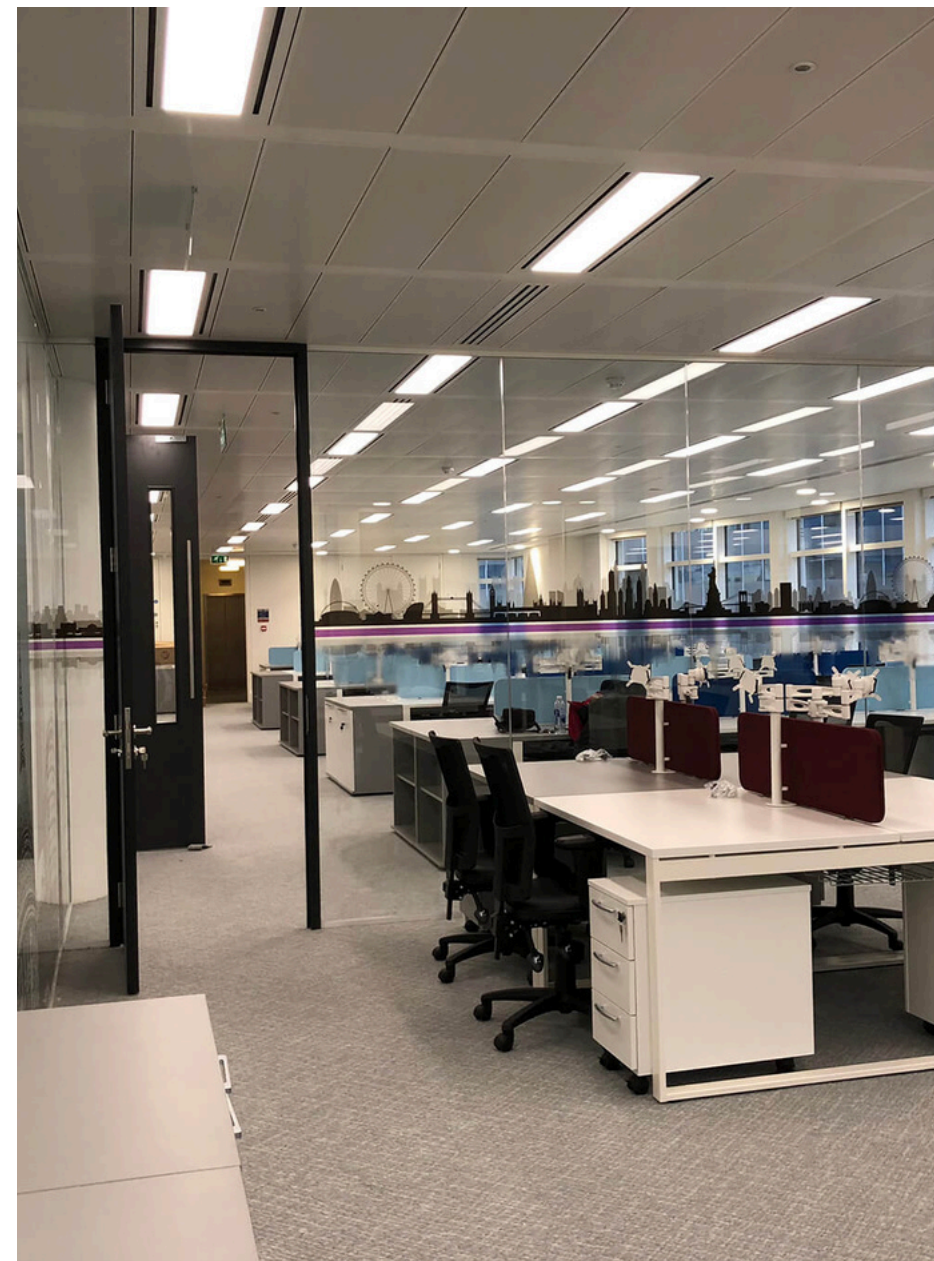

Landau Morley

Enhance your office with our glass manifestation to reflect the business brand and colors with logos, a stylish and innovative solution that brings a dynamic, geometric aesthetic to your workspace. Designed to create sleek, light-filled environments, glass partitions offer a modern architectural appeal while maintaining functionality, privacy, and sound control.

