

# Services Portfolio

Building A Sustainable Tech Ecosystem!

Note: Click on service name to view details

# Modern Data Engineering

## Core Skills

- Infrastructure Migration
- Data Migration
- Pipeline Migration From Traditional To Modern
- Auto Deployment Data CI/CD

## Why Choose Us?

- Data quality checks, standardization, and transformation services.
- Scalable cloud-based solutions for large data volumes.

## Accomplishments

Retail

Migration of Data From Azure SQL DB to Firestore.

FMCGs

Processing of at least 15GB Data Daily Basis.

Ecommerce

Multiple Implementations of Data Pipeline Using DataBricks (PySpark) on Azure Cloud.

# AI/ML Solutions

## Core Skills

- Artificial Intelligence
- Machine Learning
- Deep Learning
- Computer Vision (CV)
- Natural Language Processing (NLP)
- Anomaly Detection
- Predictive Analytics
- Smart Diagnostics

## Why Choose Us?

- Extensive knowledge and experience in deep learning techniques.
- Proficient in solving complex problems using computer vision technology.
- Develop cutting-edge solutions leveraging Artificial Intelligence, Deep Learning and Computer Vision Expertise.

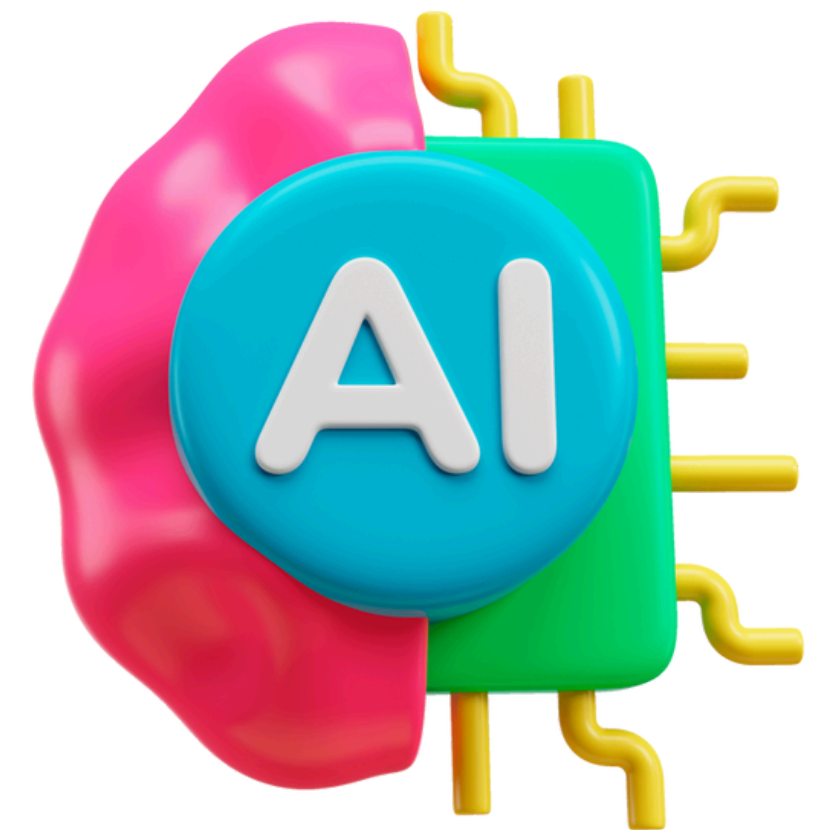

## On-Going Developments

### Artificial Intelligence / NLP

- AI-driven system to enhance communication within the healthcare ecosystem.
- Enhanced interaction efficiency and accessibility among healthcare professionals, patients, pharmacists, and end users with healthcare-focused speech recognition technology.

### Artificial Intelligence / CV

- AI-based solution for detecting bone-related issues with high performance.
- Advanced diagnostic processes by utilizing cutting-edge computer vision techniques specifically tailored for bone detection.

# Robotic Process Automation

## Core Skills

- RPA CoE setup
- Automation design
- RPA strategy
- RPA assessment
- RPA proof of concept
- Automation support

## Why Choose Us?

- Provide end to end RPA services from initial assessment to business support.
- Highly skilled certified RPA team.
- Global partner of automation anywhere.

