

Lockdown and Critical Communications Platform For UK Enterprises

Cosafe helps companies implement their emergency and lockdown plans and communicate efficiently through every stage of an incident without requiring investment in new infrastructure hardware.

Emergency Planning and Lockdown Compliance

Cosafe helps hotels and hospitality venues comply with guidance and legislation such as the HSE guidance on Planning for incidents and emergencies and the recently enacted Terrorism (Protection of Premises) Act 2025 also known as Martyn's Law.

Martyn's Law

Under the new UK counter Terrorism (Protection of Premises) Act 2025 also known as Martyn's Law, business with premises that expect over 200 people on site must have clear plans and procedures for evacuation, invacuation, lockdown, and communication during incidents.

Cosafe Makes Compliance Easy:

- One-tap alerts for any emergency scenario.
- Custom response plans and templates.
- Emergency communication and messaging.

HSE Guidance

The HSE publishes guidance for many hospitality environments including planning for incidents and emergencies at events. Cosafe helps organisations prepare and communicate during emergencies.

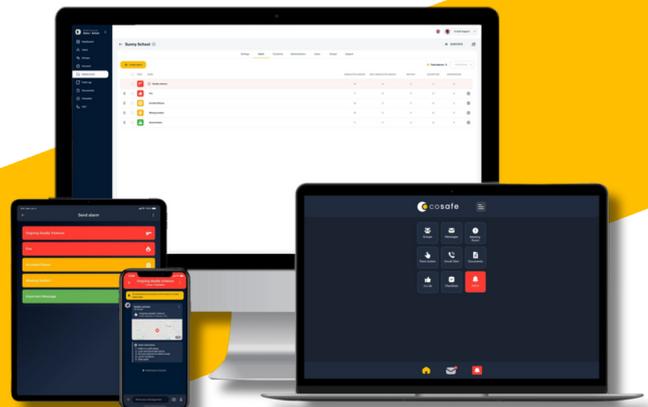

How Cosafe Helps:

- Document repository for plans.
- One-Tap customised alerts.
- Emergency communication.
- Live emergency checklists.

Alert, Manage and Escalate With Ease

Cosafe gives venues a simple yet powerful way to stay in control during critical moments. From the first sign of trouble, staff can trigger a response that sets everything in motion – instantly notifying those who need to know. The platform guides users through each step, ensuring no action is missed and support is mobilised quickly.

Whether it's a lockdown, evacuation, or medical emergency, Cosafe streamlines coordination. Key decision-makers are alerted automatically, updates are shared in real time, and the situation is escalated as needed, whilst retaining an accurate audit trail of communication.

One Solution For Any Emergency

Cosafe is more than a "lockdown tool" It provides a suite of solutions which help organisations communicate efficiently in every day scenarios and through many types of emergency.

Cosafe guides you through every step of the incident and equips you for rapid and efficient incident management regardless of scale or location.
