Accountability - Integrity - Reliability

Enhanced Safety with Mansafe Systems and Eyebolt Testing Solutions

Compliance with safety regulations in the realm of working at height is of paramount importance, and partnering with CCWC Services ensures that this crucial aspect is not only met but exceeded. Our unwavering commitment to adhering to the strictest British Standards, such as BS EN 795 and BS EN 7883, guarantees that your safety measures are not just legally sound but also morally responsible.

By choosing CCWC Services as your trusted partner, you're making the proactive choice to prioritise the well-being of your workers and contractors minimising potential risks associated with tasks performed at high levels. We go the extra mile to provide thorough inspections, regular testing, and dependable installation services, all designed to ensure that your compliance is not just a checkbox but a testament to your dedication to safety. Your business deserves nothing less than the ultimate in safety and reliability, and CCWC Services is here to deliver precisely that.

Contact us today to learn more about our Mansafe Systems and Eye Bolt Testing.

MANSAFE SYSTEMS

Safety is paramount in working at height. CCWC Services ensures worker well-being and minimises risks.

Mansafe Systems:

We test and maintain safety lines, meeting EN795 standards for fall restraint and arrest.

Testing and Inspection:

We rigorously inspect fall safety systems, complying with BS EN 795 and BS EN 7883.

Eyebolt Testing & Installation:

Our experts ensure anchoring devices and abseiling points are dependable.

Frequent Inspection:

Beyond annual checks, we perform proactive inspections based on risk assessment.

Legal Compliance:

We align with Work at Height Regulations (WAHR) by meeting British Standards.

Safety Assurance:

Our MD, Lee Clark, is an SMSTS Health & Safety Supervisor, and our team follows BS EN795 and BS 7883:2005 standards for your safety.

Thank you to CCWC for the professional service on Pull Testing our anchors at our indoor climbing wall. Staff were knowledgeable and had undertaken the appropriate research and liaised with other necessary companies to ensure that they could fulfil all requirements needed before agreeing to do the work. CCWC were the only company out of the ones we contacted that were thorough in this way