## Implementation

### Finance

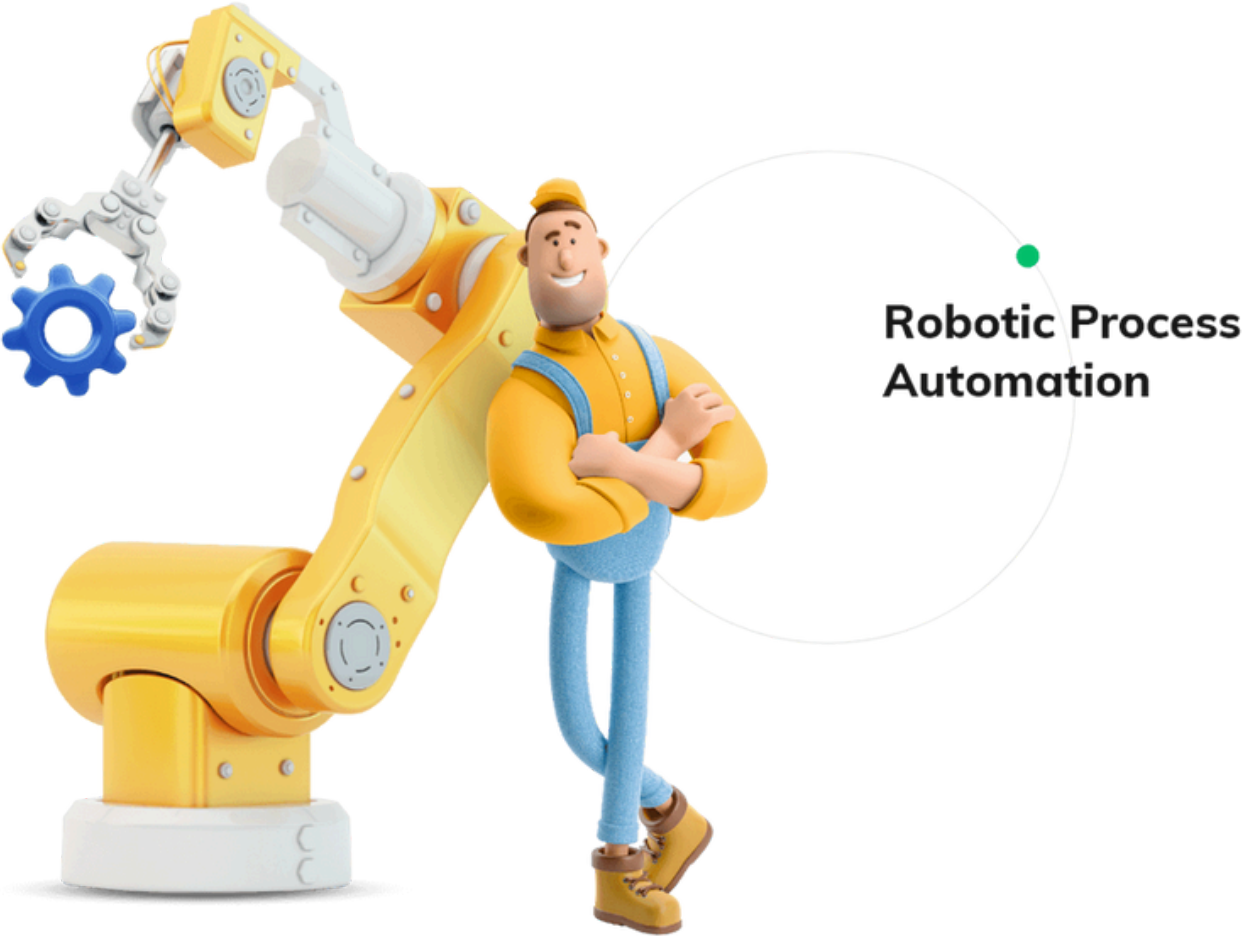

Account receivable, Account payable  
(Invoice, Payment, Adjustment memos,  
Returns, and allowance management.

