SWEEPERS

SRS industrial sweepers remove fine dust and heavy debris from hard floors. Designed for constant use in warehouses and construction sites.

MAGNUM

Heavy-duty ride-on sweeper designed for large industrial and outdoor areas.
Available in Electric, LPG and Diesel.

RIDER LIFT

Compact ride-on sweeper with hydraulic dump system for easy waste disposal. Ideal for tight spaces needing efficient dust and debris control.

RIDER

Compact ride-on sweeper designed for tight spaces and light industrial use. Delivers strong dust control and easy manoeuvrability.

KOBRA

Pedestrian sweeper for indoor and outdoor cleaning of small to medium areas. Delivers powerful dust and debris collection

A teal-colored SRS scrubber dryer is shown in operation within a large industrial warehouse. A person is seated on the machine, steering it. The machine has a large cylindrical tank on its side and various mechanical components visible at the rear. The background consists of tall, blue metal shelving units filled with boxes. The floor is a smooth, light-colored concrete.

SCRUBBER DRYERS

SRS scrubber dryers wash and dry floors for a spotless, slip-free finish. Built for industrial environments, they are available across the UK with reliable service and support.

E110

Heavy-duty ride-on scrubber dryer for large industrial areas. Simple to operate and battery powered for maximum convenience and efficiency.

E85

Versatile ride-on scrubber dryer for medium-sized industrial and commercial areas. Provides powerful cleaning performance.

E65

Compact ride-on scrubber dryer ideal for tight spaces and small industrial areas. Offers excellent manoeuvrability and cleaning performance.

E71

Heavy-duty pedestrian scrubber dryer for medium industrial and commercial spaces. Delivers powerful performance with spotless results.

E51

Compact pedestrian scrubber dryer for small industrial and commercial spaces. Offers powerful cleaning performance with easy handling.

E36

Ultra-compact scrubber dryer designed for tight and congested areas. Delivers powerful cleaning performance with exceptional manoeuvrability.
