

Case Study 9

Royal Geographical Society – Planchest Units

Project:	Unlocking the 'Archives'
Sector:	National Archive Library
Storage Products:	Planchest Units, shelving, mobile bases & bespoke storage solutions
Storage Content:	Historical artefacts, books, pictures and maps
Project Completion:	2004

Together with our project partners, C&D (Sheetmetal) Engineering Ltd were successful in being awarded the prestigious "Unlocking the Archives" tender for the Royal Geographical Society. The installation was designed in conjunction with Bruynzeel compactus archive mobile storage system. These units were fitted with 1952 No. 33mm deep Planchest drawers, stacked 44 drawers high. In addition to this shelving, special artefact cabinets, X-ray and negative drawers were designed and installed.