### HR

Onboarding, Off Boarding,  
PF Processing, Employee Data Management

### Supply Chain

POs Invoices, ASNs  
Data Transfer from ERP system

# Business Intelligence & Analytics

## Core Skills

- Performance Management
- Machine Learning
- Data Pipelines
- Data Warehousing

## Why Choose Us?

- Experienced BI consultants for data analysis.
- Ready-to-deploy industry-specific dashboards.
- Configurable reports for cost-effective delivery.

## Accomplishments

### Data Visualization

Power BI, Tableau, Qlik, Story Telling, insights, Business and Stats,

### Data Modeling

Star Schema, Snowflake Schema & Galaxy Schema

# Microsoft Power Platform

## Microsoft Dynamics

- Customization
- Integrations
- Support

## Power Automate

- Custom workflow developments
- Custom integrations

## Power BI

- Dashboards & report

## Power Apps

- Mobile-friendly rapid application development
- Canvas app development
- Model-driven app development
- Integration with other applications.

## Azure

- Cloud-native application development
- Managed SQL
- Serverless
- Data development
- Engineering (ETL/ELT, Data warehouse)
- Cloud Migration
- 

## SharePoint

- Customization
- Integrations
- Support

BILLOGLIX - XIGOTLIX

# Mobile App Development

## Core Skills

- Native & Hybrid App Development
- Application Modernization
- UI/UX Design
- App Development Consulting
- Quality Assurance and Testing
- Maintenance and Support

## Why Choose Us?

- Globally certified team
- Value-driven solutions in competitive pricing.
- Responsive and adaptive app design and development experts.

## Accomplishments

### Ecommerce

**Compass:** An e-commerce reporting application that provides analytical services to customers.

### Healthcare

EHRCare

### Retail

ASDA, Dart, Wastemanagement App

# Full Stack Development

## Core Skills

- Enterprise Business Solutions
- System Rewriting & Modernization
- Native & Cross-Platform Mobile Apps
- Full-Stack Web Development
- Mobile Apps Development
- Backend Development

## Why Choose Us?

- Experienced teams expertise in various frameworks. Rich technical expertise and global resources. Web API, integration, and data streaming development.

