

At Vangis we have a vast and varied supply of professionally maintained equipment for hire!

AUDIO VISUAL

For the very best results our large screen equipment suits either front or back projection systems, delivering captivating and professional sound and visual presentations.

SOUND

State of the art sound systems for optimum sound quality and clarity. Powerful amplification and speakers to deliver a smooth and seamless sound system.

SET

Our in house sets give a backdrop to your presentations and events. These can be to your specification, just plain colours or wrapped in your corporate image.

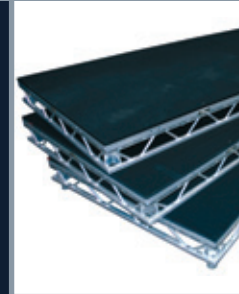

LIGHTING

Anything from a simple stage wash to a fully rigged system to give your presentation the 'wow' factor. Vangis has a wide range of lighting to suit your event.

STAGING

Versatile and quick to assemble. Vangis staging is based on staging decks that can be assembled to suit any space or configuration, with optional guard rails, carpeted or disabled ramps.

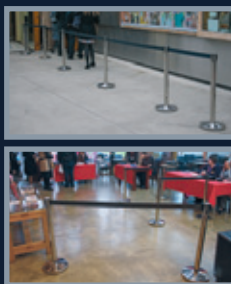

RIGGING

Lightweight and strong, quickly builds in to a professional rigging system. Vangis will assemble as required to suit your venue. Totally compatible with our lighting systems and visual presentation screens.

BARRIERS

Freestanding 'Tensa' barriers can be configured to suit most requirements and venues. Weighted base uprights for stability with adjustable pull-out 'Tensa' barrier bands.

DISPLAY PANELS

Vangis can provide a wide range of display panels in various sizes, to create a multitude of formations to suit your event. Ideal for displaying promotional material and important information, or they can be used to divide an area set up.

Why choose Vangis?

We have the project management skills, creative solutions and technical ability to deliver a highly professional solution for your next event.

A professional service for professionals!

You can rely on our proven track record to supply a complete one-stop events solution. We have a long association with a wide variety of end users, conference centres, event co-ordinators, hotel management and meeting room locations.

Cost-effective solutions

Our industry contacts and buying power ensure we can always deliver state-of-the-art equipment and a truly professional set-up at the very best competitive pricing.

Nearly 30 years experience

Vangis have been involved with the presentation and events business for nearly 30 years. We strive to understand your requirements and then to go forward with a positive plan of action utilising all our skill, experience and professionalism.

Custom bespoke set-ups

By combining the right selection of equipment, lighting, audio visual and sound systems you can be sure your next corporate event, conference or roadshow will be tailor made especially for you.

Versatile & flexible

Plans change, venues may change, attendance figures may vary. Additional lighting may be required, extra screens to set-up, a more versatile sound system. You can trust Vangis to give you 100% adaptability and support to deliver whatever you need, wherever and whenever you need it.

Qualified technicians

They have many years experience and are qualified to the very latest events industry standards. All of our equipment is professionally managed and maintained thanks to our rigorous checking and testing process.

With Vangis you can be sure that our event set up works, first time, everytime!

As part of the Vangis events experience we have on-site technicians available for your peace of mind!

Make sure you contact Vangis professional solutions for your next event!

A complete one-stop shop for stage, sound, visuals and lighting to deliver the best results. Our 24 hour customer support line and simple booking procedure will quickly get your show on the road.
