## Airfield Ground Lighting (AGL) installation at Stansted Airport

**LATEST  
NEWS**

**Monday 21st July**

**LATEST  
NEWS**

**CASTLE & PRYOR IN ACTION**

Castle & Pryor are fully equipped to install Airfield Ground Lighting (AGL's)

Airfield Ground Lighting, or AGL's, ensure the safe passage of aircraft around Airports, MOD facilities and Airfields around the UK and the World. These provide visual guidance for pilots and other airport users during, takeoff, landing, taxiing operations and airfield maintenance, especially in low visibility conditions.

## OUR LATEST VIDEOS

### MAXI-CRETE REPAIR ON GOOSE BRIDGE

Using our trailer rig we Diamond Drilled 30nr 182mm diameter holes for bollard installation.

With a diesel engine driving a hydraulic drill motor and an onboard water tank and pump, the Trailer Rig provides a self-contained solution to this problem.

Working the night shift at Heathrow with our Hilti Ws15 Wire Saw.

We needed to complete a horizontal cut through a reinforced concrete chamber measuring 1.85m x 0.8m. We used our Hilti Wire Saw to complete the cut, working the nightshift to ensure limited disruption.