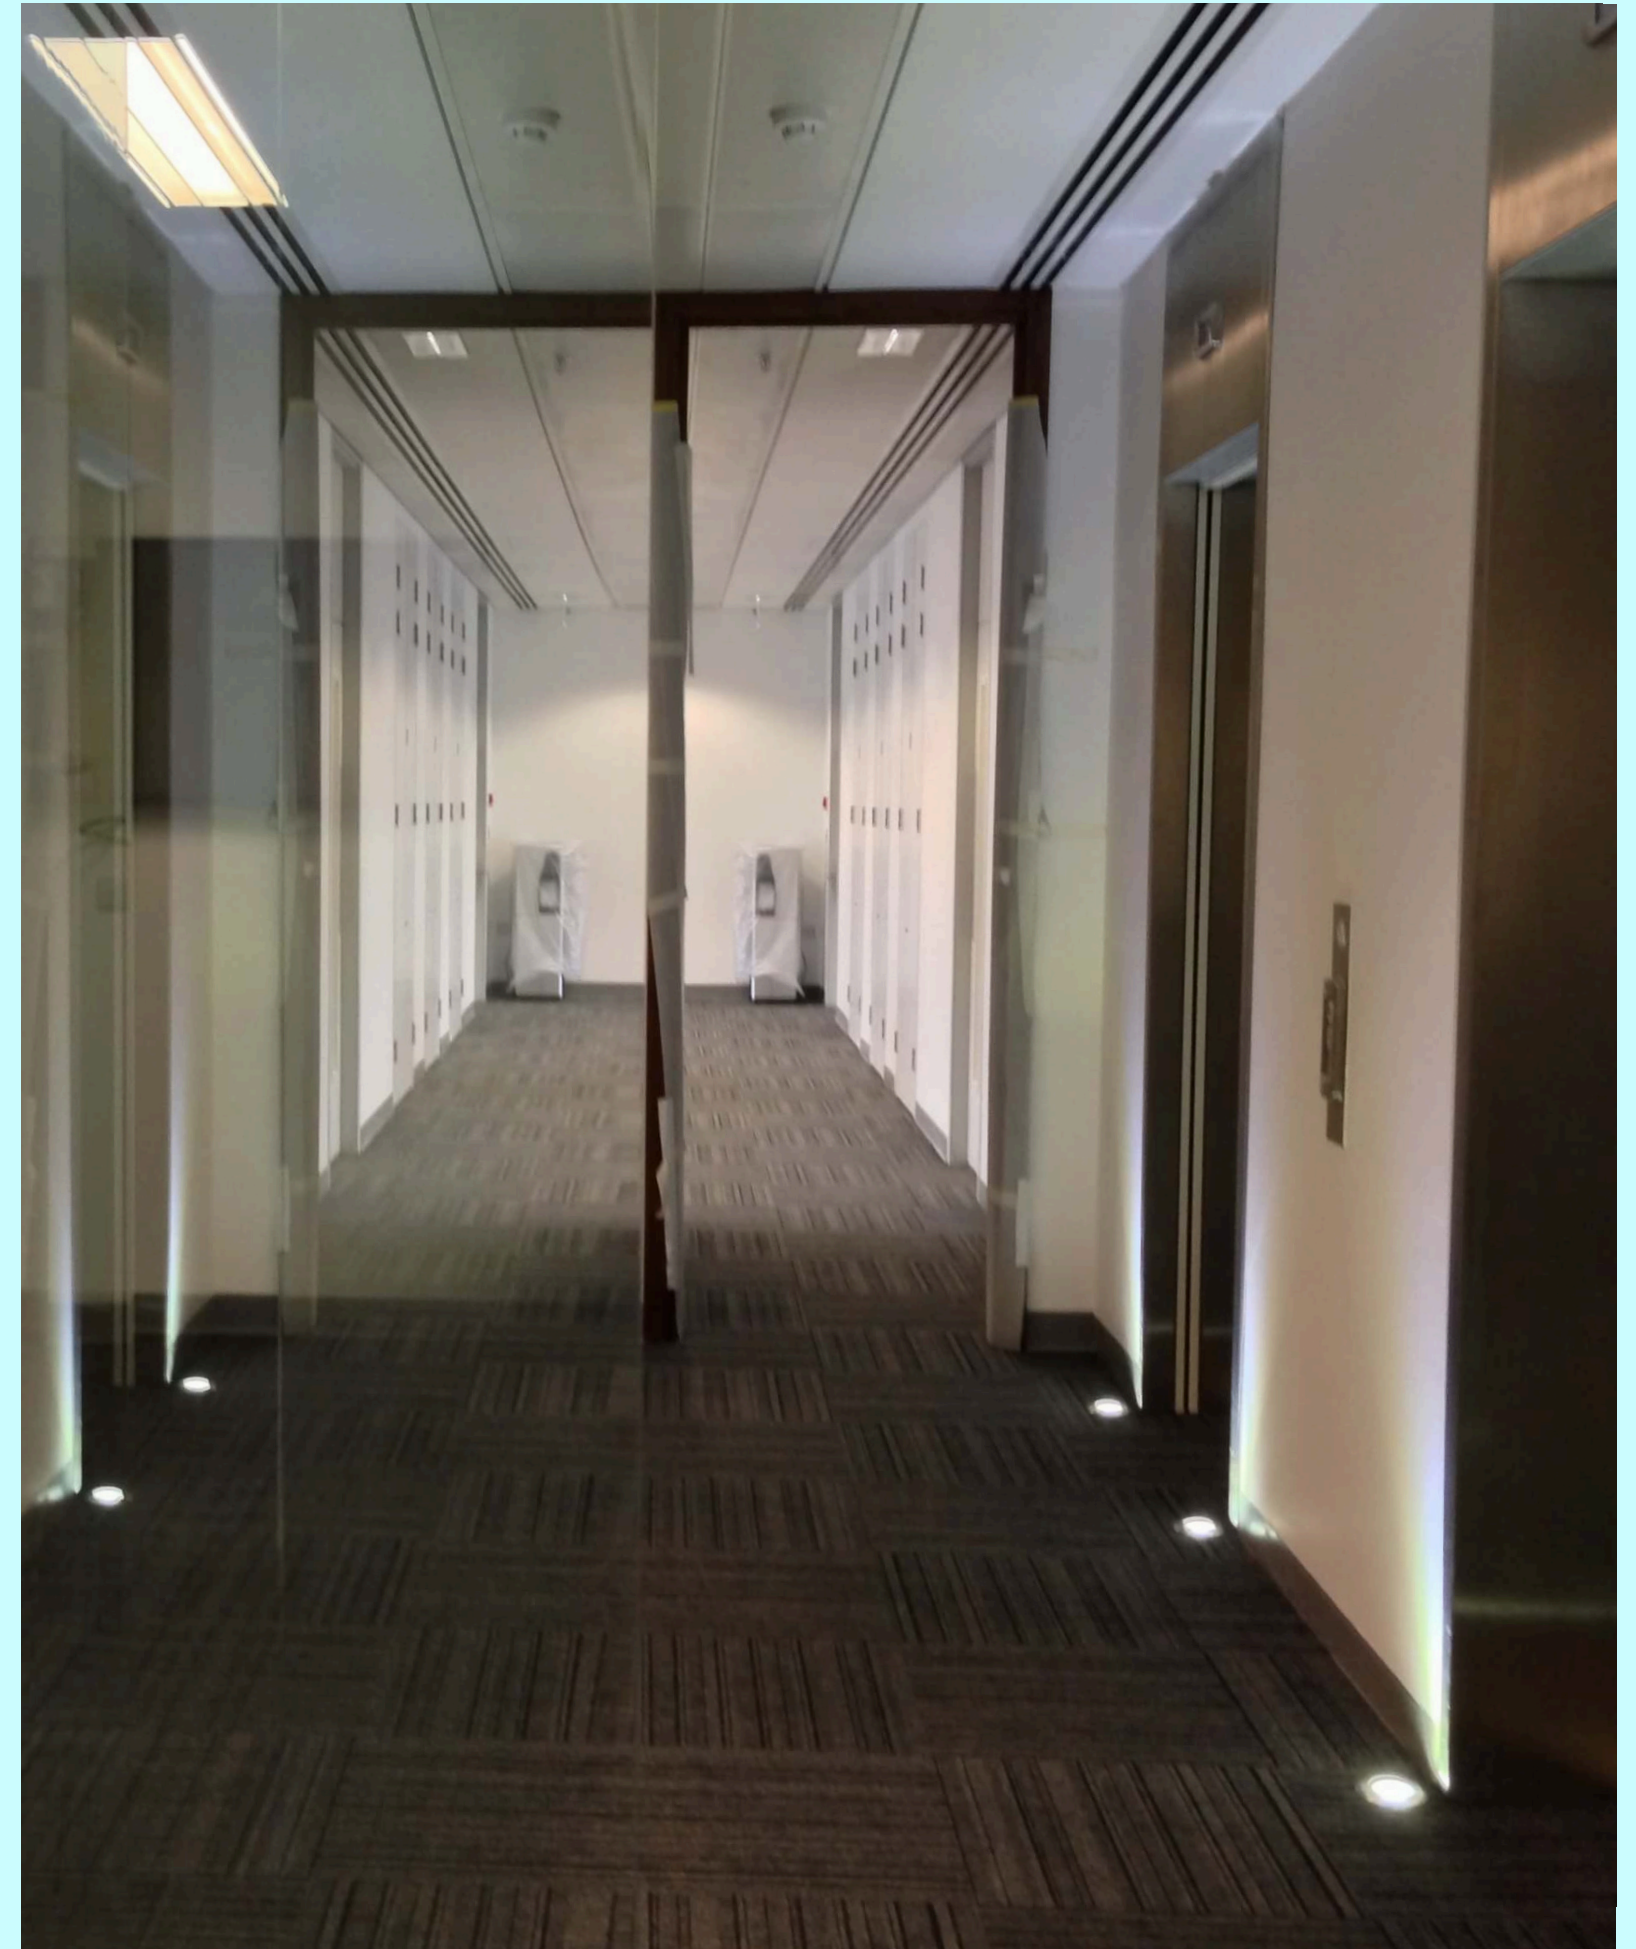

Ngage

← Create a modern, open, and functional co-working environment with frameless glass partitions and doors, designed to enhance collaboration while maintaining privacy and acoustic control. These sleek, contemporary partitions define individual workspaces without blocking natural light, fostering a productive and visually appealing atmosphere.

Montash

Create a modern, functional, and stylish office environment with glass partition cabins, designed for both collaborative work and private meetings. Featuring solid glass doors and frameless glass doors, these enclosed spaces offer the perfect balance between openness and privacy, ensuring a seamless workflow while maintaining a bright, airy atmosphere.

