RECTANGLE desk

This industrial desk made by us definitely stands out from other office furniture of this type. Particular attention is drawn to the elegant design that will fit into any room - it is arranged in a modern or classic style. The original details of our furniture are extremely aesthetic, therefore the desk does not overwhelm the room, but emphasizes its character perfectly. Moreover, the combination of a black structure with a light wooden top will never go out of fashion. This, together with the solid workmanship of the furniture,

PARAMETERS

Powder coating colour	black or white
Finish	matt or gloss

TRIANGLE desk

The industrial desk made by our company deserves a distinction, especially due to its solid structure. The furniture definitely attracts attention with its aesthetic design and attention to detail, and the highest-quality materials used in production add many other advantages to it. The table top is made of solid oak, which is an extremely durable material. For the production, we used only the highest quality wood, free from damage, which makes it very durable and resistant to damage that is associated with everyday use.

PARAMETERS

Height	760 mm + top
Width Length	700 mm / 1600 mm
Table top	oak wood glued board
Tabletop thickness	20 mm or 40 mm

Powder coating colour	black or white
Finish	matt or gloss

BRICK desk

A top made of natural oak wood and a durable metal frame with an original pattern are what particularly distinguish our industrial desk. The combination of a black furniture structure with a bright-colored table top is extremely fashionable and contributes to its aesthetic design that emphasizes the arrangement of any interior in which it will be found. However, classics and originality are not the only things that characterize our product. For the production of the desk, we used only the highest quality materials, so working in accordance with the best furniture practices, we have created excellent and extremely durable components.

PARAMETERS

Height	760 mm + top
Width Length	700 mm / 1600 mm
Table top	oak wood glued board

Tabletop thickness	unrestricted
Powder coating colour	black or white
Finish	matt or gloss

CHAIN desk

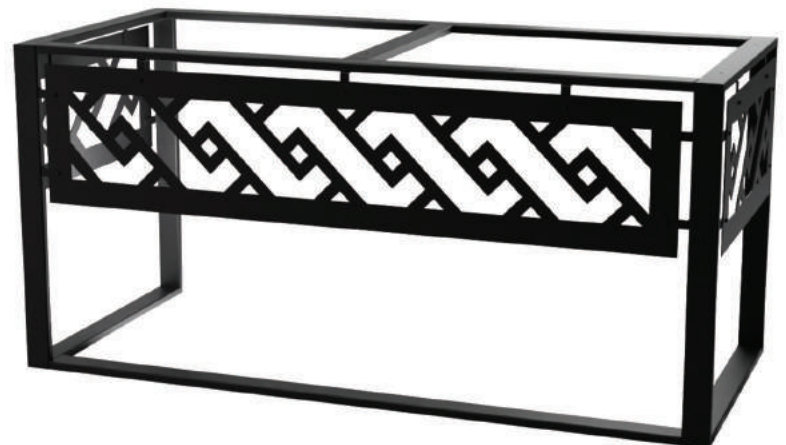

Our industrial desk is a piece of furniture made with attention to every detail and using the best quality materials. Each component of the furniture is extremely durable. In addition, in order to ensure and extend even greater strength and resistance to all kinds of damage related to use, the metal structure has been covered with a layer of black powder paint. This technology allows you to forget about the risk of any scratches, stains or dents, and the paint does not peel off even after many years of everyday use of the furniture.

PARAMETERS

Height	760 mm + top
Width Length	700 mm / 1600 mm
Table top	oak wood glued board
Tabletop thickness	20 mm or 40 mm
Powder coating colour	black or white
Finish	matt or gloss

CHAIN frame

PARAMETERS

CUBE desk

An industrial office with an original design, perfect for any interior, no matter if it is an office or a room in our apartment. The frame of the desk is made of high-quality metal. The construction is made with attention to the highest quality and precision. The office is a guarantee of satisfaction and many years of use. The metal structure is painted with the powder method, thanks to which it gains resistance to mechanical damage, and the black color gives elegance and character.

PARAMETERS

Height	760 mm + top
Width Length	700 mm / 1600 mm
Table top	oak wood glued board
Tabletop thickness	20 mm or 40 mm
Powder coating colour	black or white
Finish	matt or gloss

CUBE frame

PARAMETERS

Height	760 mm
Width Length	700 mm / 1600 mm

Tabletop thickness	unrestricted
Powder coating colour	black or white
Finish	matt or gloss

MIX desk

Mix industrial desk - the perfect combination of the rawness of metal and the warmth of wood. The frame of the desk is made entirely of high-quality metal. The modern pattern is made by the laser cutting method, which is characterized by extreme precision, this method is becoming more and more popular in the production of metal furniture, because it does not set any boundaries for our designers. The top is made of solid oak wood, there are two thicknesses of the top - 2 cm or 4 cm. One of the many advantages of the desk is its unusual design that will emphasize our interior.

PARAMETERS

Height	760 mm + top
Width Length	700 mm / 1600 mm
Table top	oak wood glued board
Tabletop thickness	20 mm or 40 mm
