

RWM SC3500 Static Compactor

Product Specification

 Compact Waste Baler

 **Riverside**

wastemachinery.co.uk

Effortlessly Manage High-Volume Waste

Riverside static compactors are powerful, space-saving solutions for businesses generating large volumes of waste or recyclables. Designed for maximum efficiency, they significantly reduce waste volume, cutting collection costs and improving site cleanliness. Highly configurable to suit individual needs, these compact yet robust machines offer hassle-free operation, making waste management simpler, cleaner, and more cost-effective.

Basic Specification

- ✓ Open top hopper for easy hand loading or mechanical loading
- ✓ Built in power pack with all controls enclosed
- ✓ PLC controlled system
- ✓ PUSH BLADE PACKING MECHANISM
- ✓ Galvanised hooks and container ratchets
- ✓ Robust design and heavy duty construction
- ✓ Built to CHEM specification
- ✓ Designed and manufactured to EU machinery directives and certified CE compliant

Benefits

- ✓ Reduced waste collection costs
- ✓ Designed with maximum operator safety in mind
- ✓ Low running costs with Riverside low energy power pack systems
- ✓ Low energy carbon footprint
- ✓ Easy to operate and load
- ✓ Reduced manual handling and risk to staff
- ✓ Streamlined operations
- ✓ Maximum payload on each lift
- ✓ Maximum performance and life long reliability
- ✓ Available in 2 power pack options - 26T and 38T

Optional Fitouts

Open top hopper for bulk loading

Through wall chute loading fit out

GSM modules with performance monitoring and notification system

Bin tipper for 120 to 1100 litre wheeled carts

Off-line power pack cooling systems

Text & email GSM notification system

Enclosed hopper with interlocked access door

Conveyor interfaced hoppers

Guide rail and in-floor plates

Off dock loading

Rear loading bin lifting option

Auto starting systems

RWM SC3500 - with STD open hopper

Technical Specifications

Specification	SC3500-38T	
Compaction force @ 200 bar (tonnes)	38	
Motor power (kw)	5.5 to 15kW, 16A	
Power supply	3 PH + E + N, 400V, 50Hz	
Std factory set cycle time (secs)	90	
Fast cycle options (secs)	55	
Additional power pack options	Up to 15kw	
Charge box volume (m ₃)	3	
Compactor length (Excluding clamps - mm)	5316	
Compactor width (Including clamps - mm)	2645	
Compactor height (mm)	2505	
Loading height (mm)	1625	
Chamber width	1505	
Chamber length	2100	
Chamber height	1270	
Compactor weight	4500