## Accomplishments

### Ecommerce

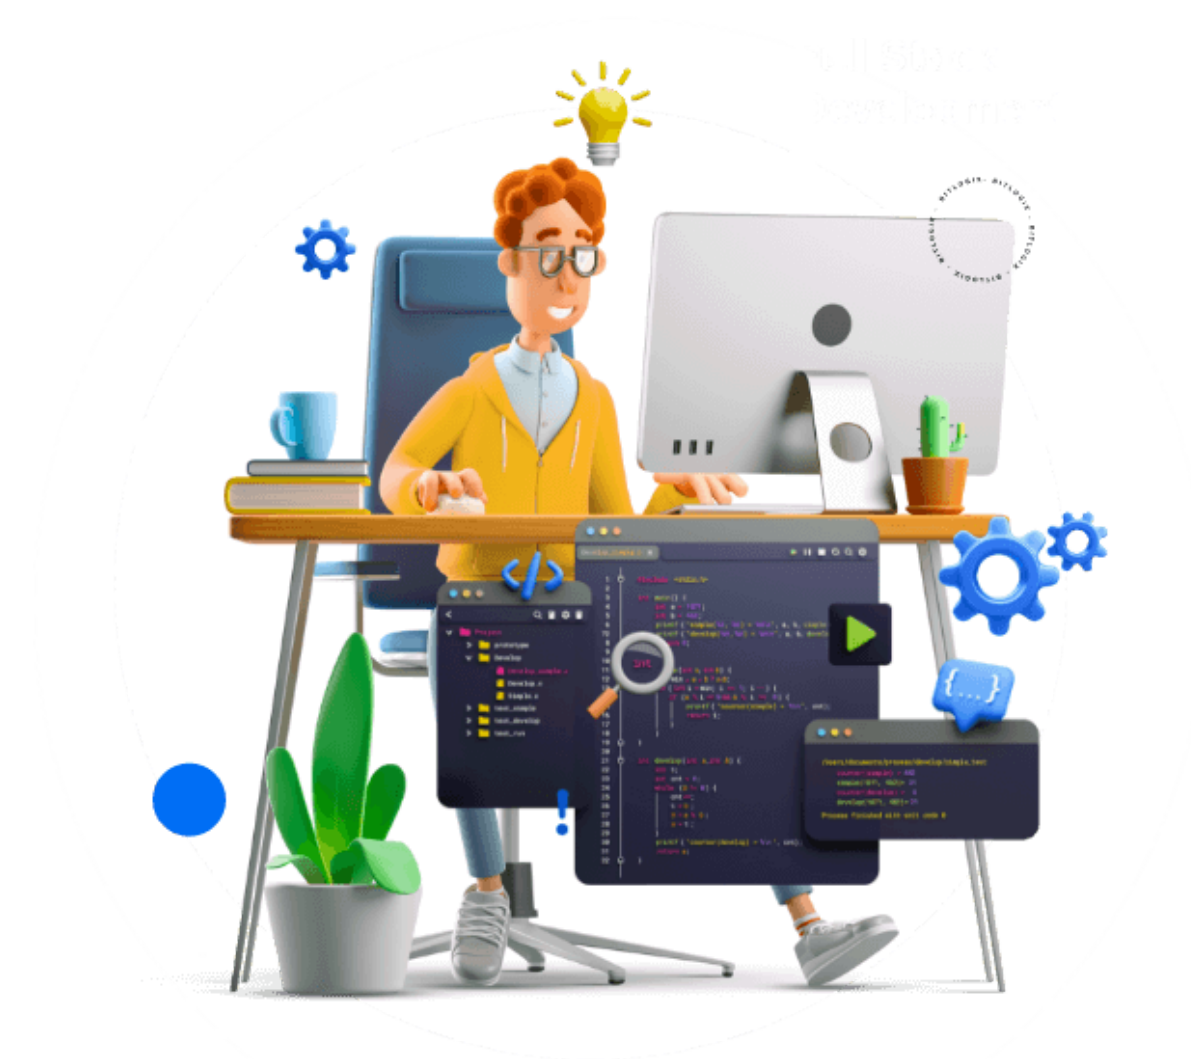

**Compass:** An e-commerce reporting application that provides analytical services to customers.

### Healthcare

**EHRcare:** Drummond-certified EHRcare for electronic patient management.

### Sustainability

**TLD:** Reporting application to provide analytical services for waste management.

# Cloud Engineering Services

## CoreSkills

- Consultancy Cloud
- Cloud Adoption Advisory
- Security Protection
- Interactive Reports
- Technical Support

## Why Choose Us?

- An experienced team working on high-performing technologies.
- Globally certified cloud team.
- Cloud-based scalable solutions for large volumes of data.

**Retail**

**Sustainability**

**Fashion Industry**

## Accomplishments

- User-centric Product Positioning
- Intelligent Waste Management
- Sales Inventory Management.
- Summarized reconciliations process
- Intelligent Stock Management.
- Sales Trends
- Intelligent Inventory management
- Effective Promotions Strategies.

