

Reception desk
7.6m long evolution® elite special desk finished in red laminate

"This was a huge desk, and I'm very pleased with how the project went. What I like about dealing with Clarke Rendall is that they do exactly as they are asked. If ask for a quote - I get a quote, If I tell them I'm in a hurry, I get it quickly"

Dealer Sales Manager

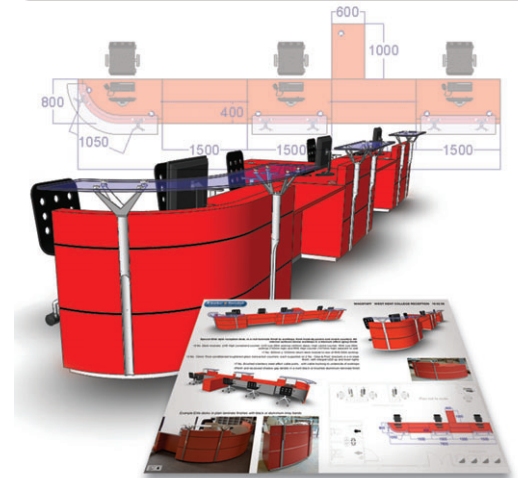

"Wow! what an impressive reception desk"

CEO West Kent College

Project: **West Kent College, Tonbridge, Kent**

Dealer: **Wagstaff Interiors Group**

Business Area: **Education**

This stunning 7.6m evolution® elite special reception counter resplendent in China Red was manufactured and installed by **Clarke Rendall** for **Wagstaff Interiors Group**.

Conceived initially as three separate desks for main reception, students and security, the team from West Kent College selected three standard configurations from the evolution® elite range. Using the CAD blocks available on their website, **Clarke Rendall** were able to put together a detailed design brief, from which an accurately fitting final desk was modelled in their design studio. Because this was a built to order special it was also agreed that a site survey by **Clarke Rendall** would be prudent to confirm dimensions and generally help avoid unforeseen circumstances.

This is a typical example of how **Clarke Rendall** works hand in hand with each dealer to guarantee a project is successful for everyone concerned.

To enjoy the same ease, efficiency and reliability with **your** next project call the **Clarke Rendall** sales support team today on **01908 391600**.
