Climbing frame accessories.....	6-7
Construction components.....	8-9
<b>BLUE RABBIT CLIMBING FRAMES</b> .....	10
<b>BLUE RABBIT MODULES</b> .....	11
Compatibility chart .....	12

**INFORMATION**

**OPS** is your ideal partner for playground equipment accessories and components for both private and public market applications. The items in this catalogue are stocked in the UK and available for quick delivery to retailers or direct dispatch to end users within Mainland UK. OPS can also source other residential and commercial play equipment to meet customer's requirements. Please contact us if you cannot find in this catalogue what you are looking for.

**KBT** is specialised in the development and the manufacturing of all accessories for playground equipment for both private and public use.

**KBT** and **Blue Rabbit** products are tested and certified by independent inspection agencies. They are designed to comply with the European standard EN 1176, EN71. The residential

products

that comply with the European legislation according to EN 71 are CE marked, which is mandatory when importing or selling products in the European Union.

All KBT products – with few exceptions - have a 2 years manufacturer warranty.

Slides are carried in stock in dark green, red and blue. Other colours, on request.

The colour options are offered in the catalogue under each picture. Other colour options available on request on box quantities according to KBT main catalogue.

Most articles also have a manual included in the packaging explaining the required installation conditions and instructions for use. Product specific guidelines regarding regular inspections and maintenance are indicated here and need to be followed to ensure warranty.

All goods always leave our warehouse in good condition. Unfortunately transport damage can occasionally happen. Therefore we ask customers to inspect the goods upon arrival. If any damage is noticed, this needs to be clearly mentioned on the transport documents before signing them! Without such notice, claims towards the transport company cannot be made afterwards.
