

OHEAP

FIRE & SECURITY

YOUR PROTECTION EXPERTS FOR 2026

For over 60 years, OHEAP Fire & Security has protected thousands of businesses with trusted, accredited fire and security solutions.

Sustainable Fire Safety

We're driving sustainable fire protection, offering:

- PFAS-free fire extinguishers,
- An eco-friendly servicing process,
- LPCB-approved Green Seal kitchen suppression systems.

Holistic Security Solutions

We can provide your business with comprehensive security services, including CCTV, VSS ANPR, access control, intruder alarms, and keyholding.

With our four core pillars — Monitoring, Servicing, Maintenance, and Designing — we deliver reliable, 360° protection for complete control.

Compliance You Can Count On

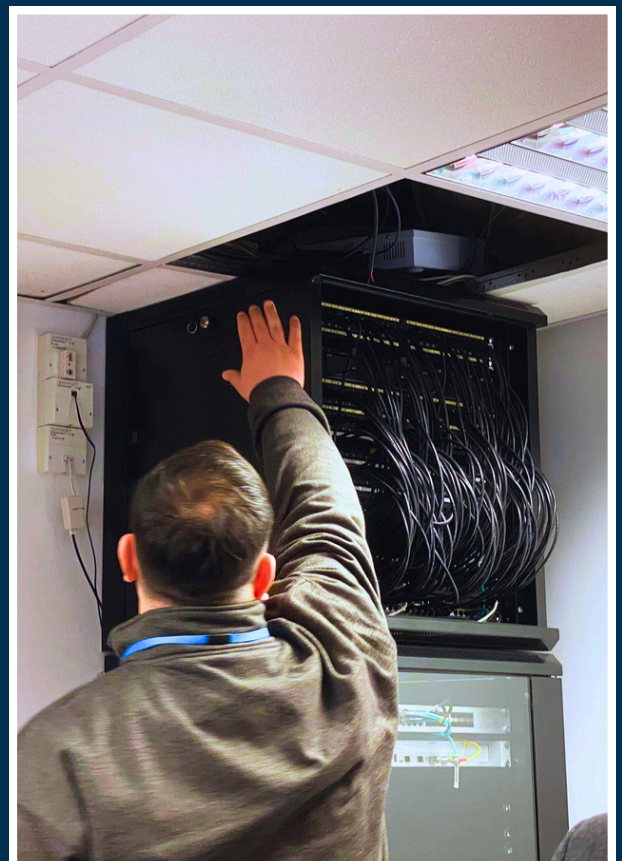

As BAFE and NSI Gold accredited specialists, we design, install and maintain security and life safety systems that safeguard people and property with precision and trust. Our risk assessors are accredited to the highest standards.
