

**PROTECT PRIVACY.
DETECT THREATS.
RESPOND INSTANTLY.**

Advanced safety monitoring for venues, public spaces, transport hubs, hospitality, and security-sensitive environments.

SECURITY WHERE CAMERAS CANNOT GO

The HALO Smart Sensor provides real-time detection of safety, environmental and behavioural threats in privacy-sensitive spaces where traditional CCTV cannot be used.

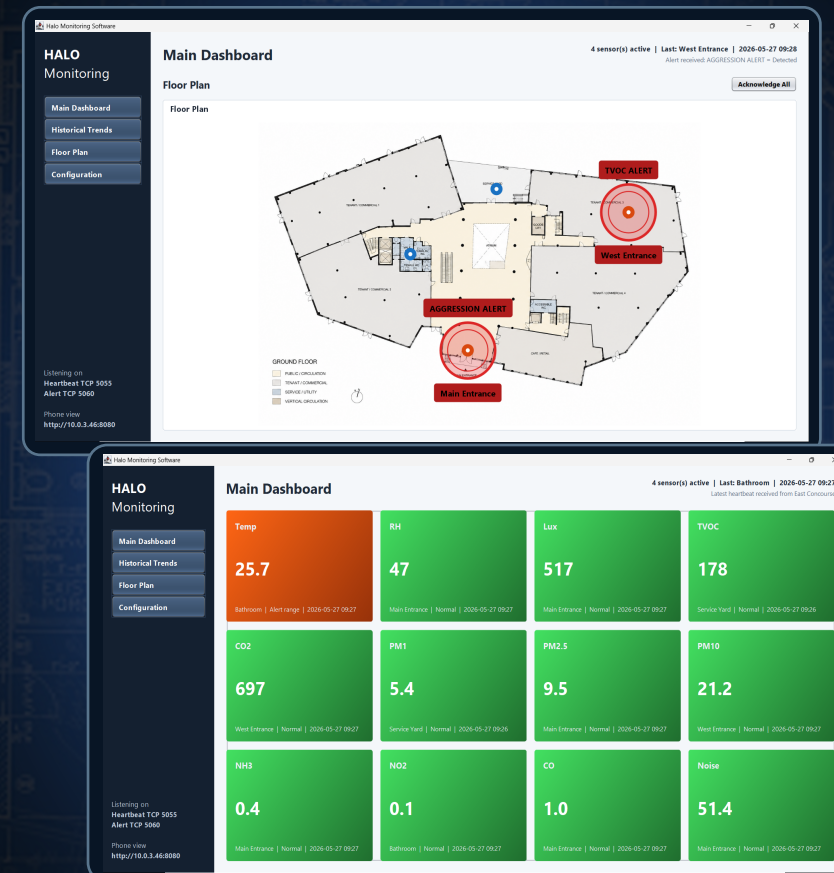

Designed for modern venues and public environments, HALO helps security teams detect vaping, aggression, gunshots, distress events and air quality issues without recording video or conversations.

**TURN SENSOR DATA
INTO ACTIONABLE
INTELLIGENCE.**

Our HALO Monitoring Software gives security teams a live, real-time view of environmental and safety events, with instant alerts and precise location information.

- ✓ Live environmental monitoring
- ✓ Active floor plans with live alerts
- ✓ Instand, precise and useful alerts
- ✓ Multi-site, multi-sensor visibility
- ✓ Historical data and trend analysis
- ✓ Integration with your systems
- ✓ Additional Panic Button Modules