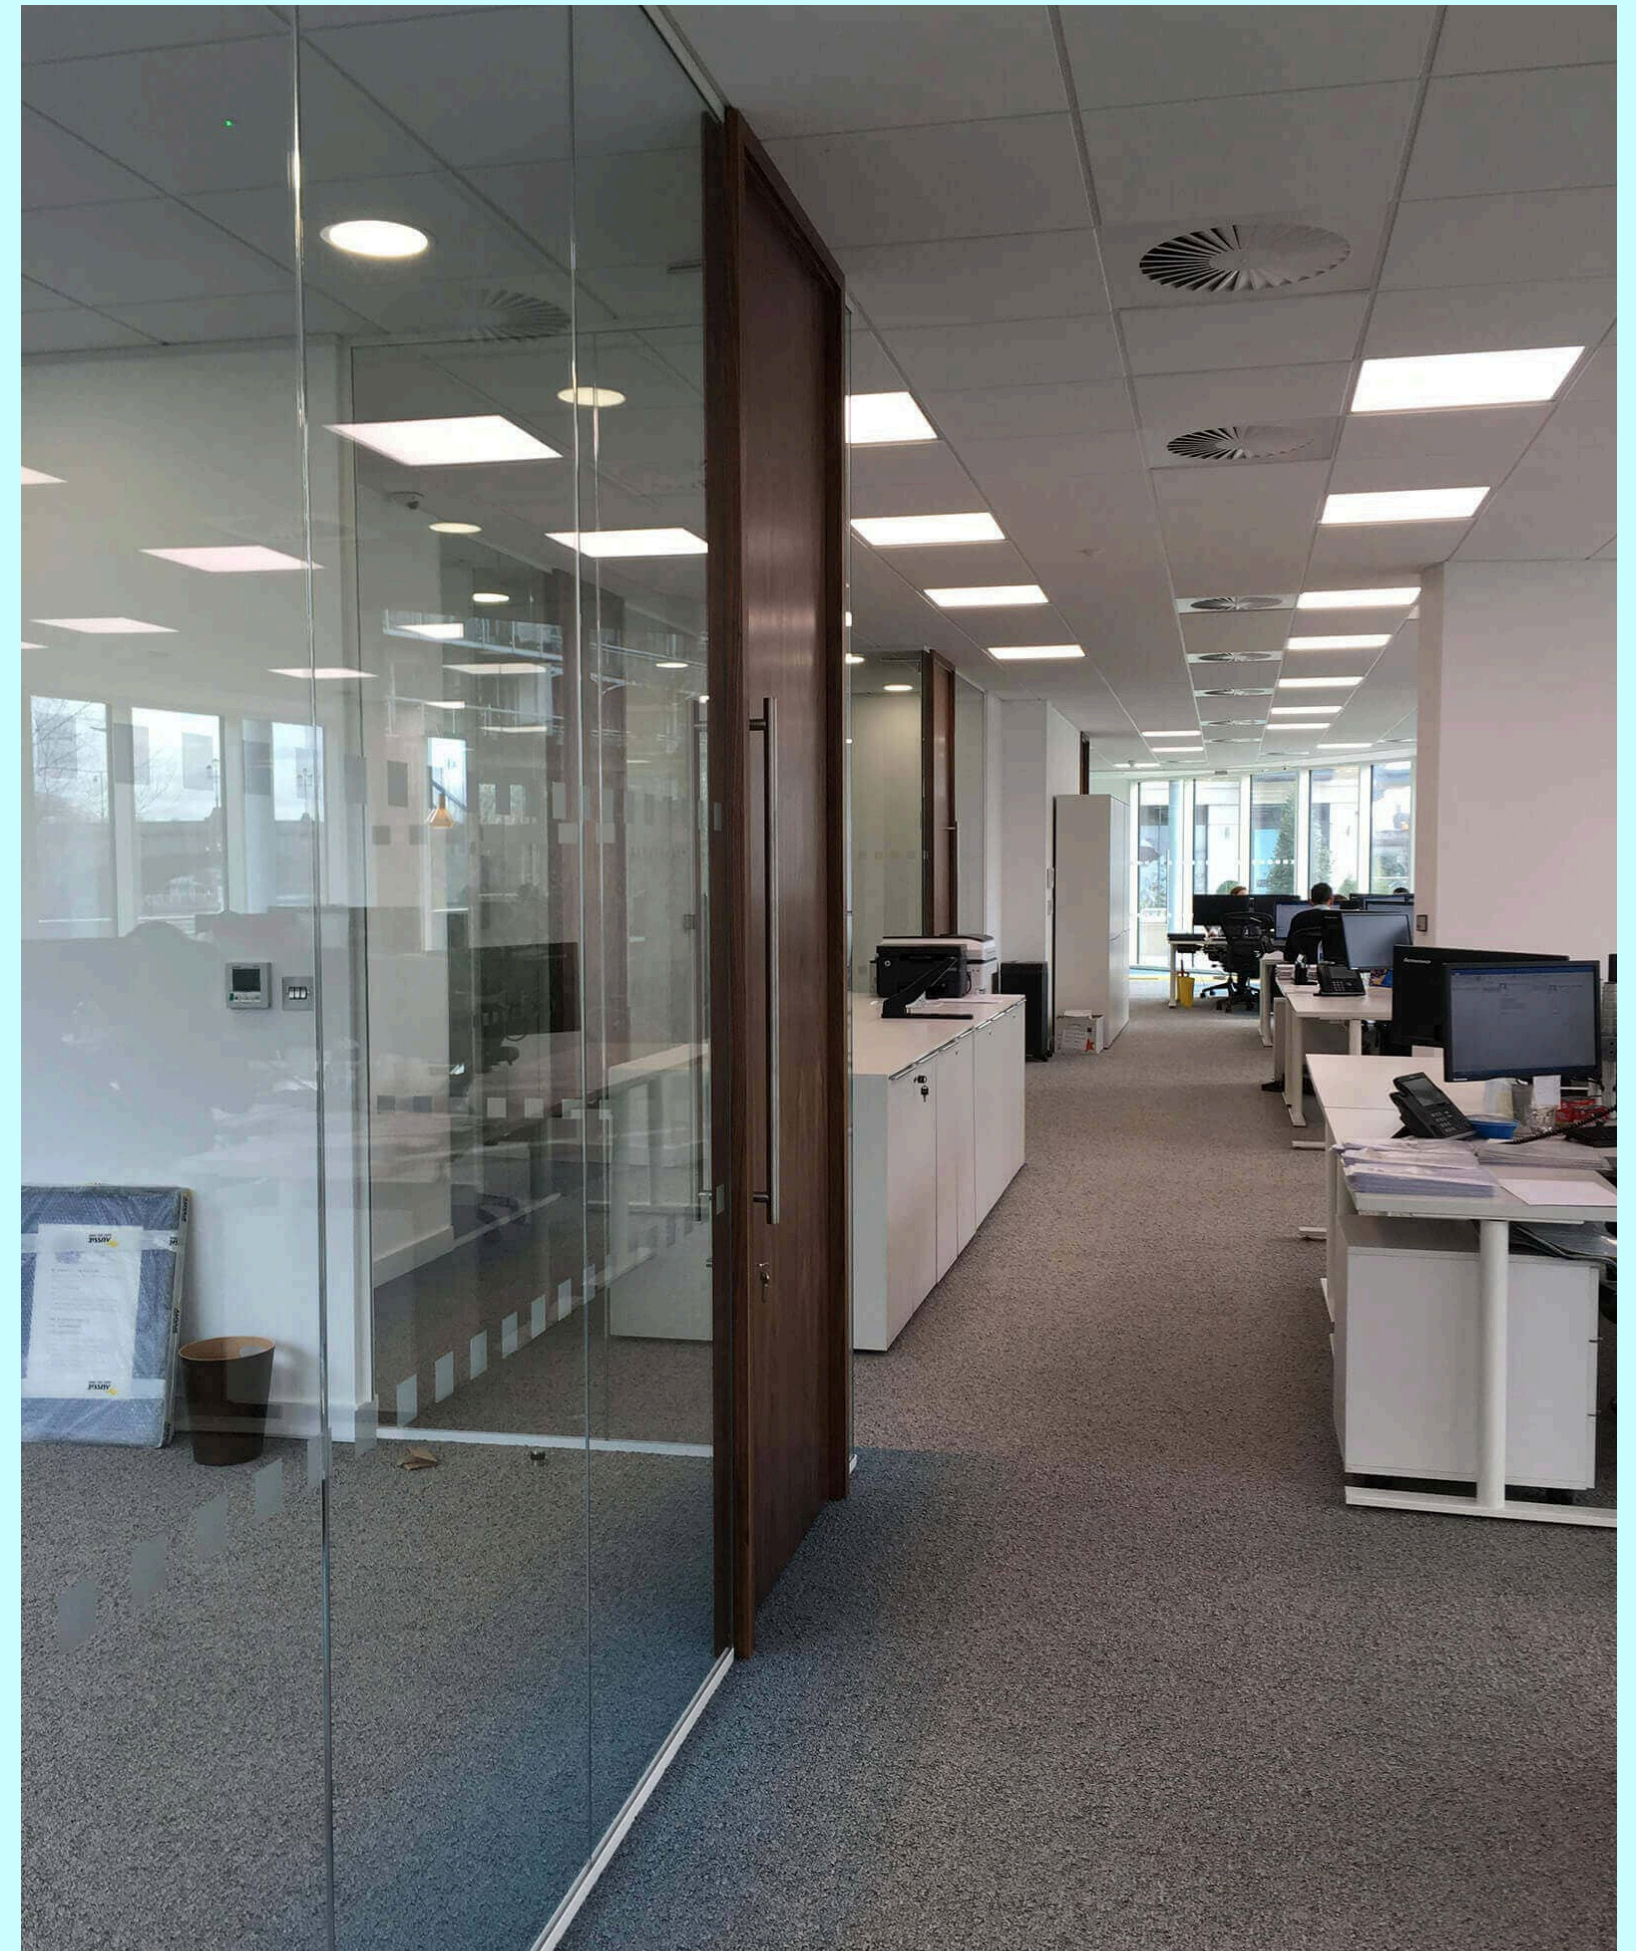

Gadd House

← We specialise in Customised Wood Veneer & Glass Doors solutions, providing a balance of natural warmth and contemporary aesthetics. Whether you prefer frameless, framed, or frosted glass, our designs seamlessly integrate with high-quality wooden doors to elevate your office environment.

