

Lancing Marine

Delivering Marine Propulsion Solutions Since 1970

Marine Expertise

Founded by pioneering engineer, Mike Bellamy, Lancing Marine began by testing and developing products in the demanding world of offshore powerboating. With over 50 years of hands-on innovation and propulsion expertise, we continue to supply and support the specialised marine propulsion industry, from individual components to complete assemblies.

About Lancing Marine

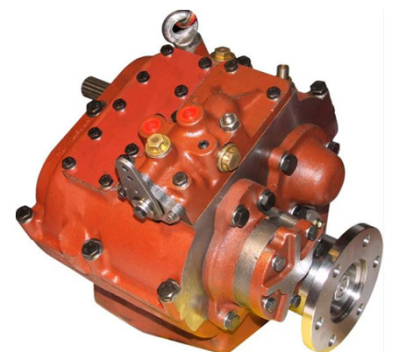

We are an independent marine engineering supplier supporting commercial operators, marine businesses, and end users. From our Portslade, Sussex works, we offer a quick, flexible, and knowledgeable approach. With 770 m² of workshops, offices, and warehousing, we provide:

- **Extensive UK stock**
- **In-house Single-site supply & logistics**
- **Rapid response & expert advice**
- **Machining and rebuilds**
- **Extensive website**

Specialist Driveline Solutions

We supply the UK, export to EU and global markets with new FPT and rebuilt Ford (2700+) engines along with spare parts for Sabre, FPT Iveco, Perkins, and Lehman. Our range includes Bowman Heat Exchangers, Jabsco pumps, PRM and ZF gearboxes, Python Drive, R&D Driveplates, Manecraft Deep Sea Seals, sterngear, and propellers. We also distribute Castoldi Waterjets—all backed by UK-held stock and full workshop support.

Lancing Marine

Delivering Marine Propulsion Solutions Since 1970

FPT Engines

FPT Mechanical FIP Engines (N45 74kW, N67 110kW).
Swing unit packages available for installation.

Ford & Perkins Classic

Original Ford mariniser. Ford 2700 Dorset and 2720 Dover series engine supplied or rebuilt to original specifications.

Base & Marine Engine Parts

Extensive stocks of Ford and Perkins classic engine parts held. Base engine, marine, electrical replacement parts.

Workshop

Fully equipped work and machine-shop enable nimble adaptations and customisations to meet client requirements.

PRM ZF Marine Gearboxes

PRM, ZF, Technodrive, Velvet Drive units and repair parts. We repair. Extensive stocks held for repair or replacement.

Bowman Heat Exchangers

Work in partnership with E.J. Bowman. Hold large stocks of Heat Exchangers, Oil-Coolers and Marine specific Manifolds. Obsolete marine units remanufactured with Bowman parts.

Jabsco Sea Water Pumps & Range

Distribute Jabsco/Xylem Seawater Pumps and parts. We offer a Trade program to support commercial clients.

Manecraft Deep Sea Seals

These seals supplied to both Commercial and Leisure clients. Extensive stocks held across the range.

Python-Drive

We are a Python-Drive distributor with deep application knowledge. We hold stock and can fast-track supply.
