# Profile Beds & Accessories

Our collection includes electric adjustable beds, low profile beds, and hospital profiling beds, all sourced from trusted healthcare manufacturers. Including:

Invacare, Alerta, Drive DeVilbis, Harvest Healthcare, Renray, Accora and many more.

These beds provide multiple positioning options to assist with patient transfers, pressure care, and ulcer prevention, while also supporting carer safety during day-to-day care tasks.

With adjustable height, head, and leg sections, profiling beds are ideal for individuals with limited mobility, long-term health conditions, or recovery needs. They promote comfort, independence, and dignity for service users, while reducing strain for care staff.

Accessories**

# Pressure Care Solutions

Explore our range of high-performance pressure care mattresses. Designed to provide effective pressure relief and ulcer prevention for patients and residents in care homes, hospitals, and residential care settings.

Our collection includes alternating air mattresses, static foam mattresses, and hybrid pressure care systems, all from trusted healthcare brands. Including:

Apollo HT, Wellell, Drive DeVilbiss, Invacare, Alerta, Winnicare, Integrity and many more.

These specialist mattresses help reduce the risk of pressure ulcers (bedsores) by redistributing pressure, promoting circulation, and supporting overall comfort and wellbeing.

Ideal for long-term care, post-operative recovery, and individuals at high risk of skin breakdown, our pressure relief mattresses are essential equipment for maintaining high standards of care.
