

THE GATE CLOSER SPECIALISTS

Sure Close Easy

Hinge closer with two-way 90° opening and hydraulically controlled closing speed

In recent years, Sure Close has become a popular choice for installers and specifiers because it's smaller than most other closers and yet still offers full adjustment of closing speed, final latching speed and also provides two-way opening when required. This new product in the Sure Close range maintains the same high-quality and functionality and is now available in the new Easy version which is specifically designed for retrofitting to existing gates.

Gate Size	Self-Closing Gate Weight Max*
72"H x 40"W (1.8mH x 1mW)	180 lb (80kg)
72"H x 48"W (1.8mH x 1.2mW)	130 lb (60kg)

***CAUTION:**

Based on max gate size 72"H x 48"W
(1.8m x 1.2m).

For gates with greater HxW, or if conditions such as wind play a role, use a different model of SureClose hinge + closer combination with higher self-closing weight ratings.

Sure Close Overview:

Self closes gates up to 80 kg

Opens to and self-closes from 90°

Designed for installation to gates with in-line (centre-mounted) hinges

Suitable for retrofit or new gate installs

Can be installed with post to frame gaps up to 100mm (4")

Adjustable hydraulic speed control of closing speed and final latching speed

Can provide two-way self closing

(+90° and -90°)

High resistance to corrosion

Low hand force to open gate will enable compliance with most regulatory requirements and guidelines

*All EASY closers include fasteners, gate and post mounting brackets.

**Yes (SF) = Gate will not hold open at 90° (OK for safety gates). Do NOT use a hinge with a 90° hold-open feature (-) for pool/child safety gates.

IMPORTANT: For maximum gate weights, see weight chart above. CAUTION: A gate stop must be installed when using SF models. Gate must not be allowed to open past 90°. Doing so voids warranty.

Product Dimensions

GATE FUNCTION

- Final latching speed
For electric/coded locks
- Self-closing
Speed adjustable

EASY Hinge-Closer

Models	Bracket Material
72108423	Aluminum

Mounting Brackets & Fasteners included

SELF-CLOSING - SAFETY (SF Model)
Suitable for child/pool safety*
DO NOT PROP GATE OPEN

Center Mounted:
Center of gate and post are aligned.

CAUTION: When used on swimming pool gates, always consult local authorities for swimming pool Codes.

CAUTION: A gate stop must be installed when using SF models. Gate must not be allowed to open past 90°. Doing so voids warranty.
