The Alliance Difference.

- Unrivalled industry knowledge
- Network of 12 regional branches
- Central national distribution centre
- Our own fleet of delivery vehicles and drivers
- Free delivery throughout the UK & Ireland
- Fast new line product sourcing
- No minimum order quantity
- Product substitution facility
- Trusted partner suppliers
- Online ordering function

Who We Work With.

Our customers include hotels, pubs, health and leisure clubs, care homes, restaurants and catering establishments of all shapes and sizes from major national hotel chains to small high street cafés.

Paper.

Plastic straws are a constant environmental concern. Alliance is committed to combatting this issue with our 100% recyclable and biodegradable paper straws. In industrial compostable facilities, these straws decompose in just 3 months and are bleach-free, making them an alternative drinking option. We also stock individually wrapped straws for hygiene, both the straw and its packaging are crafted from sustainable, FSC certified paper.

Flexy-glass.

Flexy-glasses are thin-walled polypropylene tumblers that are crack resistant. The tumblers are designed with a step in the base for maximum stackability, this also allows them to be easily pulled apart, making them the ideal choice in busy bars and areas where safety and speed of service are of primary importance. Flexy-glasses are manufactured under strict hygienic conditions; the tumblers are sleeved to keep them clean and dust free.

Stagione.

These recyclable, Stagione® PE and PP lined pots are suitable for packaging and displaying chilled food-to-go or instant-serve hot dishes. The PP lined pots and lids are microwave safe and can be used in hot cabinets. The design provides a stable base which is suitable for stacking and the PE and PP lining provides a moisture and greaseproof barrier. The containers have the option of a paperboard lid or rPET lid, both of which fit tightly to provide a leakproof solution. Both lids are also recyclable and the rPET lids have an anti-mist coating so remain clear in chilled cabinets.

Notpla.

Manufactured in the UK using FSC board, they carry a lower carbon footprint than imported containers. Unlike traditional takeaway boxes, which are lined with plastic or packed with nasty chemicals, Notpla packaging is made from a natural polymer that is completely biodegradable. They are EN13432 certified compostable, making them industrial and home compostable. It has the same grease and water-resistant qualities as traditional packaging, and it is also stackable, microwaveable, and perfect for both hot and cold foods.

Wrapmaster.

An essential in the commercial kitchen, Wrapmaster® dispensers and refill rolls are ideal for the modern establishment. Easy-to-use, the Wrapmaster® is easy to clean and sanitise and is also able to cut any wrap with a single press. The beauty of Wrapmaster® lies in the ability to constantly evolve and develop as they aim to perfect the process of creating the perfect dispenser.

The Wrapmaster® Compact takes up the same space as a traditional cutter box whilst providing the robust qualities of the Wrapmaster® generation of products. It's the perfect dispenser for the smaller kitchen with limited space.

Our Compostable Cling Film is certified OK Compost HOME and INDUSTRIAL.

Compostable Cling Film.

A general purpose compostable cling film for covering and wrapping all food types, including those with a high fat content. Made from biodegradable and compostable polymers which break down in composting environments, compostable cling film can help support chefs with their sustainable journey and withstand the demands of any professional kitchen. Can be disposed of in a food waste composter with food and other organic materials, composted in a home composting environment or collected for industrial composting. For use with the Wrapmaster® 4500 and Wrapmaster® Duo.

We stock a wide range of Vacuum Packers in a variety of capacities.

Vacuum.

Vacuum food bags are a popular choice for preserving food and extending its shelf life, or creating single portions. These bags are designed to remove air from the packaging, creating a vacuum seal that prevents oxidation and bacterial growth. This process helps to maintain the freshness, flavour, and texture of food items, whether they are stored in the refrigerator, freezer, or pantry.

The sealer efficiently seals and trims your bags in a single step, ensuring a perfectly finished package that keeps your food fresh.

Days Of The Week.

Our labels have a strong adhesive capable of permanently adhering to any surface. Moisture resistant and safe for the freezer, they are helpful labelling solutions for disposable containers, boxes, and portion bags. These labels assist in safe food rotation and following HACCP protocol.

Take the next step towards efficiency through automated labelling.

MenuPilot.

With the MenuPilot System you can wirelessly print rotational, nutritional, grab and go, and allergen awareness labels with ease. The Matt85 Printer uses thermal labels as opposed to ink, making it easier to manage without the mess. Everything can be accessed remotely, and any uploads or changes will be instantly transmitted to all locations, using the included free management cloud based software.

STOCK CODE	DESCRIPTION	QTY

DateCodeGenie.

Effortlessly manage food labelling across multiple locations with DateCodeGenie's innovative family of printers. Experience the efficiency, control, and ease of use that DateCodeGenie brings to your food labelling operations.

Increase productivity by generating labels simultaneously with X22 and X23's two printers, ensuring workflow efficiency remains unaffected. The X23 boasts a 2" and 3" printer allowing for a broader range of label creation without having to retool the printer. The ideal automated labelling solution.

X Series Auto Labelling System

- 12 branches and 1 national distribution centre

- Over 250,000 sq ft of warehousing

- Our own dedicated vehicles make over 2,000 deliveries a day

We have been working with Alliance for the past 10 years.

No other companies come close to their honest pricing and exceptional customer service from the telesales team; deliveries and qualities are good. We wouldn't go anywhere else!

Polgooth Inn

We have used Alliance for more than 15 years. During that time, we have built an amazing working relationship. The sales team in the office are always so helpful and will let you know when stock will be arriving. The delivery team are very efficient, happy and courteous. I can't recommend this company highly enough.

Bancourt Leisure

We have been working with Kevin and the team from Alliance Wales & West for over 15 years. It's great to have such a reliable regular service available to us – and friendly advice on hand when we need it as the needs of our business develop.

Holiday Inn Express Cardiff Bay

We have worked with Donna from Alliance South West for about 6 years now and in this time, we have always been able to rely on wonderfully friendly and personal customer service. She can always find the most obscure things we ask for, or the most ordinary, at a fair price and she has saved the day more than once when we have desperately needed something ASAP.
