ABOUT US

Welcome to Buttercups Uniforms – our purpose is to produce the highest quality workwear for beauty, health and pharmacy professionals, combining outstanding design and value. The secret is in our attention to detail, which has earned us a reputation for excellence and style, and made us the preferred supplier for most high-end salons, spas and pharmacies in the industry. Our family-run company has been in business for over 30 years, and during that time, we have carefully sourced the finest fabrics, which we then craft them into fashion-forward uniforms, bringing together the practical needs of a beauty & health professional with impeccable style.

We are proud to have led the way in creating beautiful workwear, and we're confident that our new collection is our most stylish yet. Offering an extensive range of styles, from popular classics to new innovative designs, our uniforms are designed to flatter all shapes and enhance the professional edge of your business. We truly understand the importance of value for money and we are delighted to now offer new lower prices across our range, with discounts available for bulk orders on certain styles.

Let me take this opportunity to thank you for your continued support and custom – we hope that you enjoy browsing and shopping our new collection as much as we have enjoyed creating it for you!