# Microsoft Azure Cloud

# MVP Development

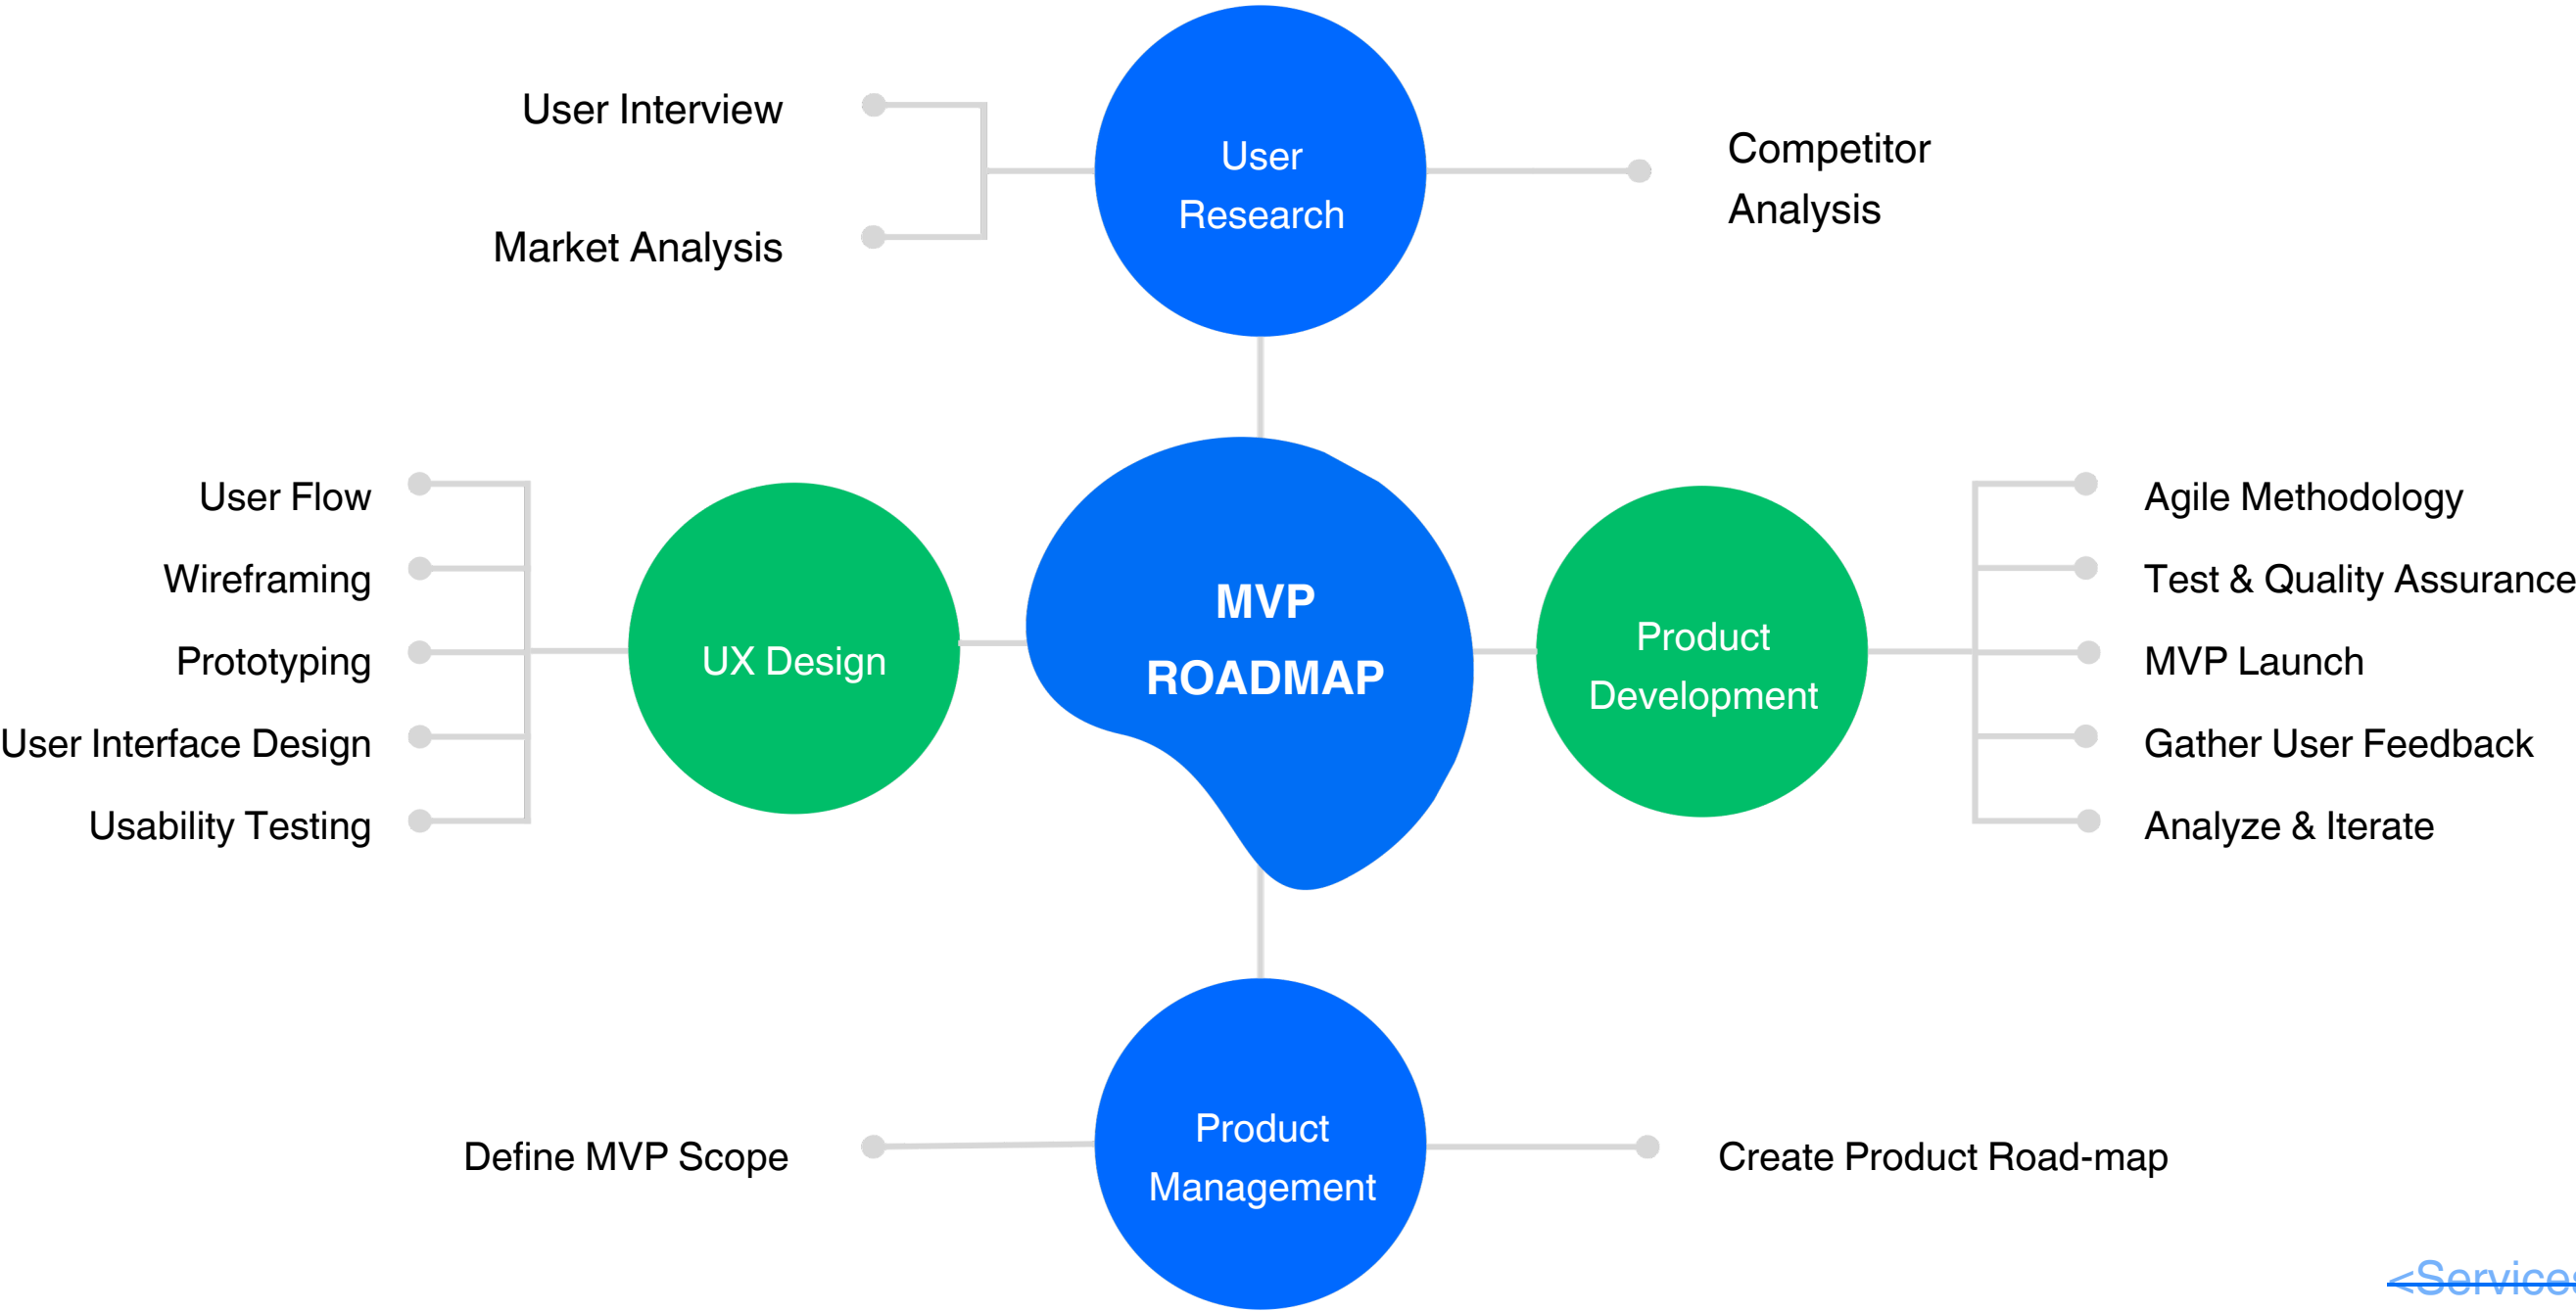

BITLOGIX  
X19011

## CoreSkills

- End-to-end custom MVP development
- MVP consulting
- MVP design

## Why Choose Us?

- Modular Development Solutions. MVP
- Specialists. Industry-
- leading Agile Approach. Time-
- saving Frameworks

# Team Augmentation

- Easy collaboration and information exchange through efficient channels.
- Financial savings and cost-effectiveness.
- Easily adjustable to changing requirements and circumstances.
- Access to diverse skilled individuals with varied capabilities.

## Expertise

### Frontend

- ASP.NET MVC
- JavaScript | TypeScript
- Angular
- Vue.JS | Nuxt JS
- React JS | Next JS

### Mobile

- iOS
- Android
- React Native
- Xamarin
- Flutter

### Backend

- Node JS
- Nest JS
- ASP.NET | ASP.NET Core
- .Net
- Python Django | Fast API
- Express JS
- Java

### Cloud

- GCP
- Azure
- AWS

