24 NRG GROUP®

SPECIALISED SERVICES AND SOLUTIONS

DISPENSER SUPPLY AND INSTALLATION

We offer a wide range of dispensers, with supply and installation available. Sites include:
Hospitals, Offices, Schools, Colleges and Universities, Care Homes, Airports, Public Transport Terminals and many more.

ANTI-MICROBIAL COATING SERVICE

Our Resysten photocatalytic coating system based on a uniquely developed solution. The coating system, thanks to our research, integrates to the host medium on a molecular level.

AIR PURIFICATION SYSTEMS

Our Resysten photocatalytic coating system based on a uniquely developed solution. The coating system, thanks to our research, integrates to the host medium on a molecular level.

DEEP CLEANING AND DECONTAMINATION

We specialize in comprehensive deep cleaning services for care homes and other facilities. Full decontamination service available to maintain hygiene and safety standards. Mattress cleaning and decontamination available to enhance comfort and reduce risks for service users.

CHEMICAL DOSING EQUIPMENT

We supply, install and maintain for a wide variety of dosing equipment. This includes:
Laundry washers and Disinfectors, Dishwashers and Disinfectors, Water-fed Systems and Manual Dosing Systems.
