ULTIMATE CLEANING EXPERIENCE

Six mistakes you **MUST** avoid when choosing an office cleaning company

1. Failing to clearly communicate your needs and expectations

2. Choosing a provider solely on phone and email contact

3. Choosing a cleaning company based on price alone

4. Overlooking the cleaning company's systems for delivering on its promises

5. Neglecting to ask for (or follow up with) references

6. Failing to carefully review the final contract before signing off
