

OHEAP

FIRE & SECURITY

***Our business is
protecting yours***

About Us

We've been security specialists since 1958, proudly holding **NSI Gold approval** and supporting over **10,000 customers** nationwide. Our promise? To deliver **360° protection** to people, property and business.

Looking for bespoke **CCTV** or **access control systems**? We'll **design, install and maintain** them to meet your specific needs.

Need **monitoring** or **keyholding**? We're on watch **24/7**.

Looking for a security company to take over the maintenance and monitoring of your security system? Our experts can help.

Whatever your security needs, **OHEAP Fire & Security** can help you protect every element of your environment.

What We Offer

We **design, install, monitor and maintain** security systems to NSI Gold approved standards. Whether you need a standalone solution or a fully integrated system, we've got you covered.

CCTV Security Systems

- ✓ AI-powered analytics, thermal detection and night vision
- ✓ 4K video and sound recording
- ✓ Fully integrated or retrofit-ready systems
- ✓ Cloud-based access for remote app monitoring anywhere
- ✓ ANPR cameras available for smarter perimeter control

Intruder Alarms

- ✓ Smart motion sensor integration for instant alerts
- ✓ Retrofit-ready for multi-layered protection
- ✓ Choose visible or covert models in three detector colour options

Access Controls

- ✓ Key pads, cards, tokens, remote barriers or biometric ID
- ✓ Flexible configuration for discretionary, mandatory or role-based access
- ✓ Manage permissions and track movement effortlessly

Key Holding and Monitoring

- ✓ 24/7 key holding and alarm response
- ✓ Rapid attendance, typically within one hour
- ✓ Detailed incident reports
- ✓ NSI Gold ARC monitoring
