# Your Water Cooler Moment

## Driving Connection Through Hydration

In the fast-paced world of work, it's easy to overlook the importance of taking a break. But stepping away from your desk to gather around the water cooler with colleagues isn't just a chance to hydrate—it's an opportunity to recharge, connect, and spark creativity.

## Positive Work Environment

When you take a moment to sip some water, and chat with a coworker, you're doing more than just quenching your thirst. You're building essential relationships that can support you throughout your work life. These interactions can reduce stress, solve problems and fuel a positive work environment.

## Boost in Productivity

Research shows that 80% of employees who take regular breaks are more engaged at work and experience a boost in productivity and creativity. Sharing a laugh or discussing a project over a refreshing drink can unlock creative solutions and energise your mind for the tasks ahead.

## More than just a Break

Next time you feel the pressure building, remember: your water cooler moment is more than just a break—it's a vital part of maintaining mental health and driving the creative, connected workplace we all thrive in.

# Introducing Truestart

Founded in Bristol by Helena and Simon back in 2015. Truestart was created with the mission to create the first caffeine regulated coffee after discovering that the caffeine levels in coffee can vary wildly.

Truestart are also certified carbon negative which they achieve through calculating their carbon output, reducing carbon output within their production process & investing in projects that offset 120% of their carbon emissions.

## Meet the Products

### Barista Grade Instant

The coffee that started it all, their legendary super smooth instant coffee that leaves you feeling amazing.

**Great Value:**  
From only 8p per cup

**Coffee Origin:** 100% Colombian Arabica

**Tasting Notes:**  
A delightfully rich & very smooth coffee with chocolate notes throughout. Tastes amazing black or white, hot or cold.

### Barista Grade Decaf

The decaf version of the one that started it all, super smooth and delicious, just minus the caffeine.

**Great Value:**  
From only 8p per cup

**Coffee Origin:** 50% Colombian Arabica, 50% Brazilian Arabica

**Tasting Notes:**  
A delightfully rich & very smooth coffee with chocolate notes throughout. Tastes amazing black or white, hot or cold.

### Super Blend Instant Coffee

Start the day off with an extra kick! Enjoy a stronger flavour with naturally higher caffeine.

**Great Value:**  
From only 8p per cup

**Coffee Origin:** 100% Brazilian Robusta

**Tasting Notes:**  
Dive into a stronger taste from Brazil's finest Robusta beans - deep, earthy undertones with hints of dark chocolate and toasted nuts, rounded off with a caramel sweetness.

# Health Benefits of Bottled Water

Drinking at least 2L of water every day to stay hydrated is an important factor in supporting a healthy lifestyle.

According to the NHS, drinking plenty of water supports the healthy function of our digestive system, maintains skin health & for those looking to lose weight can provide a great alternative to sugary drinks.

Tailored to meet your unique needs and elevate your hydration experience, at Eden Springs, we pride ourselves on more than just providing water and coolers. We're dedicated to our customers to ensure complete satisfaction by delivering excellence every step of the way.
