'When only the best will do...'

PYTHON®
THE WORLD'S NUMBER ONE LAUNDRY CHUTE SYSTEM

At GED Chutes we supply the worlds best Commercial Laundry & Refuse Chutes. When you simply want the best then there's only one choice - Python, the worlds number one Chute System. We opt for the highest quality, a fully tailored Chute that can be customised and designed for multiple commercial applications. Designed using 1.5mm, laser welded industrial grade stainless steel, our Chutes have minimum one hour UK fire rated access doors. Python access hatches are certified to international standards and our automatic fire dampers carry a two hour rating. The Python is fully compatible with sophisticated electrical interlocking door systems and offers a minimum ten year guarantee. Every Chute is installed by fully trained and qualified engineers.

An award winning,
highly competitive
company with a
market leading
reputation...

“no problem”
