

# UNLOCK THE FULL POWER OF MICROSOFT 365

Cut Costs-Boost Security - Automate Everything - Work Smarter

**Most businesses waste money on Microsoft 365 –  
Don't be one of them!**

**1**

## STOP OVERSPENDING ON LICENSES

- Identify unused licenses
- Downgrade or upgrade plans based on actual needs
- Use tools like Microsoft 365 Insights

**2**

## AUTOMATE EVERYTHING

- Automation = consistency + massive time saving with tools like
- Microsoft 365 Lighthouse
  - Azure Lighthouse
  - Simeon Cloud

**3**

## FORTIFY YOUR SECURITY

- Multi-Factor Authentication (MFA)
- Conditional Access Policies
- Microsoft Defender & Purview
- Microsoft Secure Score improvements

**4**

## MONITOR PROACTIVELY

- 24/7 health checks
- Patch management
- Fast incident response

**5**

## BACKUP – BECAUSE MICROSOFT DOESN'T DO IT FOR YOU

- Automated cloud backups (Outlook, OneDrive, SharePoint)
- Rapid recovery solutions

**6**

## SUPER-CHARGE COLLABORATION

- Collaboration tools optimised for faster performance
- Well-managed permissions and sharing policies
- Staff trained to use tools effectively

**7**

## EMPOWER YOUR TEAM

- Role-based training
- Ongoing education on new features
- Tailored consulting to align tools with business goals
