Mattress Sizing

SIZE

We offer a range of standard sizes based on UK and European standards.

* Those marked with an asterisk are standard UK sizes. This means these sizes are most compatible with standard bed bases and sheets.

Always measure your bed frame to ensure you are selecting the right size.

As each bed is handmade to order, we can also build beds to bespoke dimensions upon request.

Bed Bases

STYLES

Your bed base can change the feeling of a mattress greatly. We offer a range of firm and sprung bases shown below.

* When you select fixed legs, we can adjust the thickness of the divan base. This means the bed will sit at the normal 38cm, the perfect height for guests to safely and easily get in and out of bed.

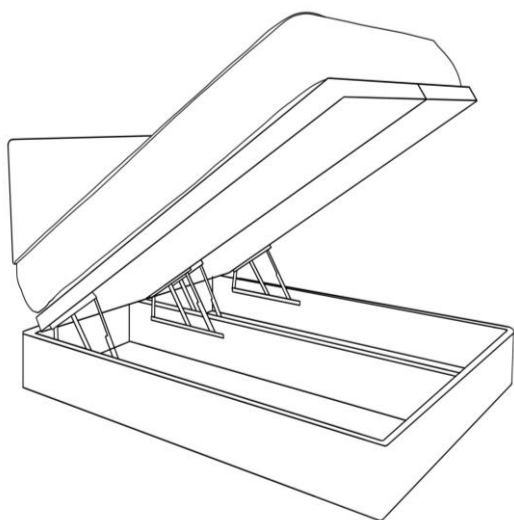

Storage

STYLES

To maximise the space in your room, we offer the following storage types.

Ottoman

This storage allows you to lift the mattress and bed lid to reveal storage underneath.

Stowaway Beds

HOW IT WORKS

A stowaway is a great way to offer flexible room set ups.

Each stowaway bed is concealed under a weighted flap panel along the side of the base, secured with Velcro.

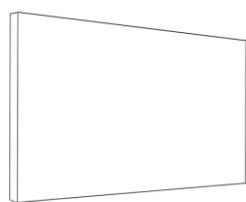

Metal legs are easy to unfold, creating a single bed perfect for children.

The stowaway bed is upholstered to match the main bed, helping your family room look stylish.

Fabric Folds

THE PERFECT HEADBOARD

All our headboards can be finished to your taste. From the fabric to the style of studs and colour of contrast stitching.

Select Style

Browse our 25 styles of headboard and select the perfect one for you.

Fabric and Finishes

Choose from our library of thousands of fabrics and speak to our team about the finishing touches.

Sizing

Full or half height, your headboard is built on a scale that comfortably fits your space and gives the impact you want.

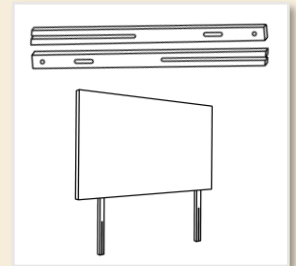

FUNCTIONAL FITTINGS

Depending on the flexibility needed in your room, and the size of your headboard, we offer a range of fittings for headboards.

Struts

2 struts are placed on the end of the bed base, and two on the headboard. The headboard then simply slides into place, securing itself onto the bed base.

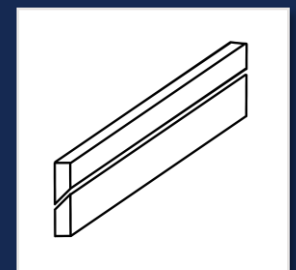

Struts cannot be used on a headboard more than 70 cm tall.

Wall Mounted

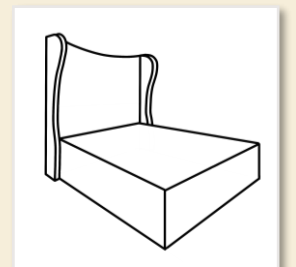

Our most popular option, wall mounted involves securing a bar to the wall and one to the headboard. Using a French Cleat, the headboard then slides into place,

We supply the bars and bolts. Installation is the customers responsibility.

Floor Standing

Only available for winged headboards, floor standing headboards can create a real statement in a bedroom. We supply bars and bolts for you to secure the headboard further to the wall if desired.

