Dementia Range

WASHROOM
ACCESSORIES

Introducing our specially designed washroom dispensers tailored for individuals living with dementia. Our innovative dispensers feature vibrant blue wall plates paired with white dispensers, creating a high-contrast colour scheme that stands out from typical wall decor. This contrasting design aids in easy identification, reducing confusion and making washrooms more user-friendly.

By choosing our dementia-friendly dispensers, you are promoting independence for users, as they can easily distinguish the dispensers and confidently use them without assistance. The Dementia range blends functionality and thoughtful design to prioritise the comfort and well-being of all users.

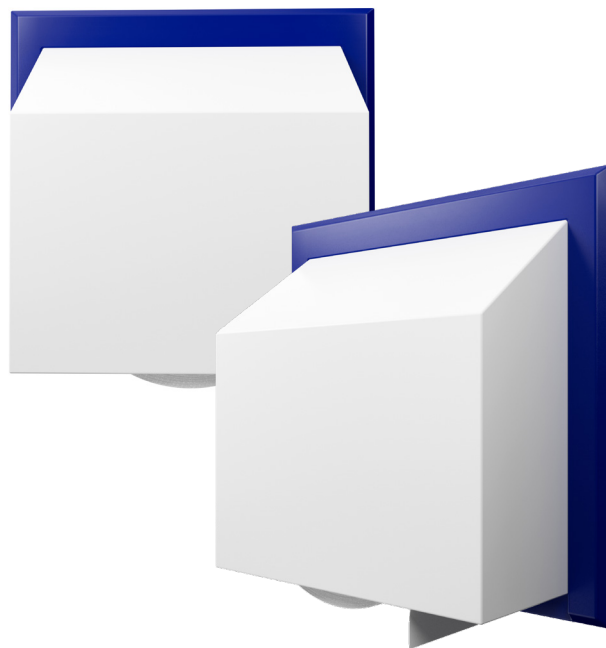

To discover more about the washroom dispenser options available for your premises call our team on **+44 (0)1253 738311** or email us at sales@dudleyindustries.com

Dementia Range

Product Highlights:

Jumbo Toilet Paper Dispenser

- › Jumbo toilet roll dispenser suitable for different paper types
- › Easy for staff to refill
- › No internal mechanisms for user safety
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive powder coating

The environmental choice:

We believe the best way to reduce waste is to design products that last a long time, decades even. And classic, timeless designs never go out of fashion.

But there is more to our products than just their reliability. Did you know that stainless steel is made up of 60% recycled content? And that stainless steel can be re-cycled countless times without any loss of quality.

Dudley Industries, experts in hand hygiene dispensers since 1942.

We have over 80 years of experience in designing and manufacturing washroom dispensers, so you're in good hands. All our dispensers are designed by our team of engineers and made on site at our Lancashire factory. From here, we serve a global market and our products can be found in the most prestigious addresses around the world.
