

Revolution

Electronic Lock Set

The TLJ Revolution lock set combines RFID and BLE technology to deliver seamless, contactless access with enhanced flexibility for modern environments.

Its slimline, modern design is ideal for both new developments and refurbishment projects, with a range of fore ends, keep plates and escutcheons enabling a simple upgrade from older mechanical or mag-stripe systems.

Revolution Lock Set Stencil

Lock Case Options

European 60mm
Back Set Radial fore end

City Wharf,
Glasgow

Contactless access with RFID and BLE technology

Flexible access with support for mobile keys, keycards, fobs and wristbands

Mobile Keys

Keycards

Wristbands

Fobs

Frictionless access with mobile keys.

TLJ Mobile Keys™ are a secure digital access credential, removing the need for physical keycards. Keys are delivered directly to a user's smartphone and stored securely in the cloud with end-to-end encryption. Access is protected by the device's built-in security, including Face ID, fingerprint or passcode.

- Seamless, contactless access
- Secure mobile key delivery via:
 - The TLJ app
 - Custom white-label app
 - Integration with your existing app
- Hands-free access
- Keys can be stored in:
 - Apple Watch
 - Home screen widgets
 - Apple Wallet (*coming soon*)