### Data

- MS SQL
- MySQL | Maria DB
- PostgreSQL
- SSIS | ETL
- NoSQL : MongoDB, Cosmos, Firestore
- Data Bricks
- Data Lake
- Pyspark
- Snowflake
- BI services
- DynamoDB

### AI/ML

- TensorFlow
- Keras
- PyTorch
- Open-CV
- Scikit-Learn
- Transformers (by Hugging Face)
- Speech Recognition library
- Audio Processing
- Natural Language Processing (e.g., NLTK and spaCy)
- AWS SageMaker
- Google Cloud AI Platform

## Communication Tools

[Back to services we offer](#)

# Benefits of Remote Team

## Access to Global Talent Pool

- Tap into a vast talent pool from around the world.
- Gain access to skilled professionals with diverse expertise and backgrounds.
- Find the perfect fit for your project requirements.

## 24/7 Productivity

- Leverage time zone differences for round-the-clock productivity.
- Ensure continuous progress on your projects with global team coverage.
- Meet tight deadlines and achieve faster project delivery.

## Faster Time-to-Hire

- Reduce recruitment time and onboarding process.
- Start your project sooner with pre-vetted and experienced remote developers.
- Minimize downtime and accelerate project development.

## Enhanced Collaboration & Communication

- Leverage collaboration tools and communication platforms for seamless interactions.
- Regular meetings and updates ensure alignment and transparency.
- Foster a strong team spirit despite geographical distances.

## Cost-Effectiveness

- Save on overhead costs, office space, and equipment.
- Pay only for the work done, eliminating the need for long-term contracts.
- Competitive pricing compared to hiring in-house developers.

## Diverse Skillsets & Experience

- Choose from a wide range of skills and expertise.
- Access developers experienced in various technologies and industries.
- Benefit from fresh perspectives and innovative ideas.
