**BESPOKE
SCHOOL
BLINDS**

WHY CHOOSE SOLAIRE BLINDS

Safety First: Your Students, Our Priority

All our blinds comply with the Make it Safe campaign standards with built in safety devices at no extra cost.

- **FREE** no obligation site visit
- **FREE** professional installation
- Competitive pricing
- Maintenance packages available
- BBSA accredited
- over 40 years experience

ROLLER BLINDS

Our roller blinds combine simplicity with superior functionality.

Each roller blind is crafted to provide optimal light control while maintaining the highest safety standards.

All roller blinds can be motorised for complete safety.

Fire-retardant fabrics meeting BS
5867-2: Type B standards

Matching school colours and branding

Child safe mechanisms exceeding EN
13120:2009+A1:2014

Dim out and Blackout fabrics available

Reduce glare on interactive whiteboards
and screens

Helps to lower energy costs

Easy to clean and maintain

VERTICAL BLINDS

Modern classrooms often feature expansive windows that demand sophisticated light management.

Our BBSA approved vertical blinds are specifically engineered for these challenging spaces.

Enhanced privacy without compromising natural light

Extra-large options for halls and communal spaces

Dim out and blackout fabrics available

Fire-retardant fabrics meeting BS 5867-2: Type B standards

Matching school colours and branding

Child safe mechanisms exceeding EN 13120:2009+A1:2014

SECURITY

Our school specific vertical and roller blinds combine robust security features with easy operation. In alignment with **UK Counter-Terrorism Protective Security Advice for Educational Institutions**, our blind systems integrate with lockdown procedures, allowing rapid deployment for enhanced privacy and security during emergency situations. The swift operation mechanism enables staff to secure classrooms efficiently while maintaining quick evacuation capabilities when needed.

SAFETY

As proud members of the British Blind and Shutter Association, we actively participate in the Make it Safe campaign, ensuring every blind installation exceeds UK safety requirements.

Child safe by design principles

Professional Installation

Regular safety audits & maintenance checks available.