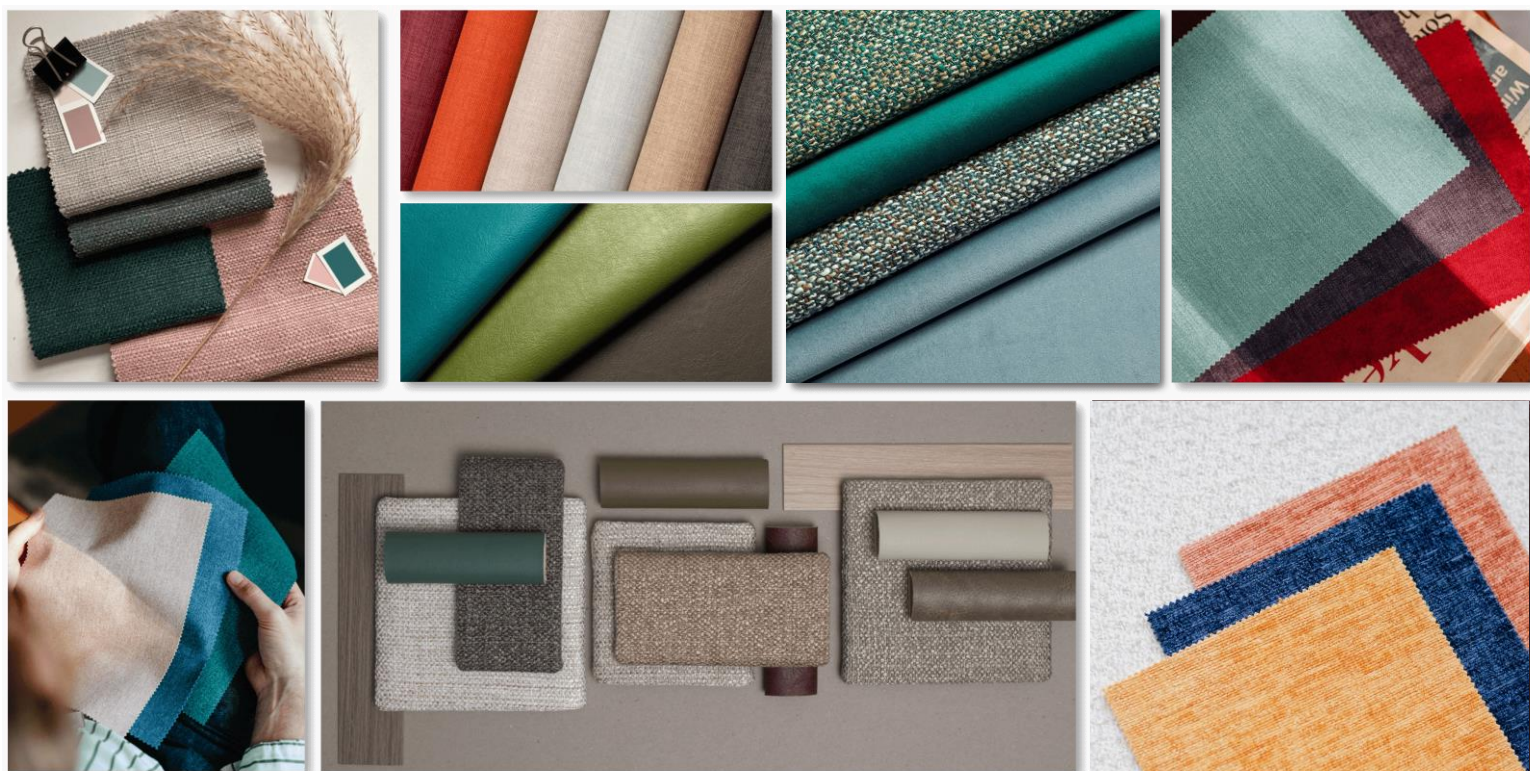

Upholstery Fabrics

SELECT YOUR OWN

Our fabric library contains thousands of fabrics ranging from plain to patterned, cotton to faux leather. We have styles to suit all design preferences and functional requirements.

We are also able to upholster bed bases in our mattress ticking, matching the mattress that sits on top of the bed. This is free of charge and a great option when vallances are being used, hiding this less stylish, but highly practical finishing style.

Contact the team to arrange a visit to our showroom, where you can view the entire collection,. Alternatively download our fabric booklet containing some of our most popular ranges.

Feet & Castors

FINISHING TOUCHES

Striking feet can add personality to a bed, or a discreet foot can allow a bold upholstery fabric to sing.

We have a range of 5 castors and glides available as standard.
