

# Welcome to our product overview

Established in 1979, SD Products specialise in Spring Steel, Injection Moulded and Furniture Components. The vast majority of our products are in stock all the time with many special parts being designed, developed and manufactured every month.

If you are looking for design or engineering support to a fastening requirement then one of our area managers will be happy to work closely with you to provide a solution with an existing or bespoke product.

## We Offer

- Friendly and knowledgeable sales and customer service team
- Dedicated account management
- Large stock
- Next day delivery for stocked parts
- Design and engineering support
- Packaging and kitting services

## Additional Services

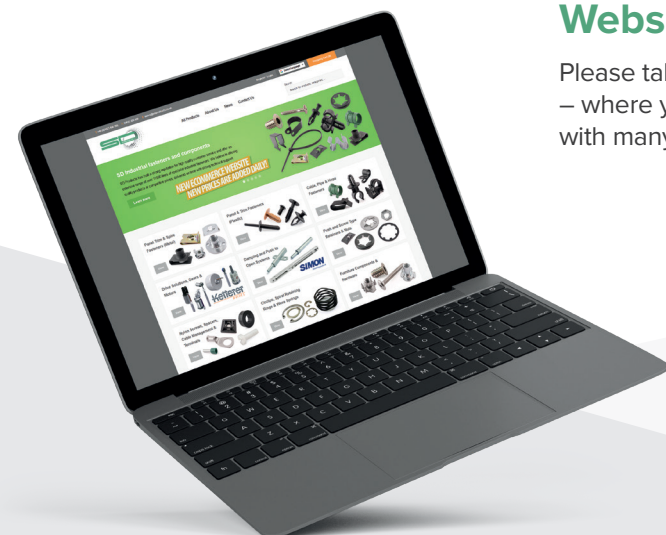

**Stock management** – SD Products can manage, monitor and replenish your stock levels to suit your specific logistic requirements.

**Kitting** – We offer a competitive kitting service, from just a few kits to thousands, with the option of labelling/packaging to suit your needs.

**Packaging** – We offer a flexible packaging service, with the option to provide parts supplied in your own boxes with your own labels.

## Website

Please take the time to visit our website – [www.sdproducts.co.uk](http://www.sdproducts.co.uk) – where you will find all the parts shown in the catalogues along with many new products that are being added all the time.
