# Curtain Design

## Select Your Own Fabrics, Fittings and Style

Handmade to order, we design bespoke curtains, blinds and pelmets, each built to your specifications. From plain to patterned, blackout to sheer, we have hundreds of fabrics for you to choose from.

Eyelet, pinch, pencil pleat and more. This document outlines the decisions and options you have when creating the perfect pair for curtains for your room.

# What To Know

## Style, Sizes and What We Need From You

In order to get the perfect fit, we need a some key pieces of information from you.

Our curtain fitter David can come and measure for you in order to get the professionally correct fit. Once made, we can fit, provide directions for use and hold cleaning demonstrations for you.

Whatever you are looking for, we have the skills and expertise to help you dress your window perfectly for your space.

## Covering Fixtures and Fittings

Pelmets are commonly used in hotels, restaurants and luxurious business settings. They are an excellent way to cover unsightly tracks, poles and finishings.

Handmade to order our pelmets can be made to any size with contrasting fabrics, stitching and studs as you would like.

# Bespoke Blinds

## Built to Your Specification and Style

Just as with our curtains, we have a wide range of blinds that are completely customisable to your design preference and size requirements.

Whether you need functional vertical blinds, dramatic roman, minimal roller or practical venetian, we handmake bespoke blinds right here in Glasgow. We also work with the finest suppliers in the UK, allowing us to offer any size, style and finish you desire.

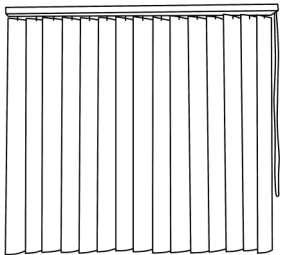

# Fit & Finish

## Four Styles with Unique Features

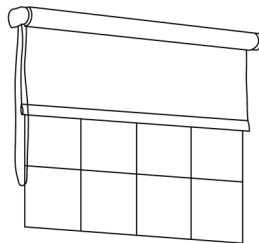

Below, the four main styles of blind we offer are shown through sketch. Each of these can be personalised with your company branding, studding, contract stitching or colourful fabrics and contrasting patterns.

As with our curtains, there are many things for you to consider while designing your dream blind such as fittings, sizes, drops and opening style. Check out the list to the right for more details.