Gapuma

Upgrade your office meeting rooms with glass partitions over solid walls, creating a bright, open, and professional atmosphere while maintaining privacy and acoustic efficiency. Paired with solid doors and a sleek meeting table, this setup enhances both functionality and aesthetics, making your workspace feel more spacious, modern, and inviting.

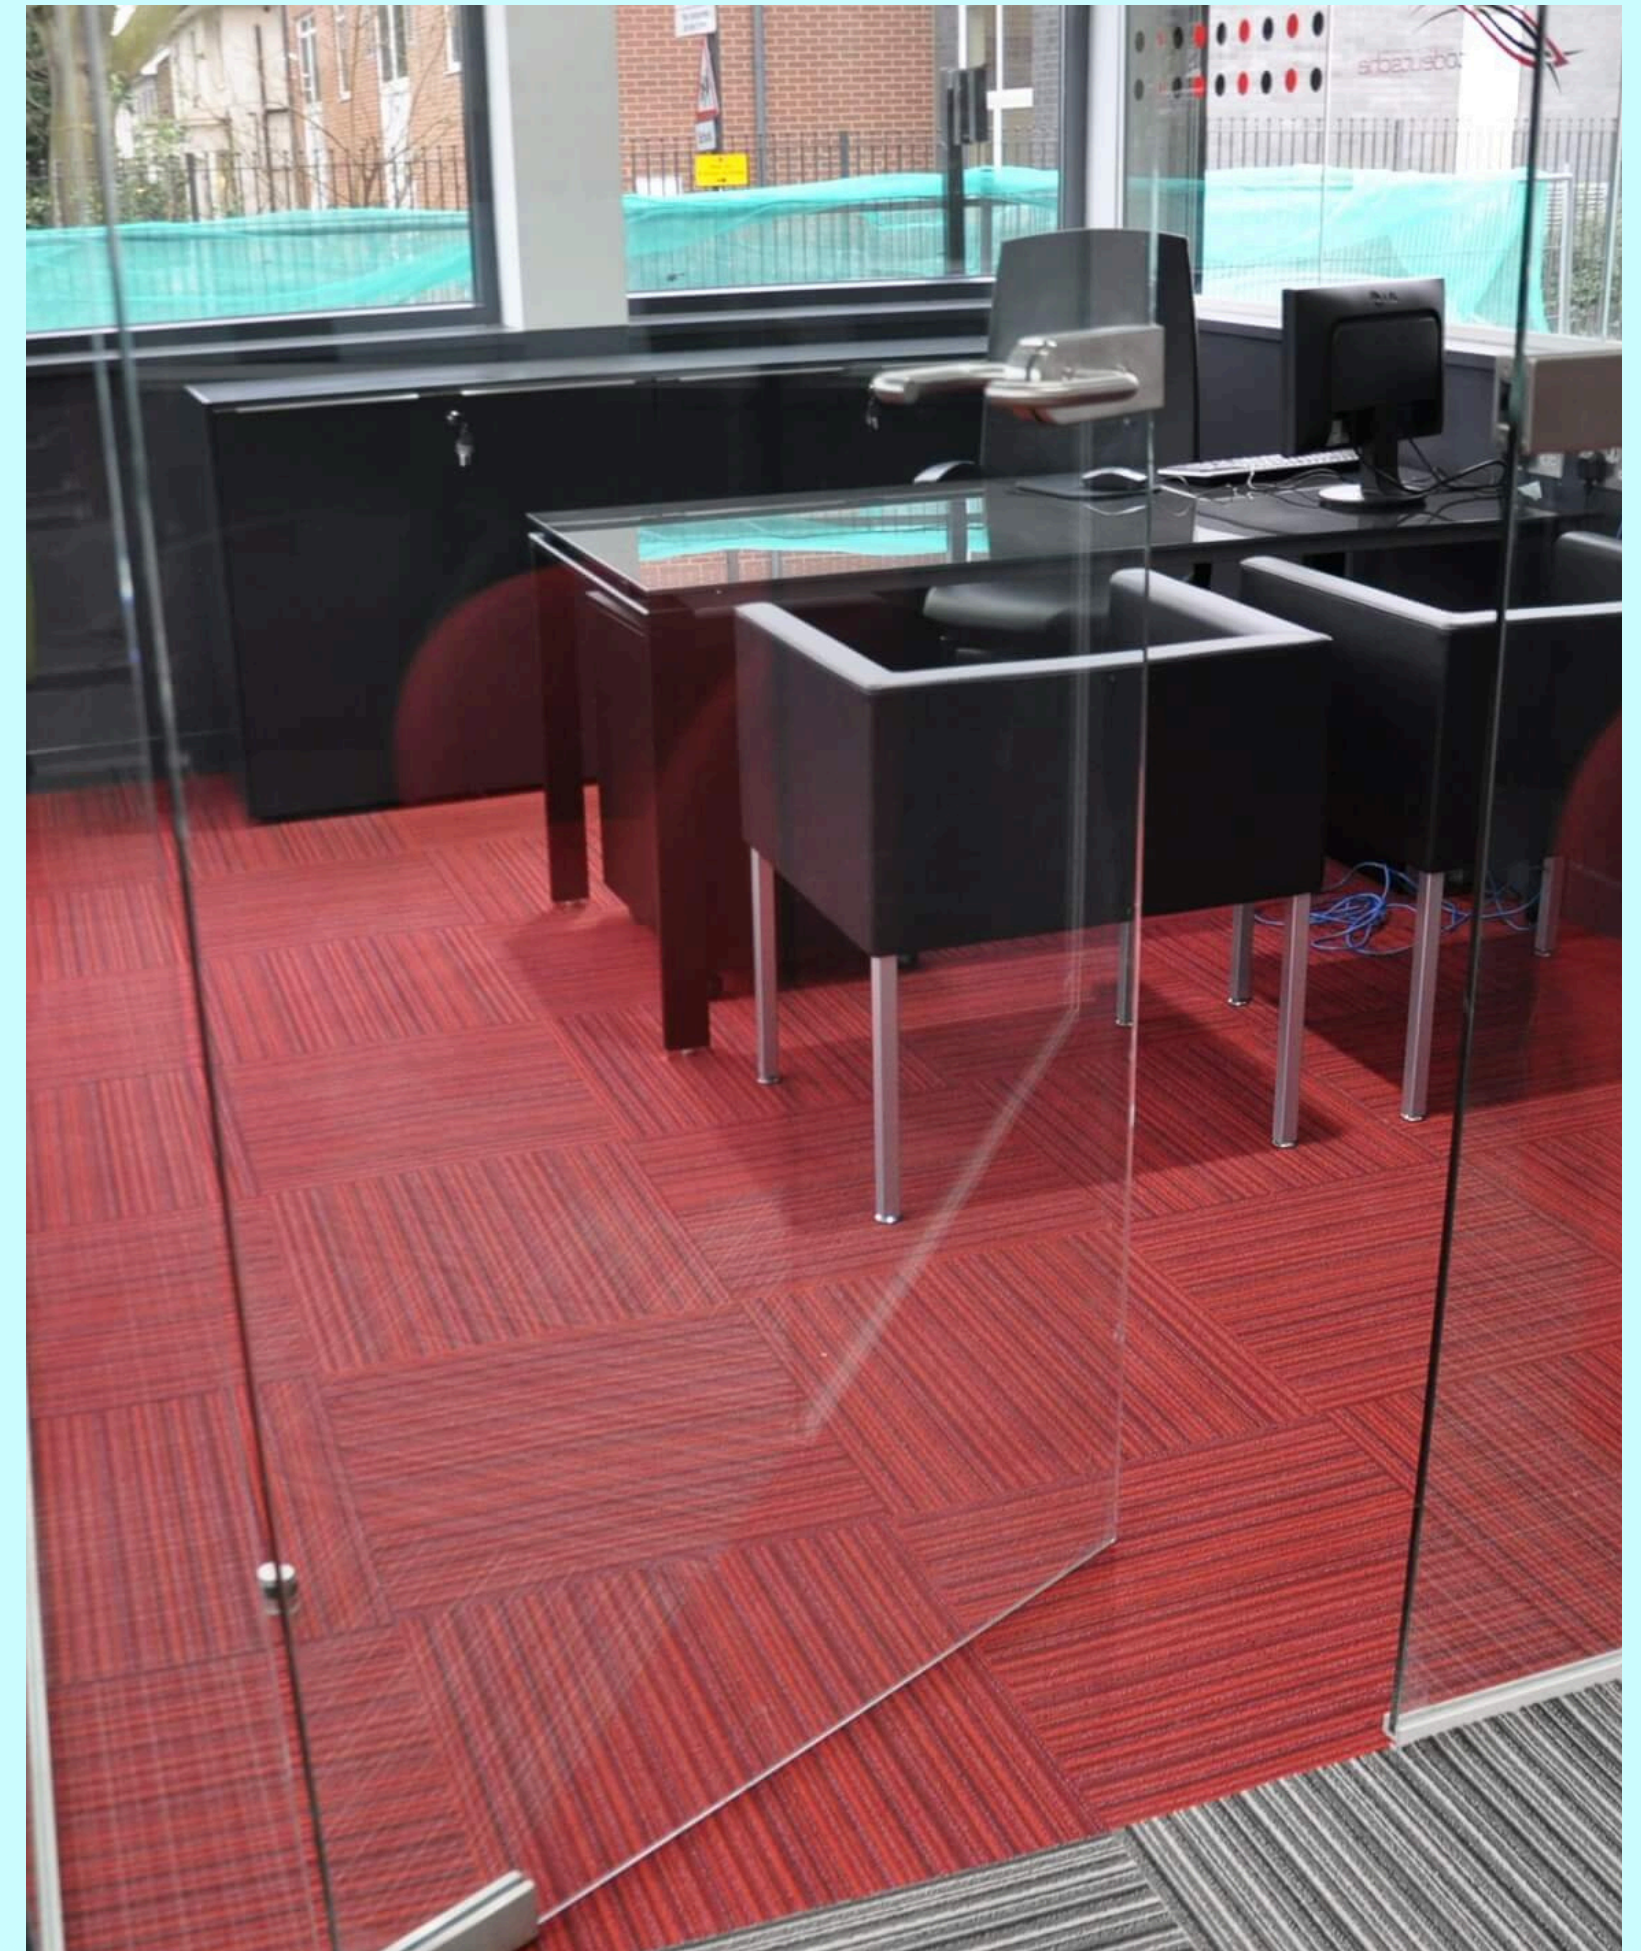

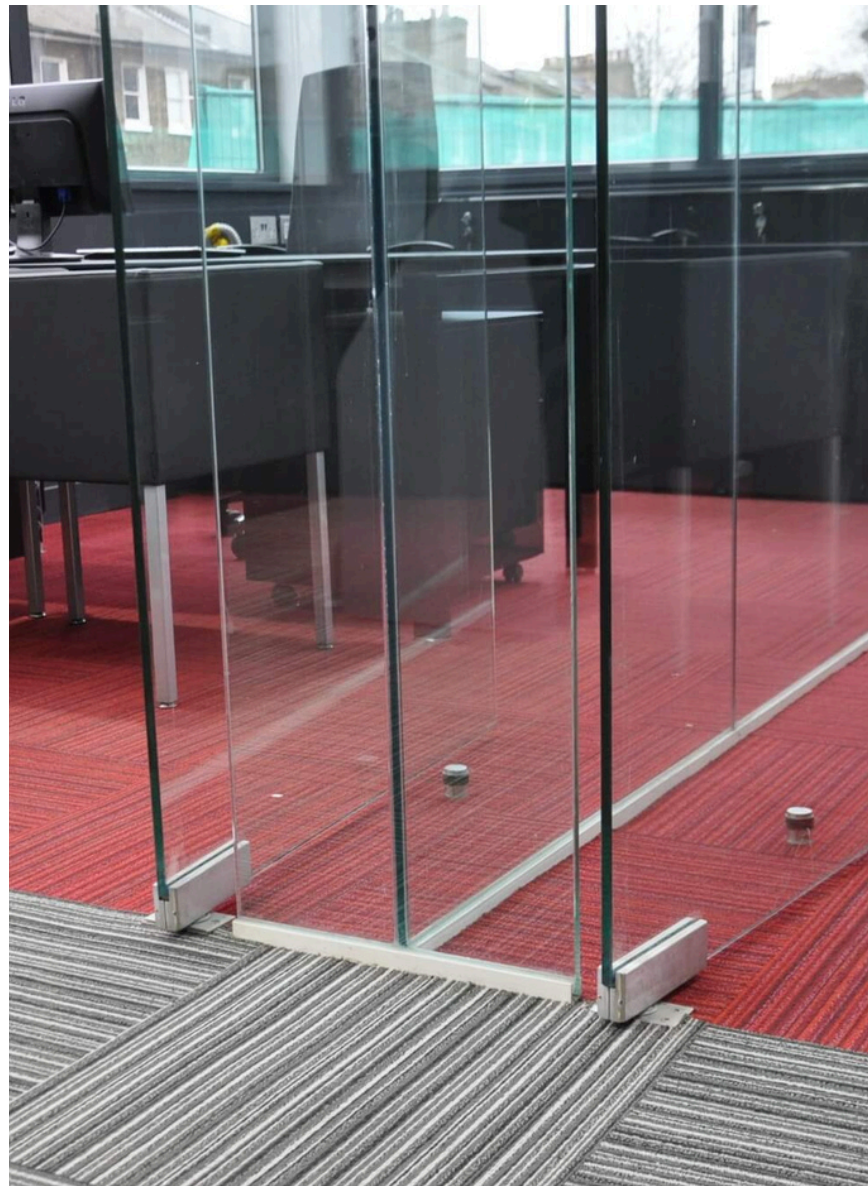

Hemsley Miller

Design your office space with single-glazed frameless glass doors, offering a minimalist, stylish, and