Why solutions?

- Established since 1995
- We are the only company that offers access to a free post-incident debrief line
- We update your teams free of charge via email to changes to practice for example new U.K. protocols
- Train at your premises on any day of the week at no extra cost
- We do not fill your learners' heads with theoretical knowledge they will never use we focus on the practical application of core skills and what they “must know”
- We train first aiders on how to use NHS choices to assist in the management of low-level incidents and sudden illness
