Retractable Tunnels

Stuart Canvas has produced retractable tunnels and semi permanent buildings for the industrial sector for over 20 years. Whether large or small, fixed or retractable, Stuart Canvas can offer a solution to your storage needs.

Retractable Tunnels buildings are ideal for additional storage space and are a perfect addition to any work shop or business. Our Tunnels are an ideal solution for creating designated work areas and can be adapted to suit any operation including spray paint booths and quarantine areas.

Whether large or small, fixed or retractable, Stuart Canvas can offer a solution to your storage needs and advise on how to create the best additional work space both internally or externally. Our Tunnels can be produce as mobile or static workshops and can be designed to be easily dismantled and assembled should they need to be relocated in the future.

We offer a design, supply and installation service and also have a dedicated R&D team that can solve any unusual covering issues or requirements you may have. Items can be produced 'free standing' or 'fixed' and can include floor mounted or sunken tracking to aid movement.

Ideal for:

- **Quarantine Areas**
- **Loading Bay & Dock Tunnels**
- **Aggregate Bay Retractable Covers**
- **Retractable work shops**
- **Aggregate Bay cover**
- **Good inwards / outwards areas**
- **Black out testing areas**
