

Case Study 11

Cambridge University Library – Planchest Units

Project: New Map Room
Sector: University Library
Storage Products: Planchest Units, mobile bases & stand alone planchests
Storage Content: Historical, books, pictures and maps

CDS were successful in being awarded the prestigious New Map Room tender for the Cambridge Library Map Room. The installation was designed in conjunction with a mobile storage system company. These units were fitted with both Antiquarian A0 and A1 planchests each fitted with 33mm deep Planchest drawers, stacked 40 drawers high. In addition to this single height stacks were fitted underneath bespoke work benches.
