# complete servicing solutions

Select a service option to suit you and your business and if you need a part repaired or replaced...

**“no problem”**

**If you are a Hotel, Care Home or Retail Outlet and have a Laundry Chute, we can easily ensure all year round fire safety standards are met. We can provide a service contract that suits you and your budget.**

An Account Manager will be assigned to you and your business who will co-ordinate and oversee the entire process - Fire Risk Assessments, Service Inspections to comply with Insurance Policies and Maintenance when you need it.

The GED Team are available 24/7 anywhere in the UK and with our immediate call out service you can enjoy complete peace of mind.

General Enquiries | 0800 046 7922

the most efficient way to ensure your laundry chute stays safe and compliant

We can service any Commercial Laundry & Refuse Chute. At GED Chutes we provide superior year round fire safety and maintenance to suit you and your organisation's budget.

Changes in the law state that Chutes are required to be inspected at least once annually for full insurance compliance. Using our unique i-app we provide 'LIVE' mobile onsite reporting and certification.

All fire doors will be anti-bacterially cleaned, all fixings secured and all moving parts will be lubricated.

If any fault or issue is discovered then GED Chutes can recommend and manage the repair to fully comply with UK Fire Regulations and our service offers a 12 month guarantee.

GED Chutes understand that not every business wants a restrictive service contract and that's why we can offer a tailored solution that suits your business needs and budget.

Our highly trained Engineers are available 24/7.

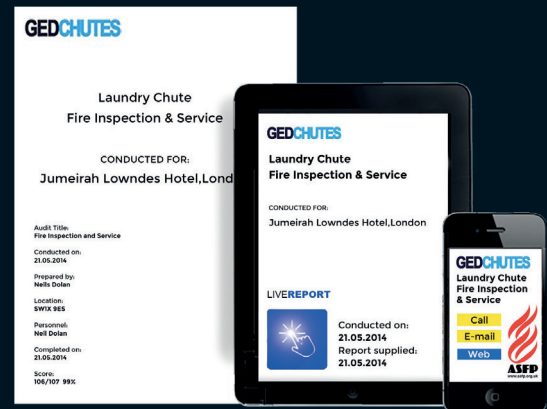

**A comprehensive, fully compliant service utilising 'Live' onsite reporting and certification...**

**“no problem”**

### Our full inspection includes;

- Fire Doors
- Access Hatches
- International Standard Automatic Dampers
- Fuseable Links
- Integrated Electrical Interlocking Systems
- Chute and Collection Area
