Internal Window & Glass Partition Cleaning

Crystal Clear Results with Minimal Disruption

TCMS provides professional internal window and glass partition cleaning using a low-moisture method, ideal for busy commercial environments.

STREAK-FREE FINISH | MINIMAL DOWNTIME | PROFESSIONAL RESULTS

1 Apply Chemical

Using a clean, damp cloth, apply the specialist glass cleaning chemical from a bucket of water.

2 Blade Clean

Use a professional window blade to remove water and dirt, keeping spillage to a minimum.

3 Polish to a Shine

Finish with a dry, lint-free cloth to polish the surface, leaving a streak-free, professional shine.