contemporary look while maintaining an open and airy feel. These sleek fire-rated glass doors seamlessly integrate into any office environment, enhancing both natural light flow and spatial aesthetics.

Auto Service

Upgrade your auto service center with modern glass partitions and frameless single-glazed glass doors, creating a sleek, professional, and customer-friendly environment. These partitions help define workspaces while maintaining transparency and a spacious feel, allowing customers to view operations while keeping noise and dust under control.

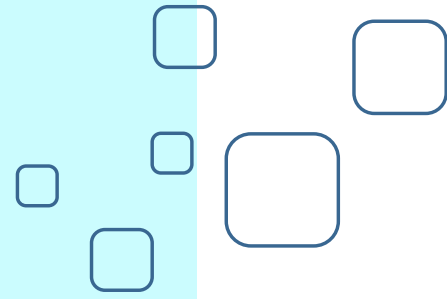

Charter House

Enhance safety and sophistication in your office with fire-rated glass doors, solid doors, and premium meeting tables, creating a workspace that prioritises protection, functionality, and modern design. Fire-rated glass doors provide enhanced fire resistance, ensuring compliance with safety regulations while maintaining a sleek, transparent look. Paired with solid doors for additional privacy and high-quality meeting tables, this setup is perfect for executive offices, boardrooms, and collaborative spaces.
