

Our Leadership

Mahmood Ahmad

CEO & Co-Founder

Meet Mahmood Nasir, our CEO, an entrepreneur and visionary force behind BITLOGIX. He took this initiative with the collaboration of his friend from a bold idea to revolutionize healthcare through technology. The success of the idea laid the foundation for BITLOGIX. Under his leadership, BITLOGIX has built a reputation for excellence, innovation, and client-centric services, helping businesses streamline operations and achieve digital transformation.

Zafar Ahmad

CTO & Co-Founder

Zafar Ahmad, a driving force behind our most innovative and technically challenging initiatives. His deep expertise and strategic thinking empower our team to consistently deliver high-quality results and take on complex, high-impact projects. With more than 24 years of experience, his leadership and partnership have been instrumental in helping BITLOGIX reach key milestones and maintain a standard of technical excellence.
